THE NATIONAL COMMISSION FOR INDIAN SYSTEM OF MEDICINE

NOTIFICATION

New Delhi, the 26th September, 2024

F. No. BUSS/Unani PG Regul./2023.—In exercise of the powers conferred by section 55 of the National Commission for Indian System of Medicine Act, 2020 (14 of 2020), and in supersession of the Indian Medicine Central Council (Post-Graduate Unani Medical Education) Regulations, 2016, the Establishment of New Medical College, Opening of New or Higher Course of Study or Training and Increase of Admission Capacity by a Medical College Regulations, 2019 and the Indian Medicine Central Council (Post-Graduate Diploma Course in Unani medicine) Regulations, 2015 except as respects things done or omitted to be done before such supersession, the Commission hereby makes the following regulations, namely:-

1. Short title and commencement. - (1) These regulations may be called the National Commission for Indian System of Medicine (Minimum Essential Standards, Assessment and Rating for Postgraduate Institutions and Minimum Standards of Postgraduate Unani Education) Regulations, 2024;

(2) Save as other wise provided, they shall come into force on the date of their publication in Official Gazette.

CHAPTER-I

PRELIMINARY

2. Definitions.—(1) In these regulations, unless the context otherwise requires,-

- (a) “Act” means the National Commission for Indian System of Medicine Act, 2020 (14 of 2020);
- (b) “Annexure” means an annexure annexed to these regulations;
- (c) “Appendix” means an appendix appended to these regulations;
- (d) “applicant” means a person namely a society, trust, University, or any legal person but does not include the Central Government;
- (e) “assessment” of an Institution means the act of verifying the availability of minimum essential standards as specified in these regulations in terms of the infrastructure, human resources and functionality of an institution and its attached teaching hospital by the MARBISM ;
- (f) “attached teaching hospital” means an Unani Medical Hospital that offers standard healthcare services, attached to an Unani Medical Institution for the purpose of teaching and training to the students of Unani system of Medicine;
- (g) “Doctor of Philosophy” means doctoral degree (Ph.D) awarded or granted to a research work carried out for not less than three years of duration after postgraduation, either in the subject concerned or in inter-disciplinary, intra-disciplinary, or trans-disciplinary or multi-disciplinary research areas;
- (h) “extended permission” means permission is extended to fully established Unani medical institutions fulfilling the criteria for “extended permission” status as laid down in these regulations, and such institutions are allowed to participate in the counselling process for admitting students to Postgraduate programmes as per the sanctioned student intake capacity without waiting for permission from the MARBISM every year unless otherwise denied or specified or communicated by the MARBISM
- (i) “fully established institute” means the institute with either extended permission or yearly permission from the year after second renewal of permission granted by the MARBISM;
- (j) “letter of intent” means preliminary approval along with conditions and timelines issued by the MARBISM to the applicant through the procedure specified in these regulations to establish a new Unani Medical Institution, or to start any new Postgraduate programme recognised by the Commission or to increase student intake capacity in existing Postgraduate programme;
- (k) “letter of permission” means approval granted to the applicant by the MARBISM through the procedure determined in these regulations to establish Unani medical institution or to start any new Postgraduate programme recognised by the Commission or to increase student intake capacity in existing Postgraduate programme and to admit the students as per the sanctioned student intake capacity specified by the MARBISM;
- (l) “MARBISM” means Medical Assessment and Rating Board for Indian System of Medicine;
- (m) “minimum essential standards” means the mandatory minimum requirements in terms of infrastructure, human resources, and functionality, quality and standards that are essential and below the minimum essential standards, which is unacceptable;
- (n) “NCISM-UG MES Regulations, 2023” means the National Commission for Indian System of Medicine (Minimum Essential Standards, Assessment, and Rating for Undergraduate Unani Colleges and Attached Teaching Hospitals) Regulations, 2023;
- (o) “Postgraduate education” means that include Postgraduate degree programmes (Doctor of medicine-M.D. and Master of Surgery-M.S.), doctoral degree programme (Doctor of Philosophy-Ph.D.), and super-specialty degree programme (Doctorate of Medicine-D.M.);
- (p) “Postgraduate degree” in Unani means a Postgraduate degree namely “Mahire Tib” (Doctor of Medicine-M.D.) and Mahire Jarahat (Master of Surgery-M.S.)” of three years duration granted or awarded after graduation in Unani;
- (q) “professor of practice” means a person having a minimum of ten years of experience in the field other than teaching in Unani medical colleges, like a person from an industry or research institute, a technical consultant, a renowned practitioner, or a scientist and the like;
- (r) “rating” of Postgraduate Department means a score or measurement of how good a Postgraduate Department is; rating of a fully established Postgraduate Department through a rating procedure carried out by the MARBISM or any designated rating agency based on the standards and parameters laid down by the Board of Unani, Siddha and Sowa-Rigpa and rating shall be on the basis of infrastructure, human resources, and functionality over and above the minimum essential standards specified in these regulations;
- (s) “renewal of permission” means permission renewal granted by MARBISM to a new Postgraduate institution or department or speciality undergoing establishment under section 29 of the Act through the procedure mentioned in these regulations during the following academic years after the issuance of a letter of permission for admitting students as per the sanctioned student intake capacity specified by the Medical Assessment and Rating Board for Indian System of Medicine, and such renewal of permission shall be

mandatory until it attains the fully established institution or department or speciality status, under section 28 of the Act;

(t) “stand alone Postgraduate institution” means a teaching institution with an attached teaching hospital dedicated for conducting Postgraduate programme only;

(u) “sanctioned intake capacity” means number of seats sanctioned by MARBISM to a Postgraduate programme for admission of students based on infrastructure, human resources and functionality of the institution or department and the teaching hospital;

(v) “yearly permission” means fully established medical institutions or Postgraduate departments that are not fulfilling the criteria for “extended permission” status as laid in these regulations, and such institutions shall participate in the counselling process for admitting students to Postgraduate programmes as per the sanctioned student intake capacity only after obtaining permission from the MARBISM every year.

(2) The words and expressions used herein and not defined but defined in the Act, rules or regulations made thereunder shall have the same meanings as respectively assigned to them in the Act, rules or regulations.

CHAPTER-II

GENERAL

3. General considerations. —(1) The Postgraduate medical education in Unani shall produce competent specialists in respective specialties with profound knowledge, skill, attitude, value and ethics;

(2) Every institution shall maintain minimum essential infrastructural standards, qualified and skilled human resources and a functional education ecosystem as specified in these regulations.

4. Academic hierarchy. – (1) The academic hierarchy of the postgraduation programmes shall be in the descending order from super specialty degree (D.M.) to doctoral degree (Ph.D.) to Postgraduate degree (M.D. or M.S.) to Postgraduate diploma (P.G. Diploma).

(2) (a) The Unani Postgraduate Medical institution shall appoint Professor of Practice on a part-time basis in the concerned subject with the qualification as mentioned in the **Seventh Schedule** in these regulations; such professors shall not be provided with the unique teacher code by the MARBISM;

(b) he or she shall have a minimum of ten years of experience in the concerned field other than teaching in Unani colleges, like a person from an industry or research institute, a technical consultant, a renowned practitioner, or a scientist and the like.

(3) (a) On and from the date of publication of these regulations, the Postgraduate diploma programme shall stand abolished and no Postgraduate diploma course or programme shall be conducted by any Unani Medical College or Institution from the date of commencement of the National Commission for Indian System of Medicine (Minimum Essential Standards, Assessment and Rating for Postgraduate institutions and Minimum Standards of Postgraduate Unani Education) Regulations, 2024;

However, already admitted students in the Postgraduate diploma course or programme, before the commencement of these regulations, if any, shall continue and complete the course as per the provisions under “Indian Medicine Central Council (Post-Graduate Diploma Course in Unani medicine) Regulations, 2015”;

(b) the seats in existing Postgraduate diploma programmes permitted by the MARBISM that are recognised in the “Indian Medicine Central Council (Postgraduate Diploma Course in Unani Medicine) Regulations, 2015”;; may be converted to the Postgraduate degree programme seats of the parent department in the ratio of 2:1, i.e., every two Postgraduate diploma seats may be converted to one Postgraduate degree seat subject to the availability of student-Postgraduate guide ratio as specified in regulation 20 for Postgraduate degree programmes.

(4) (a) Each institution shall install online platforms or systems such as Learning Management Systems, Hospital Information and Management systems (compatible with Ayushman Bharat Health Account, Health Professional Registry, Health Facility Registry, and Unique Health Identification Number), Aadhaar enabled biometric attendance system or iris detection or face recognition attendance system and the like as directed by the commission, Closed-Circuit Television Systems, and any other system specified by the Commission from time to time and shall align or interface to the online platforms or information technology system run by the commission or central server designated by the commission and shall provide real time data or relevant data to the commission and its autonomous boards as required;

(b) biometric attendance data shall be made available to the concerned regulatory body or the Commission or autonomous boards of the Commission on real time basis throughout the year through any agency as designated or assigned by the Commission;

(c) all Unani medical institutions shall connect with centralised Aadhar Enabled Biometric Attendance System for marking attendance of teaching staff, non-teaching staff, hospital staff and Postgraduate students and the Commission or autonomous boards of the Commission shall be the authority to access and analyse attendance data online from centralised Aadhar Enabled Biometric Attendance System;

(d) the authentication of the patients in the hospital shall be made through the Ayushman Bharat Health Account number.

(5) (a) teachers shall be accommodated in respective departments with adequate space and privacy in a separate room or cubicle for each teacher;

(b) the minimum area for the room or cubicle for the professor, associate professor, and assistant professor shall be fifteen, thirteen, and ten square metres, respectively;

(c) an open seating arrangement for multiple teachers in a common room, hall, or department shall not be permitted;

(d) every teacher shall be provided with a computer, printer, and internet facility;

(e) the departments and associated sections or units shall have proper ventilation and lighting;

(f) each Postgraduate Department shall accommodate teaching staff, non-teaching staff, a departmental library, a departmental computer, a printer, internet access, and an e-facility to display video, images, charts, information etc.

(6) There shall be a hostel for girls and boys separately for Postgraduate students (preferably single accommodation) along with a mess facility within the campus provided with adequate furniture, reading room, recreational facility, and security services.

(7) Each institution shall offer teaching and training to Postgraduate students as per the course curriculum and syllabus prescribed by the Commission shall ensure that all the stakeholders of the institution, all the departments, sections, and units of the institution, function in coordination and collaboration with each other to provide a comprehensive or inclusive education ecosystem to the Postgraduate students for pursuing their studies, training, and research work in an appropriate academic environment and the institution shall be ready to impart education over and above the minimum essential standards prescribed by the Commission in these regulations

(8) The hospital attached to the institution shall be a fully functional hospital that shall remain open for twenty-four hours a day every week and shall be ready to treat or attend any type of patient at any point in time with its manpower and infrastructure.

(9) The fully functional hospital shall offer clinical training to medical students and provide medical services to the public at out-patient departments and in-patient departments, including consultation, diagnosis (clinical and investigational), treatment (medical, procedural, and surgical and maternity), preventive, promotive, and rehabilitative health care, medical advice, medical counseling, nursing care, emergency care, medicine dispensing, public outreach activities with proper documentation, and maintaining the hospital management system, and hospital related expenses shall be reflected in the official bank account of the hospital.

(10) In order to maintain the quality standards, the instruments, equipment, chemicals, reagents, furniture, electronic appliances etc with Bureau of Indian Standards certification may be used to the extent of availability.

(11) Each Postgraduate institution irrespective of the Postgraduate programmes being conducted, shall establish the Department of Integrative Health and Translational Research. The Central Research Laboratory, Quality Testing Laboratory, Animal House and Animal Experimentation Laboratory, and Research committees such as Institutional Research Committee, Institutional Ethics committee for Human Subjects, Institutional Animal Ethics Committee, Clinical Research Cell, and Plagiarism Scrutiny Cell shall function under this Department.

(12) In the case of multiple Postgraduate degree programmes under the same department (i.e., Postgraduate programmes of Tahaffuzi wa Samaji Tib and Tibbul Qanoon wa Ilmul Samoom under the Department of Tahaffuzi wa Samaji Tib) mentioned in these regulations, it shall not be mandatory for the Postgraduate institution or department to conduct all two programmes, it may be one or both Postgraduate programmes as per the requirements of the institution.

CHAPTER-III

POSTGRADUATE DEGREE PROGRAMMES

5. (1) On and from the date of publication of these regulations, there shall be fifteen Postgraduate degree programmes in Unani from the date of notification of these regulations and the list of Postgraduate degree programmes or specialties, nomenclature of Postgraduate degree programmes, nomenclature of Postgraduate specialist with

equivalent modern terminologies and respective departments in which Postgraduate degree programmes are to be conducted shall be as per **Table** below to sub-regulation (4).

(2) The nomenclature of the Postgraduate degree in the degree certificate shall be as per the third column of the below **Table** in the following pattern: -

(a) Unani Mahire Tib (Doctor of Medicine) M.D. (Moalajat)

(b) Unani Mahire Jarahat (Master of Surgery) M.S. (Ilmul Jarahat)

(3) On and from the publication of these regulations, the nomenclature and equivalent modern terminologies of the Postgraduate degree programmes under the “Indian Medicine Central Council (Postgraduate Unani Medical Education) Regulations 2016” shall be continued as it is for the batches admitted under Indian Medicine Central Council (Postgraduate Unani Medical Education) Regulations 2016.

(4) The Postgraduate degree programme in Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) is introduced newly and it shall be conducted under the Department of Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) from the date of notification of these regulations with the qualified teachers in accordance with regulation 32 as mentioned in these regulations;

CHAPTER-IV

MINIMUM ESSENTIAL STANDARDS FOR POSTGRADUATE INSTITUTION, WHERE UNDERGRADUATE COURSE OR PROGRAMME IS IN EXISTENCE

6. General .- (1) To run a Postgraduate degree programme along with an undergraduate programme, there shall be an independent Postgraduate Department in the concerned subject.

(2) The college or institution conducting both undergraduate programme and Postgraduate programmes shall fulfil all minimum essential standards in terms of infrastructure, human resources, and functionality equipment and instruments as specified in the as specified in NCISM-UG MES Regulations, 2023, for undergraduate teaching and training in accordance with student intake capacity and minimum essential standards mentioned in these regulations, including additional requirements specified for the Postgraduate institution and concerned Postgraduate Department in which Postgraduate programme(s) is conducted.

(3) In case of any action taken against undergraduate institution by the Medical Assessment and Rating Board for Indian System of Medicine under clause (f) of sub-section (1) of section 28 of the Act, similar action shall be applicable to the corresponding Postgraduate department or programme.

(4) If any Postgraduate department fails to maintain the minimum essential standards specified in these regulations, the MARBISM-shall deny permission for admission in the concerned Postgraduate degree programme or specialty or take such measures as per the clause (f) of sub-section (1) of section 28 of the Act.

7. Department-wise Minimum Essential Standards for Postgraduate Teaching and Training.- In addition to the minimum essential requirement mentioned under the NCISM-UG MES Regulations, 2023, the infrastructural facilities in respect to each Postgraduate Department as under shall also be maintained in the department in which Postgraduate programme is conducted namely:—

(i) Postgraduate Department of Kuliyat (Basic Principles of Unani Medicine) shall have upgraded facilities at Postgraduate level in the already existing Language Laboratory for undergraduate for Arabic, Persian, Urdu or English and other languages. Additional computer systems to the existing undergraduate Language laboratory shall be made available for the Postgraduate students in the ratio of 1:1 as per the sanctioned student intake capacity. The minimum area required for this Postgraduate department shall be fifty square metres.

(ii) Postgraduate Department of Tashreehul Badan (Anatomy) shall be provided with three-dimensional virtual dissection table and e-dissection software. This department also facilitates practice of surgical techniques through cadaveric surgery for Postgraduate students of Jarahat (Surgery) and Qabalat wa Niswan (Obstetrics and Gynaecology). The minimum area required for this Postgraduate Department shall be fifty square metres.

(iii) Postgraduate Department of Manafeul Aza (Physiology) shall have additionally digital spirometry, personality assessment scales, trichoscope, digital skinfold calliper, auto measuring tool for height, weight, and body mass index calculator and Nabz recording equipment (if any related to Unani) along with relevant software accessories and shall also have requirements for biochemistry with advanced facilities at Postgraduate level as per the requirement of the syllabus. The minimum area required for this Postgraduate Department shall be fifty square metres.

(iv) Postgraduate Department of Ilmul Advia (Pharmacology) shall have Phytochemistry Laboratory and relevant equipment and instruments as per the **First Schedule** and Green house. The minimum area required for this Postgraduate Department shall be fifty square metres and for the Phytochemistry Laboratory and Green house, it shall be fifty square metres each.

(v) Postgraduate Department of Ilmul Saidla (Unani Pharmacy) shall have petrographic microscope, programmable muffle furnace, upgraded and advanced facilities as per the **Fifth Schedule** additionally for Postgraduate training and research in the already existing Quality Testing Laboratory for undergraduates. The minimum area required for this Postgraduate Department shall be fifty square metres.

(vi) Postgraduate Department of Mahiyatul Amraz (Pathology) shall have Molecular Biology Laboratory and advanced diagnostic facilities as per the **Second Schedule**. The already existing Mahiyatul Amraz Laboratory shall be provided with facilities to carry out immunology and histopathology related tests for Postgraduate students including chemiluminescence. The minimum area required for this Postgraduate Department shall be fifty square metres and for Molecular Biology Laboratory, it shall be fifty square metres.

(vii) the Postgraduate programme or speciality in Tahaffuzi wa Samaji Tib (Unani Dietetics Lifestyle Management, Preventive Medicine and Public Health) under the Department of Tahaffuzi wa Samaji Tib (Preventive and Social medicine):

(a) the Postgraduate programme or speciality in Tahaffuzi wa Samaji Tib shall have an exclusive Out-Patient Department (attached with minor yoga and riyazat room) for Postgraduate teachers and Postgraduate students with minimum of fifty persons per day. Exclusive departmental vehicle for field visits, advanced facilities for Postgraduate training and research in the already existing Nutrition Laboratory for the undergraduate, facilities to administer rejuvenation procedures and riyazat to normal individuals with day care facility shall be made available for this department in the hospital; The space required for this Postgraduate Department shall be a minimum of fifty square metres and for Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) out-patient department shall be a minimum of twenty-five square metres.

(b) the Postgraduate programme or speciality in Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) under the department of Tahaffuzi wa Samaji Tib (Preventive and Social medicine) shall have advanced poison detection facility in the Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) Practical Laboratory. An exclusive Out-Patient Department in the name of Ilmul Samoom (Clinical Toxicology) for Postgraduate teachers and Postgraduate students with minimum of thirty patients per day and additional In-Patient Department beds in the student-bed ratio of 1:4 (i.e., four beds for one student) in Moalajat (Medicine) In-Patient Department shall be made available. Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be provided. Average bed occupancy shall not be less than sixty per cent. in Moalajat (Medicine) In-Patient Department. The minimum area required for this Postgraduate Department shall be fifty square metres. The minimum area required for the Ilmul Samoom (Forensic Medicine and Clinical Toxicology) out-patient department shall be twenty-five square metres.

(viii) Postgraduate Department of Moalajat (Medicine) shall have an exclusive Out-Patient Department for Postgraduate teachers and Postgraduate students with minimum of 60 patients per day and additional In-Patient Department beds in the student-bed ratio of 1:4 (i.e., four beds for one student). Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be provided. Average bed occupancy shall not be less than sixty per cent. in Moalajat In-Patient Department. The space required for the Postgraduate teaching department shall be a minimum of twenty-five square metres and for Moalajat (Medicine) out-patient department shall be a minimum of twenty-five square metres.

(ix) Postgraduate Department of Ilaj bit Tadabeer (Regimenal Therapy) have an exclusive Out-Patient Department (attached with minor therapy or procedure room) for Postgraduate teachers and Postgraduate students, additional In-Patient Department beds in the student-bed ratio of 1:4 (i.e. four beds for one student). Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be made available. Average bed occupancy shall not be less than sixty per cent. in Ilaj bit Tadabeer (Regimenal Therapy) In-Patient Department. Fully established physiotherapy facility in the hospital shall be extended to this department. The space required for the Postgraduate teaching department shall be a minimum of twenty-five square metres and the minimum requirement of space for out-patient department of Ilaj bit Tadabeer (Regimenal Therapy) attached with minor therapy or procedure room shall be fifty square metres each.

(x) Postgraduate Department of Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry) shall have an exclusive Out-Patient Department (attached with minor therapy or procedure room) in the name of Amraze Uzn, Anaf wa Halaq (Diseases of Ear, Nose and Throat) for Postgraduate teachers and Postgraduate students, with advanced diagnostic facilities with minimum of 60 patient per day and additional In-Patient Department beds in the student-bed ratio of 1:4 (i.e. four beds for one student). Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be made available. Average bed occupancy shall not be less than sixty per cent. in Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry) In-Patient Department. The space required for the Postgraduate teaching department shall be a minimum of twenty-five square metres and for the Amraze Uzn, Anaf wa Halaq (Diseases of Ear, Nose and Throat) out-patient department (attached with minor procedure room) shall be a minimum of fifty square metres. This out-patient department shall attend the patients of Uzn, Anaf wa Halaq but not Ain and Asnan related cases.

(xi) Postgraduate Department of Jarahat (Surgery) shall have an exclusive Out-Patient Department (attached with minor therapy or procedure room) for Postgraduate teachers and Postgraduate students, with advanced diagnostic facilities with minimum sixty patients per day and additional In-Patient Department beds in the student-bed ratio of 1:4 (i.e. four beds for one student). Seating arrangement in the ward and accommodation for night duty

Postgraduate students shall be made available. Average bed occupancy shall not be less than sixty per cent. in Jarahat (Surgery) In-Patient Department. The space required for the Postgraduate teaching department shall be a minimum of twenty-five square metres and for the out-patient department (attached with minor procedure room) shall be a minimum of fifty square metres.

(xii) Postgraduate Department of Qabalat wa Niswan (Obstetrics and Gynaecology) shall have an exclusive Out-Patient Department (attached with examination cum procedure room to carry out Qabalat wa Niswan related procedural treatment and diagnostic procedures; for Postgraduate teachers and Postgraduate students with minimum of sixty patients per day, an exclusive Operation Theatre for Qabalat wa Niswan (Obstetrics and Gynaecology) to carry out Qabalat wa Niswan related surgeries. Additional In-Patient Department beds in the student-bed ratio of 1:4 (i.e. four beds for one student) shall be made available. Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be provided. Average bed occupancy shall not be less than sixty per cent. in Qabalat wa Niswan (Obstetrics and Gynaecology) In-Patient Department; A minimum of ten deliveries per month shall be conducted. The area required for the Postgraduate teaching department shall be a minimum of twenty-five square metres and Qabalat wa Niswan (Obstetrics and Gynaecology) out-patient department (attached with examination cum procedure room) shall be a minimum of fifty square metres.

(xiii) (a) Postgraduate Department of Ilmul Atfal (Paediatrics) shall have an exclusive Out-Patient Department for Postgraduate teachers and Postgraduate students with minimum of sixty patients per day, additional In-Patient Department beds in the student-bed ratio of 1:4 (i.e. four beds for one student). Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be made available. Average bed occupancy shall not be less than sixty per cent. in Ilmul Atfal (Paediatrics) In-Patient Department. Immunisation providing facility shall be made available in this department. The space required for the Postgraduate teaching department shall be a minimum of twenty-five square metres and for Ilmul Atfal (Paediatrics) out-patient department shall be a minimum of twenty-five square metres;

(b) the out-patient department shall be provided with paediatric ear-nose-throat kit, caliper for measuring skinfold thickness, tape for measuring mid arm and head circumferences, magnifying lens for skin examination, rectal thermometer, and toys of different colour, shape, illumination and sounds;

(c) demarcated area for breast-feeding adjacent to Ilmul Atfal (Paediatrics) out-patient department shall be made available;

(d) the Neonatal Care room in the hospital shall be functioning under the department of Ilmul atfal. If the Institution is conducting postgraduate program in Amraze Niswan wa Qabalat (Gynaecology and Obstetrics), the neonatal care room attached with labour room which is already existing or functioning in the hospital (as per sub-clause (ii) of clause (c) of subregulation (6) of Regulation 14 specified in NCISM-UG MES Regulations, 2023) shall be upgraded as Neonatal Intensive Care Unit with Facilities such as (i) radiant warmer with open care access with multi-channel monitor, time sensor, heat sensor, oxygen and suction facility and adjustable baby tilt (ii) phototherapy unit with two surfaces expandable to three to four surfaces (iii) infusion pump (two numbers) (iv) facility for intra-venous cannulation, blood sampling, drip infusion (v) continuous positive airway pressure (vi) warm chain box for baby transport etc.

(e) the institution with this Postgraduate Department shall adapt at least two schools with schooling from nursery to tenth standard. The department shall run 'child development clinic' to assess health, growth and psychological development periodically. At-least two such assessments shall be done per year with proper health records of the child. The minimum space requirement for child development clinic shall be twenty-five square metres.

(xiv) Postgraduate Department of Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology) shall have an Out-Patient Department (attached with minor therapy or procedure room) for Postgraduate teachers and Postgraduate students with minimum of sixty patients per day and additional In-Patient Department beds in the student-bed ratio of 1:4 (i.e. four beds for one student). Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be made available. Average bed occupancy shall not be less than sixty per cent. in Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology) In-Patient Department. The space required for the Postgraduate teaching department shall be a minimum of twenty-five square metres and out-patient department shall be a minimum of fifty square metres;

(xv) (a) Every Postgraduate institution irrespective of the Postgraduate programmes being conducted, shall establish the Department of Integrative Health and Translational Research to support, coordinate, monitor and guide dissertation or research activities.

(b) this department shall coordinate guide allotment process, alternate guide arrangement in case of emergencies, research monitoring and the like activities;

(c) the Central Research Laboratory, quality testing laboratory, animal house and animal experimentation laboratory, Clinical Research Cell and plagiarism scrutiny cell as applicable shall function under this department;

(d) research committees such as institutional research committee, institutional ethics committee for human subjects, institutional animal ethics committee and the like shall function under this department;

(e) the Department shall be provided with adequate teaching and non-teaching staff, and seating arrangements and other facilities shall be made available as specified in these regulations;

(f) The minimum area required for this department shall be seventy-five square metres.

(xvi) (a) Every Postgraduate institution shall have a Central Research Laboratory with advance research facilities as per the **Third Schedule** for carrying out various research experiments by Postgraduate students as well as teaching faculty;

(b) the minimum area required for Central Research Laboratory shall be one hundred and fifty square metres and the human resources for Central Research Laboratory shall be made available as specified in these regulations;

(c) faculty member of any department well-versed with laboratory and analytical equipment shall be the in-charge of Central Research Laboratory and it shall function under the Department of Integrative Health and Translational Research and the professor cum head of the Department of Integrative Health and Translational Research shall be the head of Central Research Laboratory.

(xvii) (a) Advanced Quality Testing Laboratory as mentioned in (v) shall be made available in case of Postgraduate programme in Ilmul Advia and Ilmul Saidla;

(b) this laboratory shall fulfil the infrastructure, facilities, equipment, instruments, etc specified under 'B' of the **Schedule-XI** of the NCISM-UG MES Regulations, 2023, along with the instruments and equipment mentioned in the **Fifth Schedule** of these regulations for Postgraduate teaching, training and research;

(c) it shall function under the Department of Integrative Health and Translational Research and the professor cum head of the Department of Integrative Health and Translational Research shall be the head of Quality Testing Laboratory; faculty member of department of Ilmul Advia or Ilmul Saidla shall be the in-charge of quality testing laboratory.

(xviii) (a) Approved Animal House and Animal Experimentation Laboratory shall be made in case of Postgraduate degree programme in the departments of Ilmul Advia (Pharmacology), Ilmul Saidla (Unani Pharmacy), Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) and Kuliyat (Basic Principles of Unani Medicine) and the minimum area required for animal house and animal experimentation laboratory shall be two hundred and fifty square metres;

(b) it shall have proper permission or approval from concerned authorities, and provided with adequate infrastructure, facilities as per the **Fourth Schedule** human resources as specified in these regulations for effective functioning;

(c) Ilmul Advia (Pharmacology), Ilmul Saidla (Unani Pharmacy), Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) and Kuliyat (Basic Principles of Unani Medicine) shall be the in-charge of animal house and animal experimentation laboratory and it shall function under the Department of Integrative Health and Translational Research and the professor cum head of the Department of Integrative Health and Translational Research shall be the head of animal house and animal experimentation laboratory;

(xix) There shall be a Clinical Research Cell in the hospital to coordinate the clinical research activities. The minimum requirement of space for Clinical Research Cell shall be fifty square metres and human resources shall be as mentioned in these regulations. The Unani graduate (B.U.M.S) with postgraduation degree or diploma in clinical research or master's degree in public health shall be the coordinator of Clinical Research Cell. The cell shall function under the Department of Integrative Health and Translational Research and the professor cum head of the Department of Integrative Health and Translational Research shall be the head of Clinical Research Cell;

(xx) There shall be Plagiarism Scrutiny Cell in every Postgraduate institution and this cell shall be provided with computer, printer, internet and suitable software programme for checking plagiarism. A teaching faculty trained in plagiarism checking, nominated by the head of the institution shall be the coordinator of this cell It shall function under the Department of Integrative Health and Translational Research and the professor cum head of the Department of Integrative Health and Translational Research shall be the head of plagiarism scrutiny cell;

(xxi) (a) In case of Postgraduate degree programme in the Department of Mahiyatul Amraz (Pathology) the Postgraduate students may utilise or collaborate with Out-Patient Departments, In-Patient Departments and Diagnostic zone of the hospital for their training and dissertation or research work;

(b) the head of the department of Mahiyatul Amraz (Pathology) or a faculty member from the department of Mahiyatul Amraz (Pathology) designated by the head of the institution shall be authorised to sign and authenticate and interpret diagnostic investigations or tests to the extent of teaching and training in terms of Unani principles

(xxii) The Postgraduate students of Postgraduate degree programme in Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) may utilise or collaborate with Out-Patient Departments, In-Patient Departments, Yoga and Riyazat Section of the hospital for their training, survey and dissertation or research work.

8. Additional Minimum Essential Standard Requirements for Postgraduate Education.-

(1) Postgraduate Classrooms.- There shall be minimum two classrooms (Information and Communication Technologies enabled Smart classrooms) for each Postgraduate programme adjacent to the concerned Postgraduate Department with the constructed area not less than forty square metres each with adequate seating arrangements.

(2) Postgraduate Seminar Halls.- (a) There shall be one seminar hall for each Postgraduate degree programme or specialty having minimum constructed area of eighteen square feet per student with seating capacity of twenty per cent. addition to the total Postgraduate students (i.e., all students of three years of that particular Postgraduate Department or specialty or programme);

(b) one common seminar hall with twenty per cent. additional seating capacity (i.e. minimum six and half square feet per student) to the total strength of Postgraduate students of all three batches of all Postgraduate specialties or programmes of the Unani Postgraduate teaching institution;

(c) Postgraduate seminar halls shall be Information Communication Technology (ICT) enabled with suitable seating arrangements.

(3) Central Library.- (a) Additional seating arrangements as per the Postgraduate student intake capacity (1:2, one seat for every two Postgraduate students of yearly intake capacity) shall be provided in central library;

(b) in addition to total number of books for undergraduate programme, a minimum of two hundred additional books for each Postgraduate Department or programme or specialty shall be made available. These additional books shall be specific to the Postgraduate Department or programme or specialty and shall be kept in separate shelves; there shall be at least ten per cent. of yearly addition of books;

(c) in addition to the journals specified for undergraduate programme, a minimum of four indexed journals specific to the Postgraduate programme or specialty shall be made available in the central library.

(4) Departmental Library.- (a) A minimum of one hundred books shall be made available for each Postgraduate Departmental library;

(b) a Postgraduate Department with multiple Postgraduate programmes shall maintain minimum one hundred books for each Postgraduate programme or specialty.

(5) Digital Library.- (a) Additional computer systems for Postgraduate students in the ratio of 1:5 i.e., one system for five Postgraduate students, in respect of the total annual student intake capacity of all Postgraduate programmes shall be provided;

(b) software or programmes such as Grammarly, plagiarism check, statistical programs, citation or bibliography maker or generator etc. shall be made available in the digital library.

(6) (a) Common room for Postgraduate students with accommodation capacity of minimum twenty per cent. of total annual student intake capacity (for male and female students separately) of all Postgraduate programmes with adequate space, furniture and attached toilet facilities shall be provided;

(b) toilets for female Postgraduate students shall be provided with the facilities of sanitary napkin dispensers and incinerator.

(7) Clinical Skill or Simulation Laboratory.- The department Moalajat (Medicine), Ilaj bit Tadabeer (Regimenal Therapy), Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology), Ilmul Atfal (Paediatrics), Jarahat (Surgery) Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry), Qabalat wa Niswan (Obstetrics and Gynaecology), Mahiyatul Amraz (Pathology) in which Postgraduate programme is conducted and Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) for the post-graduate speciality or Programme of Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology), shall maintain department specific manikins, simulators, and devices additionally as per the **Sixth Schedule** of these regulations in addition to the department specific simulators or manikins as per the **Schedule- XIV** specified in the NCISM-UG MES Regulations, 2023 for Postgraduate teaching and training.

9. Requirement of Number of Beds, Patient Attendance and Bed Occupancy.- (1) (a) In addition to the number of beds specified for each In-Patient Department mentioned in the NCISM-UG MES Regulations, 2023 for undergraduate training in accordance with student intake capacity, the concerned Postgraduate Department i.e. Moalajat (Medicine), Ilaj bit Tadabeer (Regimenal Therapy), Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology), Ilmul Atfal (Paediatrics), Jarahat (Surgery) Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry) and Qabalat wa Niswan (Obstetrics and Gynaecology) shall maintain additional beds in respect of student-bed ratio of 1:4;

(b) the speciality of Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) under the department of Tahaffuzi wa Samaji Tib (Preventive and Social Medicine), shall maintain additional beds in respect of students- bed ratio of 1:4 in the In-patient department of Moalajat to admit the patients of Ilmul Samoom.

(2) (a) The minimum annual average bed occupancy in the In-Patient Department of the concerned department i.e. Moalajat (Medicine), Ilaj bit Tadabeer (Regimenal Therapy), Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology), Ilmul Atfal (Paediatrics), Jarahat (Surgery), Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry), and Qabalat wa Niswan (Obstetrics and Gynaecology) during the last one calendar year (365 days and 366 days in case of a leap year) shall not be less than sixty percent. In the In-Patient Departments in which a Postgraduate programme is not conducted during the last one calendar year (365 days and 366 days in case of a leap year) shall not be less than forty per cent.;

(b) the speciality of Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) under the department of Tahaffuzi wa Samaji Tib (Preventive and Social Medicine), shall have minimum annual average bed occupancy for the patients of Ilmul Samoom (Clinical Toxicology) in the In-Patient Department of Moalajat (excluding the number of beds allotted for the Postgraduate students of Moalajat) during the last one calendar year (365 days and 366 days in case of a leap year) shall not be less than sixty per cent.

(3) The hospital shall maintain the average out-patient attendance in accordance with student intake capacity as per the NCISM-UG MES Regulations, 2023; However, (a) the minimum out-patient attendance in the Postgraduate Out-patient Department in Moalajat (Medicine), Ilaj bit Tadabeer (Regimenal Therapy), Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology), Ilmul Atfal (Paediatrics), Jarahat (Surgery), Amraze Uzn, Anaf wa Halaq (Diseases of Ear, Nose and Throat) and Qabalat wa Niswan (Obstetrics and Gynaecology) during the last one calendar year (300 days) shall not be less than sixty patients per day;

(b) the minimum out-patient attendance in the Postgraduate Out-Patient Department of Ilmul Samoom (Clinical Toxicology) for the speciality of Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) under Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) department during the last one calendar year (300 days) shall not be less than thirty patients per day;

(c) the minimum daily average out-patient attendance in the Postgraduate Out-Patient Department for the Postgraduate speciality of Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) under Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) department of during the last one calendar year (300 days) shall not be less than fifty persons or per day.

10. Minimum Essential Requirement of Human Resources.-

(1) Teaching staff.- (a) (i) there shall be minimum of one professor, one associate professor or reader and one assistant professor or lecturer for each Postgraduate Department or programme or specialty except for the department of Integrative Health and Translational Research and the requirement of teaching staff in Postgraduate Department shall be as per Table below to the clause (g);

(ii) Professor cum Head of the Department may be common for both undergraduate and Postgraduate Department of the concerned subject, provided the professor shall be possessing Postgraduate degree in the concerned subject. In case if the professor of undergraduate department is not possessing Postgraduate degree in concerned subject, an additional professor with Postgraduate qualification and experience as provided in these regulations shall be required for Postgraduate speciality or programme;

(iii) Associate professor or reader, assistant professor or lecturer shall be exclusive for Postgraduate Department in addition to the teaching staff provided for the concerned undergraduate department as laid down in the NCISM-UG MES Regulations, 2023;

(iv) in the event of the availability of more than one professor in a department, the position of head of the department shall be given to each professor for a period of three years on a rotation basis; and

(v) duplication of the faculties between the undergraduate department and the Postgraduate Department of the concerned subject shall not be accepted in any case;

(b) multiple Postgraduate programmes under the same department: each Postgraduate degree programme of Tahaffuzi wa Samaji Tib (Unani Dietetics Lifestyle Management, Preventive Medicine and Public Health) and Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) under the same department of Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) shall have one Associate Professor or Reader, one Assistant Professor or Lecturer additionally in addition to the teaching staff specified for the concerned undergraduate department of Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) in NCISM-UG MES Regulations, 2023:

Provided that the Professor cum Head of the Department may be the common for both undergraduate and above-mentioned Postgraduate degree programmes under the Postgraduate Department of Tahaffuzi wa Samaji Tib provided the Professor shall be possessing Postgraduate degree in the concerned subject. In case, if the Professor of undergraduate department is not possessing Postgraduate degree in the concerned subject, additional Professor with Postgraduate qualification and experience as provided in these regulations shall be required for Postgraduate department. He or she shall be eligible to have only three Postgraduate students every year as per the student-guide ratio in any one of the specialities under the department; for other Postgraduate programmes or speciality in the same department, the institution may have additional Professor to admit the students as per student-guide ratio; as mentioned in these regulations;

(c) in such multiple Postgraduate programme in the same department as mentioned in clause (b) the duplication of teaching staff between Postgraduate programmes under the same department and duplication of the faculties between the undergraduate department and the Postgraduate Department of the same subject shall not be accepted in any case;

(d) the qualification and experience of teaching staff shall be as per regulation 32 in these regulations;

(e) (i) the Department of Integrative Health and Translational Research, shall have one Professor on a full-time, regular basis as shown in **Table** below clause (g) and ones' qualifications and experience shall be as per sub-clause (i) of clause (g) of sub-regulation (2) of regulation 32 specified in these regulations;

(ii) the department shall have additional teaching staff in the subjects of Biochemistry, Pharmacology, Microbiology, Medicinal Botany or Botany and Public Health on a full-time, regular basis as shown in **Table** below to clause (g) and whose qualifications and experience and promotion shall be as per sub-clause (ii) of clause (g) of sub-regulation (2) of regulation 32 specified in these regulations;

(iii) One Bio-statistician shall be appointed on full-time or part-time basis in the Department of Integrative Health and Translational Research as shown in **Table** below to clause (g) and the qualification shall be as per sub-clause (iii) of clause (g) of sub-regulation (2) of regulation 32 specified in these regulations.

(f) in the event of the availability of more than one professor in a department, the position of head of the department shall be given to each professor for the period of three years on rotation basis.

(g) part-time teachers shall attend a minimum of thirty hours per month with at least four hours per visit, preferably on fixed days.

Table

Minimum Essential Requirements of Teaching Staff for Postgraduate departments in Undergraduate College or Institution

[In addition to the teaching staff specified for the undergraduate department as per the student intake capacity in NCISM-UG MES Regulations, 2023 the following requirements also shall be fulfilled]

Sl. No	Postgraduate Department	Minimum Requirement of Teaching Staff		
		Professor cum Head	Associate Professor	Assistant Professor
(1)	(2)	(3)	(4)	(5)
1	Kulliyat (Basic Principles of Unani Medicine)	One	One	One
2	Manafeul Aza (Physiology)	One	One	One
3	Ilmul Advia (Pharmacology)	One	One	One
4	Ilmul Saidla (Unani Pharmacy)	One	One	One
5	Tahaffuzi wa Samaji Tib (Preventive and Social medicine)			
	a) Tahaffuzi wa Samaji Tib (Unani Dietetics, Lifestyle Management, Preventive Medicine and Public Health)	One	One	One
	b) Tibbul Qanoon wa Ilmul Samoom (Forensic		One	One

	Medicine and Clinical Toxicology)			
6	Ilmul Atfal (Paediatrics)	One	One	One
7	Moalajat (Medicine)	One	One	One
8	Mahiyatul Amraz (Pathology)	One	One	One
9	Ilaj bit Tadabeer (Regimenal Therapy)	One	One	One
10	Amraz e Jild wa Tazeeniyat (Dermatology and Cosmetology)	One	One	One
11	Tashreehul Badan (Anatomy)	One	One	One
12	Jarahat (Surgery)	One	One	One
13	Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry)	One	One	One
14	Qabalat wa Niswan (Obstetrics and Gynaecology)	One	One	One
15	Integrative and Translational Research	One	---	Five

Note: 1. Professor cum Head of the Department specified in column (3) shall be the common for both under-graduate and Postgraduate departments in the concerned subject.

2 There shall be a Professor cum Head for the Department of Integrative Health and Translational Research as a teaching faculty.

3. There shall be a minimum of five Assistant Professors in the Department of Integrative Health and Translational Research (each one from Biochemistry, Microbiology, Medicinal Botany or Botany, Pharmacology and Public Health) as teaching faculties as full-time, regular basis.

4. The Department of Integrative Health and Translational Research shall have one Biostatistician on full-time or part-time basis.

5. Professor of Practice shall be appointed in each Postgraduate Department or specialty or programme as per clause (a) & (b) of sub-regulation (2) of regulation 4 and the qualification shall be as per the **Seventh Schedule**, and they shall not be provided with teacher's code by the Medical Assessment and Rating Board of Indian System of Medicine.

(2) Non-Teaching including Technical and Other Staff.- (a) each institution shall provide non-teaching staff additionally in the concerned department in which Postgraduate programmes are conducted as shown in **Table** below to clause (c);

(b) their qualification and experience for non-teaching staff shall be as per the Schedule-VI of the NCISM-UG MES Regulations, 2023;

(c) the minimum requirement of staff for department of Integrative Health and Translational Research, the Central Research Laboratory, Animal Experimentation Laboratory and Animal House, Clinical Research Cell and Internal Quality Assurance Cell shall be as per the below **Table**.

Table
Minimum Essential Requirements of Non-Teaching Staff for Postgraduate departments in Undergraduate College or Institution

[In addition to the non-teaching staff specified for the undergraduate department as per the student intake capacity in the NCISM-UG MES Regulations, 2023, the following requirements also shall be fulfilled]

Sl. No	Department or Section or Unit and Required Non-Teaching Staff	Required Numbers
(1)	(2)	(3)
I	Postgraduate Departments	
1	Kulliyat (Basic Principles of Unani Medicine)	
	Multi-tasking staff (with minimum 10 th standard)	One
2	Tashreehul Badan (Anatomy)	
	Multi-tasking staff	One
3	Manafeul Aza (Physiology)	
	Multi-tasking staff	One
4	Ilmul Advia (Pharmacology)	
	Multi-tasking staff	One
	a) Ilmul Advia Practical Laboratory	
	Lab Technician (with bachelor's degree in biology or botany)	One
	b) Wasful Aqaqir (Pharmacognosy) Laboratory	
	Lab Attendant	One
	c) Phytochemistry Laboratory	
	Lab in-charge (with master's degree in phytochemistry)	One
	Lab Technician (with bachelor's degree in phytochemistry)	One

	Lab Attendant	One
5	Ilmul Saidla (Unani Pharmacy)	
	Multi-tasking staff	One
6	Mahiyatul Amraz (Pathology)	
	Multi-tasking staff	One
	a) Mahiyatul Amraz Practical laboratory for Pathology and Microbiology	
	Lab Technician	One
	b) Microbiology Practical Laboratory	
	Lab Technician	One
	c) Molecular Biology Laboratory	
	Lab in-charge (with master's degree in molecular biology)	One
	Lab Technician (with bachelor's degree in molecular biology or biology)	One
	Lab Attendant	One
7	Tahaffuzi wa Samaji Tib (Preventive and Social Medicine)	
	Multi-tasking staff	One
	b) Nutrition Laboratory	
	Lab in-charge (with master's degree in nutrition and dietetics)	One
	c) Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) Practical Laboratory	
	Lab Assistant	One
	Lab Attendant	One
8	Moalajat (Medicine)	
9	Ilaj bit Tadabeer (Regimenal Therapy)	
10	Jarahat (Surgery)	
11	Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry)	
12	Qabalat wa Niswan (Obstetrics and Gynaecology)	
13	Ilmul Atfal (Paediatrics)	
14	Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology)	
15	Integrative and Translational Research	
	Clerical staff (graduate with computer knowledge)	Two
	Multi-tasking staff (with minimum 10 th standard)	One
	Quality Testing Laboratory	
	In-Charge (Faculty member of Ilmul Advia and Ilmul Saidla)	One
	Clerical staff	One
	Central Research Laboratory	
	In-charge (Faculty member of any department, well-versed with laboratory and analytical equipment)	One
	Lab Technician (B.Sc Chemistry or B.Sc Botany)	One
	Lab Attendant	One
	Animal House and Animal Experimentation Laboratory	
	In-charge (Faculty member of Department of Ilmul Advia and Ilmul Saidla)	One
	Lab Technician (B.Sc Zoology)	One
	Animal House and Lab Attendant	One
	Clinical Research Cell	
	Clinical Research Coordinator (BUMS degree with Postgraduation or Diploma in Clinical Research or Master of Public Health)	One
	Clerical staff	One
	Multi-tasking staff	One
II	Internal Quality Assurance Cell	
	Coordinator (with MBA in quality management)	One
	Clerical staff	One
	Multi-tasking staff	One

Note: 1. Additional staff like sweeper, attendant, lifter, data entry operator, security guards, electrician, plumber, carpenter, driver, multi-tasking staff, etc may be appointed by outsourcing based on the requirement.

2. Skilled professionals trained by any of the skill development agency under the Ministry of Skill Development and Entrepreneurship shall be given preference to the extent of availability while appointing the non-teaching staff.

(3) Hospital Staff: For additional beds increased for Postgraduate programme and specific units in the hospital, additional staff as shown in **Table** below shall be maintained.

Table
Minimum Essential Requirements of Hospital Staff

[In addition to the hospital staff specified for undergraduate institution as per student intake capacity in the NCISM-UG MES Regulations, 2023]

Sl. No	Required Staff	Required Numbers
(1)	(2)	(3)
1	Nursing staff	One for every ten beds in in-patient departments; Two nurses for Qabalat wa Niswan Operation Theatre; One nurse for each Intensive Care Unit (ICU) bed in Moalajat Department; and 2 nurses for Neonatal Intensive Care Unit in Ilmul Atfal Department.
2	Clinical Registrar or Senior Resident or Resident Doctor	One for every twenty beds
3	Ayah	One for every twenty beds

- Note:**
1. Nursing staff numbers may be increased as per the shift in a day.
 2. Number of therapists may be increased in accordance with number of patients for Ilaj bit tadabeer.
 3. Paediatric therapist, occupational therapist and speech therapist may be appointed on a part-time basis for Department of Ilmul Atfal.
 4. Postgraduate students may be appointed as clinical registrar or senior resident or resident doctor, provided the students shall be paid stipend or salary.
 5. Security guards, electrician, plumber, sanitation workers, washer man, gardener, driver, housekeeping staff, cook, maintenance staff, multipurpose worker, if additionally needed, may be obtained by out-sourcing.
 6. Skilled professionals trained by any of the skill development agency under the Ministry of Skill Development and Entrepreneurship shall be given preference to the extent of availability while appointing the hospital staff.

11. The timeline to comply additional minimum essential standard requirements by Postgraduate institutions or departments established before notification of these regulations.- (1) Separate Postgraduate departments shall be established in the departments in which Postgraduate programmes are conducted within twelve months period from the date of notification of these regulations.

(2) The timeline to comply additional requirements by Postgraduate institutions or departments established before notification of these regulations as per the **Table** below.-

Table
Timeline to comply with additional minimum essential standards requirements by the Postgraduate institutions (where undergraduate programme is in existence) established before notification of these regulations.

Sl. No	Standard or Unit or Section or Facility	Timeline (From the date of notification of these regulations in the official Gazette)
(1)	(2)	(3)
1	Phytochemistry laboratory (Department of Ilmul Advia)	Twelve months
2	Green House (Department of Ilmul Advia)	Eighteen months
3	Molecular Biology Laboratory and additional facilities to carry out Immunology and Histopathology tests in the Mahiyatul Amraz (Pathology) Practical Laboratory (Department of Mahiyatul Amraz)	Twelve months
4	Advanced poison detection facility (Department of Tahaffuzi wa Samaji Tib)	Twelve months
5	Postgraduate Department wise Seminar halls and common Seminar hall	Eighteen months
6	Central library requirements for Postgraduate students and Departmental library	Six months

	requirements	
7	Digital library facilities for Postgraduate students	Eighteen months
8	Postgraduate Department specific additional requirements in Clinical Skill or Simulation laboratory	Eighteen months
9	Common room for Postgraduate students (boys and girls separately)	Eighteen months
10	Common room for Postgraduate students (boys and girls separately)	Eighteen months
11	Clinical Skill or Simulation Laboratory (Postgraduate Department requirements)	Eighteen months
12	Department of Integrative Health and Translational Research	Twelve months
13	Facilities in Central Research Laboratory	Immediate
14	Additional instruments and equipments in Quality Testing Laboratory for Postgraduate teaching, training, and research	Immediate
15	Facilities in Animal House and Animal Experimentation Laboratory	Eighteen months
16	Clinical Research Cell with all facilities	Eighteen months
17	Plagiarism Scrutiny Cell with all facilities	Six months
18	Attached therapy/ procedure room in Postgraduate out-patient departments as applicable	Six months
19	Neonatal Intensive Care Unit, Child Development Clinic (Department of Ilmu Atfal)	Eighteen months
20	Construction (building infrastructure)	Eighteen months
21	Department wise equipment and instruments for Postgraduate teaching in which Postgraduate programme are conducted	Six months
22	Human resources	Twelve months

Note: 1. The above-mentioned timelines are for developing physical infrastructure and acquiring equipment and instruments. However, the constitution of committees and functions of various units or cells shall be started within a month.

2. All other new standards or additions or expansions prescribed in this regulation for Postgraduate education, teaching, training, and research (as applicable) shall be fulfilled.

3. All other new standards or additions or expansions specified for campus, college, hospital in the NCISM-UG MES Regulations, 2023 in accordance with student intake capacity shall be fulfilled as per the timeline provided in the said regulations including building infrastructure.

(3) The timeline provided in sub-regulation (1) and (2) is the maximum and no relaxation shall be given thereafter.

CHAPTER-V

MINIMUM ESSENTIAL STANDARDS FOR STANDALONE POSTGRADUATE INSTITUTIONS

12. Land Requirement.- (1) The requirement of land shall be a minimum five acres. In the case of specific categories of land, such as Tier I and II cities (X and Y categories), North-Eastern States, hilly areas and notified tribal areas, the minimum requirement of land shall not be less than three and a half acres and in such case, the institution shall have a certificate obtained from the concerned local authorities to establish the specific category of land as a proof.

(2) The land shall be on one piece of land or plot. If the plot is separated by a road or canal or rivulet but connected with a bridge, shall be treated as one piece of land.

(3) The designated land for a standalone Postgraduate institution, its attached teaching hospital and hostels shall be clearly demarcated and should not be used for any other purpose other than activities of standalone Postgraduate institution.

(4) The land shall be owned by the institution on lease, in the name of the institution, for a period not less than thirty years or the maximum permissible period as per rules or regulations of the respective State Government or Union territory Administration and the renewal of lease shall, however, be required on expiry of lease.

(5) In case of institutions having Lease agreement for land, the institute shall not be granted permission for admission for the last three years of Lease period unless the institute submit a notarised affidavit every year mentioning the lease shall be renewed before the expiry of the lease and subsequently submit the renewed lease agreement before expiry of lease period.

13. The Campus in General.-(1)The campus designated for standalone Postgraduate institution and attached teaching hospital shall have proper approach road, well-constructed compound wall with proper arrangements for security.

(2) The campus designated for standalone Postgraduate institution shall accommodate, -

- (a) Administration zone;
- (b) Academic zone;
- (c) Clinical zone; and
- (d) Experimentation zone.

(3) For administration purposes, the campus is divided into the above-mentioned zones.

(4) The institution and hospital shall be constructed in separate buildings with its departments, and ancillary units and sections with adequate infrastructure, human resources, and facilities as specified in these regulations.

(5) Each standalone Postgraduate institution shall have attached with fully functional sixty bedded hospital having National Accreditation Board for Hospitals Accreditation (at least entry level) and shall fulfil all the minimum essential standards in terms of infrastructure, human resources, functionality, facilities including equipment and instruments etc. specified for sixty bedded teaching hospital (for sixty students intake capacity) attached to the college or institution in NCISM-UG MES Regulations, 2023. If any Postgraduate Department or specialty fails to maintain the minimum essential standards as specified in these regulations, the Medical Assessment and Rating Board for Indian System of Medicine shall deny permission or take measures as per the clause (f) of sub-section (1) of section 28 of the Act. against the concerned Postgraduate degree programme or specialty.

(6) All the buildings shall have all relevant permissions from concerned authorities.

(7) There shall be fire safety, sewage treatment plan, pollution control facilities, disaster management measures, bio-medical waste management etc. with proper permission from concerned authorities as per extant norms.

(8) Institution must provide a barrier free environment for the independence, convenience, and safety of the physically challenged persons.

(9) The campus shall have an appropriate layout plan for free vehicular movement and demarcated parking area.

(10) The parking area shall be labeled or marked for higher officials, employees, and students.

(11) The campus shall have adequate water supply, proper drainage system, and electricity supply including power back-up system.

(12) There shall be a central workshop or maintenance cell in the campus, equipped suitably as per the requirements of the college or institution, along with appropriate technical staff or outsourced staff for the maintenance-related works in areas such as electrical, plumbing, carpentry, sanitary, civil works, water supply, waste management, drainage, housekeeping, and other matters.

(13) The institution shall maintain the following as specified in the NCISM-UG MES Regulations, 2023,-

- (a) official contact details;
- (b) official bank accounts;
- (c) information technology (IT) infrastructure;
- (d) biometric attendance system; and
- (e) institution website

(14) The institution shall install and maintain all online systems specified by the commission and shall align or interface to the online systems of the commission as provided in (a), (b) and (c) of sub-regulation (4) of regulation 4 of these regulations.

14. Minimum Essential Standard Requirements Zone-Wise.-(1) **Administration Zone.**- (a) The minimum area required for administration zone is two hundred square metres. This zone shall accommodate sub-units such as office of the head of the institution including anteroom and attached toilet, office of the personal assistant, office of the institution (establishment, accounts and cash) etc., staff committee or college council room, waiting room for visitors to the head of the institution and office separately, central store, record room, pantry, toilets etc., as shown in the **Table** below;

Table**Minimum Requirement of Space for Administrative Zone in Standalone Postgraduate institution**

Sl. No	Units or Sections	Minimum Required Area in Sq.Mt.
(1)	(2)	(3)
1	Head of the Postgraduate institution (Director or Dean or Principal) Office including anteroom and attached toilet	50
2	Personal Assistant to head of the institution	10
3	Staff committee or meeting room/College council meeting room	30
4	Visitors lounge for visitors to head of the institution	10
5	College Office (seating arrangement to superintendent, clerical staff, accountants, cashier, record room & visitors lounge for office visitors)	55
6	Pantry	05
7	Central store	30
8	Toilet for office staff	10
	Total	200

(b) Human Resources.- the administration section shall be provided with an adequate number of staff as per the **Table** below with the qualifications and experience mentioned in the Schedule -VI of the NCISM-UG MES Regulations, 2023.

Table**Minimum Essential Requirements of Non-Teaching staff in Administration Zone in Standalone Postgraduate institution**

Sl. No	Required Non-Teaching Staff	Required Numbers
(1)	(2)	(3)
1	Personal Assistant or Personal Secretary for the Head of the Institution	One
2	Office Superintendent	One
3	Clerical staff (Establishment, Accounts and Cash)	Three
4	Attendant or Multi-tasking staff	Two

Note:- 1. Non-teaching staff prescribed above for administration zone is minimum, however the institution may appoint more number of staff as per requirement

2. Skilled professionals trained by any of the skill development agency under the Ministry of Skill Development and Entrepreneurship shall be given preference to the extent of availability while appointing the non-teaching staff

(2) **Academic Zone.-** (a) Academic zone is comprising of Postgraduate departments and their associated units including department specific laboratories and departmental library, classrooms, seminar halls, multi-purpose hall (for conducting various programmes, conference, examination, etc), central library, digital library, clinical skill or simulation laboratory, human resource and development cell, pharmacovigilance cell room, college council room, student support and guidance cell including career guidance and placement cell room, common rooms for Postgraduate students and teaching staff, facilities for extra-curricular activities, student amenities, and teaching staff amenities, herbal garden, hostel and canteen;

(b) those departments in which Postgraduate programmes are conducted shall be established with their associated units or sections as mentioned in the **Table** below to clause (d);

(c) the department of Integrative Health and Translational Research is the mandatory department and it shall be established in every standalone Postgraduate institutions; this department shall function as per clause (xv) of regulation 7 in these regulations and shall have teaching staff as per **Table** below to sub-clause (vi) and non-teaching staff as per **Table** below to sub-clause (vii) of clause (u) of sub-regulation (2) of regulation 14;

(d) (i) seating arrangements, and other facilities for staffs in each Postgraduate Department shall be as mentioned in the sub-regulation (5) of regulation 4 in these regulations;

(ii) the minimum constructed area required for each Postgraduate Department and their associated units are as shown in **Table** below:—

Table

Department wise Requirement of Minimum Constructed Area in Standalone Postgraduate institution

Sl. No	Departments and Specifications	Minimum Constructed Area in Sq. Mt
(1)	(2)	(3)
1	Department of Integrative Health and Translational Research	75
2	Kulliyat (Basic Principles of Unani Medicine) Department with a. Kulliyat Umoore Tabiya Practical Laboratory cum Tutorial Room b. Museum cum tutorial room c. Advanced Language laboratory	150
3	Tashreehul Badan (Anatomy) Department with a. Dissection Hall (with embalming room, cadaver storage tank or freezer, adequate ventilation and exhaust facility, hand wash facility) b. Practical Laboratory c. Virtual dissection table and e-dissection software d. Museum cum tutorial room	175
4	Manafeul Aza (Physiology) Department with Manafeul Aza Practical Laboratory for Physiology and Biochemistry	125
5	Ilmul Advia (Pharmacology) Department with a. Ilmul Advia (Pharmacology) Practical Laboratory b. Wasful Aqaqir (Pharmacognosy) Practical Laboratory c. Phytochemistry Laboratory d. Herbarium cum Museum cum tutorial room e. Green house f. Advanced Quality Testing Laboratory	300
6	Ilmul Saidla (Unani Pharmacy) Department with a. Ilmul Saidla (Unani Pharmacy) Practical Laboratory or Teaching Pharmacy b. Quality Testing Laboratory (with advanced facilities) c. Museum cum tutorial room	250
7	Mahiyatul Amraz (Pathology) Department with a. Mahiyatul Amraz Practical Laboratory for Pathology and Microbiology b. Molecular Biology Laboratory c. Museum cum tutorial room	175
8	Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) Department a. Tahaffuzi wa Samaji Tib (Unani Dietetics,,Lifestyle Management, Preventive Medicine and Public Health) (i) Tahaffuzi wa Samaji Tib Practical Laboratory, (ii) Nutrition Laboratory (with advanced facilities) (iii) Museum cum tutorial room	150
	b. Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) (i) Tibbul Qanoon wa Ilmul Samoom Practical Laboratory with advanced Poison Testing facilities (ii) Museum cum tutorial room	100
9	Moalajat (Medicine) Department with Museum	75
10	Ilaj bit Tadabeer (Regimenal Therapy) Department with Museum cum tutorial room	75
11	Jarahat (Surgery) Department with Museum cum tutorial room	75
12	Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry) Department with Museum cum tutorial room	75
13	Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology) Department with Museum cum tutorial room	75
14	Qabalat wa Niswan (Obstetrics and Gynaecology) Department with Museum cum tutorial room	75
15	Ilmul Atfal (Paediatrics) Department with Museum cum tutorial room	75
16	Herbal Garden with 250 species of herbs labelled with Quick Response (QR) codes	2500

- Note:** 1. The department requirements including departmental library, computer, printer, internet facility, electronic display facilities, seating arrangements for teaching staff etc., shall be as per sub-regulation (5) of regulation 4,
2. The list of instruments, equipment, chemical, reagents etc. in the laboratories and specimens etc. in museums of the concerned department shall be as per the concerned schedules specified in the NCISM-UG MES Regulations, 2023 in accordance with Postgraduate seats in the concerned specialty or department.
3. Instruments, equipment, and other facilities as mentioned under clauses (i), (ii), (iii), (iv) and (v) of regulation 7 in these regulations shall be fulfilled in the concerned Postgraduate Department or specialty additionally.
4. Instruments, equipment, chemicals, and reagents etc. shall be made available in the Phytochemistry Laboratory and Molecular Biology Laboratory as per the **First Schedule** and the **Second Schedule** respectively.
5. Tahaffuzi wa Samaji Tib Department shall have an exclusive departmental vehicle for field visits.
6. The Quality Testing Laboratory comes under Experimentation Zone shall be a common facility for both Ilmul Advia (Pharmacology) and Ilmul Saidla Postgraduate programmes and it shall be functioning under the Department of Integrative Health and Translational Research.
7. Mahiyatul Amraz (Pathology) Practical laboratory shall provide the facilities to carryout immunology and histopathology tests for Postgraduate teaching, training and research.
8. Every standalone Postgraduate institution irrespective of Postgraduate programmes being conducted, shall establish the Department of Integrative Health and Translational Research and function as per clause (xv) of regulation 7 in these regulations.
- (e) Classrooms: there shall be minimum two classrooms for each Postgraduate programme or specialty as per the specifications mentioned under the sub-regulation (1) of regulation 8 in these regulations;
- (f) Seminar Halls: each standalone Postgraduate institution shall have Postgraduate degree programme or specialty wise seminar hall and common seminar hall as per the specifications mentioned under the sub-regulation (2) of regulation 8 in these regulations;
- (g) Central Library.- (i) the area of the central library shall not be less than one hundred and fifty square metres, and the minimum number of books, journals and other specifications, requirements, library functioning, and facilities in the central library shall be as specified in the NCISM-UG MES Regulations, 2023, mentioned for sixty student intake capacity;
- (ii) seating arrangements for the Postgraduate students shall be as per Postgraduate student intake capacity (1:2, one seat for every two Postgraduate students of yearly intake capacity) shall be provided in central library;
- (iii) the number of books and journals required for each Postgraduate Department or programme, or specialty shall be as per clause (b) and (c) of sub-regulation (3) of regulation 8 in these regulations;
- (h) Departmental Library: the number of books maintained shall be as per the specifications mentioned in clause (a) and (b) of sub-regulation (4) of regulation 8 in these regulations;
- (i) Digital Library.- digital library shall have the total constructed area not less than forty square metres and computer systems for Postgraduate students in the ratio of 1:5 that is, one computer system for five students in respect of total annual student intake capacity of all Postgraduate programmes shall be provided. Software or programmes such as Grammarly, plagiarism check, statistical programmes, citation or bibliography maker or generator etc. shall be made available in the digital library.
- (j) Examination or Multipurpose or Yoga and Riyazat Hall.- a large hall of having area of two square metres per Postgraduate student (twenty per cent. additional to the total Postgraduate students of three years), with appropriate seating arrangement shall be made available. This multi-purpose hall shall be used for conduction of functions, meetings, seminars, conferences, examinations, yoga and riyazat training etc. It shall be provided with audio-visual facility, closed -circuit television and toilet facility.
- (k) each Postgraduate institution shall have a Clinical Skill or Simulation Laboratory for the departments viz. Moalajat (Medicine), Ilaj bit Tadabeer (Regimenal Therapy), Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology), Ilmul Atfal (Paediatrics), Jarahat (Surgery), Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry) and Qabalat wa Niswan (Obstetrics and Gynaecology), Mahiyatul Amraz (Pathology) in which Postgraduate programme is conducted and Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) for the post-graduate speciality or Programme of Tibbul Qanoon wa Ilmul Samoom (Forensic

Medicine and Clinical Toxicology) (as applicable) with a minimum area of forty square metres each and provided with the department specific medical manikins or simulators as per the Schedule- XIV specified in the NCISM-UG MES Regulations, 2023 along with department specific simulators or manikins as prescribed in the **Sixth Schedule** of these regulations for Postgraduate level training;

(l) Facility for Co and Extra-curricular Activities.- Adequate facilities shall be provided by the institution for conduction of co-curricular and extra-curricular activities as under, namely:-

(i) physical educational facility;

(ii) recreational facility;

(iii) club activities such fine-arts club, sports club, science club, language club, journal club, photography club, animal lovers club and other clubs as per the requirement.

(m) Student amenities.- (i) facilities like transportation, Bank or Automated Teller Machine, playground (indoor and outdoor games), gymnasium or fitness centre, stationery store, cafeteria etc. are to be made available;

(ii) adequate number of toilets at appropriate and easily accessible places separately for male and female students shall be provided;

(iii) sanitary napkin dispenser and incinerator shall be provided in female toilets.

(n) (i) common room with accommodation capacity of minimum twenty per cent. of total annual student intake capacity (for male and female students separately) with adequate area, furniture and attached toilet facilities shall be provided;

(ii) toilets for female Postgraduate students shall be provided with the facilities of sanitary napkin dispensers and incinerator.

(o) Hostels.- there shall be a hostel for girls and boys separately (preferably single accommodation) with attached bath and toilet facility along with a mess facility within the campus provided with adequate furniture, reading room, recreational facility, room attached bath and toilet facility and security services.

(p) Staff Amenities.- (i) two common rooms for teaching staff one for males and one for females separately, shall be provided with adequate space furniture, seating arrangements, attached toilets, drinking water and refreshment facilities;

(ii) adequate number of toilets at appropriate and easily accessible places separately for teaching staff (male and female separately) for non-teaching staff (male and female separately) shall be provided in each floor of the building;

(iii) sanitary napkin dispenser and incinerator shall be provided in female toilets.

(q) Canteen.- a canteen facility shall be made available with adequate space and sitting arrangements in accordance with total student strength of the institution.

(r) Herbal Garden.- each institution shall establish herbal garden with area of two thousand and five hundred square metres within the institution campus and shall accommodate two hundred and fifty medicinal plant species labelled with Quick Response Codes.

(s) Closed-Circuit Television.- closed-circuit television shall be installed at biometric attendance system area, classrooms, library, digital library, practical laboratories, clinical skill or simulation laboratory, corridors, multi-purpose hall and other areas as per the requirement of the institution.

(t) Other requirements.- (i) Human Resource Development Cell.- it shall be established in each institution and shall function as per the specifications prescribed in the NCISM-UG MES Regulations, 2023. The area required for the Human Resource Development Cell shall not be less than a minimum of fifty square metres.

(ii) Pharmacovigilance Cell.- each institution shall have a pharmacovigilance Cell with a minimum of thirty square meters of space for a pharmacovigilance room. This cell will function in association with the Regional or National or Central Pharmacovigilance cell. The institution shall develop policies and procedures on the constitution of the pharmacovigilance cell and its function.

(iii) College Council.- the college council shall be established and function as per the specifications prescribed in the NCISM-UG MES Regulations, 2023. The space for the college council room shall be a minimum of thirty square metres with adequate seating arrangements and records-keeping facilities.

(iv) Student Support and Guidance Cell, Career Guidance and Placement Cell - each institution shall have a Student Support and Guidance Cell, Career Guidance and Placement Cell to support, guide, and encourage the students in academic, scholastic, social, emotional, personal, and career developments. It shall be

constituted and functioned as per the university guidelines; if such guidelines are not available, it shall be constituted and functioned as per the institution policy and procedures. The room for the Student Support and Guidance Cell shall be provided with space not less than thirty square metres with proper seating arrangements, a record-keeping facility, and other related facilities.

(v) **Grievance Redressal Cell.**- each institution shall have a Grievance Redressal Cell to address the grievances of the students. The committee shall be constituted and functioned as per the institution's policies and procedures. The room allotted for the Student Support and Guidance Cell can be utilised by the Grievance Redressal Cell for their meetings and maintaining related records.

(vi) **Committee Against Sexual Harassment.**- each institution shall have an Internal Complaint Committee Against Sexual Harassment constituted and functioning as per the institution's policies and procedures for the creation of a safe, equitable, and inclusive campus environment. The committee shall create awareness about sexual harassment and shall deal with complaints or grievances pertaining to sexual harassment, sexual misconduct, and sexual assault committed by the students, staff, and visitors on campus. It is the responsibility of the committee to ensure that the confidential procedures are followed. The room allotted for the Student Support and Guidance Cell can be utilised by the Committee Against Sexual Harassment for their meetings and maintaining related records.

(vii) **Internal Quality Assurance Cell.**- each institution shall have an Internal Quality Assurance Cell for planning, guiding, and monitoring quality assurance and quality enhancement activities of the institution. The constitution and function of the cell shall be as per the specifications mentioned in the NCISM-UG MES Regulations, 2023 as applicable. A room with a minimum space of thirty square metres with proper seating arrangements, and record-keeping facilities shall be provided;

(viii) **Anti-Ragging Committee and Anti-Ragging Squad:** (A) To curb the menace of ragging, it is mandatory for the college or institution to constitute an Anti-Ragging Committee and an Anti-Ragging Squad as per the University Grants Commission Regulation on Curbing the Menace of Ragging in Higher Educational Institutions Regulations, 2009 for vigilant monitoring and ensuring a safe environment for the freshers;

(B) the duties and responsibilities of the anti-ragging committee and squad, measures to be taken by the institution for prohibition and prevention of ragging, monitoring, and counselling mechanisms, complaining and reporting procedures, punishments, consequences in case of non-compliance etc, shall be as per the regulations as mentioned in (A) and related guidelines, circulars, communications as specified by University Grants Commission and the Commission from time to time.

(ix) There shall be a Plagiarism Scrutiny Cell in every standalone Postgraduate institution and the minimum space requirement, human resources, facilities and functionality shall be as per the clause (xx) of regulation 7 in these regulations.

(u) **Minimum Requirement of Teaching Staff.**- (i) the department in which Postgraduate programme is conducted shall have minimum three teaching faculties: one Professor, one Associate Professor or Reader and one Assistant Professor or Lecturer as shown in **Table** below to sub-clause (vi). The qualification and experience of teaching staff shall be as per regulation 32 in these regulations;

(ii) multiple Postgraduate programme under the same department.- in case of multiple Postgraduate degree programme viz. Tahaffuzi wa Samaji Tib (Unani Dietetics Lifestyle Management, Preventive Medicine and Public Health) and Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) under the same department of Tahaffuzi wa Samaji Tib (Preventive and Social medicine) each Postgraduate specialty or programme shall have one Professor, one Associate Professor or Reader, one Assistant Professor or Lecturer. One among two professors shall be the head of the Postgraduate Department of Tahaffuzi wa Samaji Tib (Preventive and Social medicine);

(iii) if multiple Postgraduate programmes are conducted in the same department and in such case, the interchange or duplication of teaching staff between Postgraduate programmes under the same department shall not be permitted;

(iv) in the event of the availability of more than one professor in a department, the position of head of the department shall be given to each professor for three years on a rotation basis;

(v) (A) the Department of Integrative Health and Translational Research shall have one Professor and the qualification and experience shall be as per sub-clause (i) of clause (g) of sub-regulation (2) of regulation 32 specified in these regulations;

(B) the department shall have additional teaching staff in the subjects of Biochemistry, Pharmacology, Microbiology, Medicinal Botany or Botany and Public Health shall be appointed on a full-time, regular basis, as shown in **Table** below to sub-clause (vi). and whose qualifications, experience and promotion

shall be as per sub-clause (ii) of clause (g) of sub-regulation (2) of regulation 32 laid down in these regulations;

(C) one Biostatistician shall be appointed on full-time or part-time basis in the Department of Integrative Health and Translational Research and the qualification and experience shall be as per sub-clause (iii) of clause (g) of sub-regulation (2) of regulation 32 in these regulations;

(vi) one Yoga teacher with the qualification and experience as mentioned in clause (f) of sub-regulation (2) of regulation 32 in these regulations shall be appointed in each standalone Postgraduate institution on a full-time basis. He or she shall work under the Department of Tahaffuzi wa Samaji Tib (Preventive and Social medicine) in the hospital. If the specific department or specialty is not available in the standalone Postgraduate institution, the yoga teacher shall work under Department of Integrative Health and Translation Research and extend his/her service in the academic zone as well as in the clinical zone wherever required.

Table
Minimum Essential Requirements of Teaching Staff for Departments in Standalone Postgraduate institution

Sl. No	Postgraduate Department or Specialty	Minimum Requirement of Teaching Staff		
		Professor and Head	Associate Professor	Assistant Professor
(1)	(2)	(3)	(4)	(5)
1	Kulliyat (Basic Principles of Unani Medicine)	One	One	One
2	Manafeul Aza (Physiology)	One	One	One
3	Ilmul Advia (Pharmacology)	One	One	One
4	Ilmul Saidla (Unani Pharmacy)	One	One	One
5	Tahaffuzi wa Samaji Tib (Preventive and Social medicine)			
	a. Tahaffuzi wa Samaji Tib (Unani Dietetics, Lifestyle Management, Preventive Medicine and Public Health)	One	One	One
	b. Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology)	One	One	One
6	Ilmul Atfal (Paediatrics)	One	One	One
7	Moalajat (Medicine)	One	One	One
8	Mahiyatul Amraz (Pathology)	One	One	One
9	Ilaj bit Tadabeer (Regimenal Therapy)	One	One	One
10	Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology)	One	One	One
11	Tashreehul Badan (Anatomy)	One	One	One
12	Jarahat (Surgery)	One	One	One
13	Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry)	One	One	One
14	Qabalat wa Niswan (Obstetrics and Gynaecology)	One	One	One
15	Integrative and Translational Research	One	---	Five

Note: 1. One among the professors of Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) and Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) shall be the Head of the Department of Tahaffuzi wa Samaji Tib (Preventive and Social Medicine). as per sub-clauses (ii) and (iv) of clause (u) of sub-regulation (2) of regulation 14 of these regulations.

2. There shall be minimum five Assistant Professors in the Department of Integrative Health and Translational Research (each one from Biochemistry, Microbiology, Medicinal Botany or Botany, Pharmacology and Public Health) on full-time, regular basis.

3. One Biostatistician on full-time or part-time basis shall be appointed in the Department of Integrative Health and Translational Research

4. One Yoga instructor or teacher on a full-time basis shall be appointed and shall as per sub-clause (vi) of clause (u) of sub-regulation (2) of regulation 14 of these regulations .

5. Professor of practice shall be appointed in each Postgraduate Department or specialty or programme as per clause (a) of sub-regulation (2) of regulation 4 and the qualification shall be as per the **Seventh Schedule**, and they shall not be provided with teacher's code by the Medical Assessment and Rating Board of Indian System of Medicine.

6. In-case, the institute is not conducting the Postgraduate programmes in the department of Tashreehul Badan (Anatomy), Ilmul Advia (Pharmacology) and Ilmul Saidla (Unani Pharmacy), the teacher in the aforesaid concerned subjects on part-time basis may be appointed under the Department of Integrative Health and Translational Research.

(vii) Minimum Requirement of Non-Teaching Including Technical and other Staff: Minimum requirement of non-teaching staff shall be as per the **Table** below. Their qualification and experience shall be as per the Schedule-VI of the NCISM-UG MES Regulations, 2023.

Table

Minimum Essential Requirements of Non-Teaching Staff for Postgraduate departments in Standalone Postgraduate institution

Sl. No	Postgraduate Department/ Section/Unit and Required Non-Teaching Staff	Required Numbers
(1)	(2)	(3)
I	Postgraduate Departments	
1	Kulliyat (Basic Principles of Unani Medicine)	
	Clerical staff	One
	Multi-tasking staff (minimum 10 th standard)	One
2	Tashreehul Badan (Anatomy)	
	Clerical staff	One
	Multi-tasking staff	One
	Tashreehul Badan (Anatomy) Practical laboratory	
	Cadaver Lifter	One
	Lab Assistant	One
	Lab Attendant cum Museum keeper	One
3	Manafeul Aza (Physiology)	
	Clerical staff	One
	Multi-tasking staff	One
	Manafeul Aza Practical Laboratory for Physiology and Biochemistry	
	Lab Technician	One
	Lab Attendant	One
4	Ilmul Advia (Pharmacology)	
	Clerical staff	One
	Multi-tasking staff	One
	a) Ilmul Advia Practical Laboratory	
	Lab Instructor (Graduation-BUMS)	One
	Lab Assistant	One
	Lab Attendant cum Museum keeper	One
	b) Wasful Aqaqir (Pharmacognosy) Laboratory	
	Lab Assistant	One
	Lab Attendant cum Herbarium and Museum Keeper	One
	c) Phytochemistry Laboratory	
	Lab in-charge (with master's degree in phytochemistry)	One
	Lab Technician (with bachelor's degree in phytochemistry)	One
	Lab Attendant	One
5	Ilmul Saidla (Unani Pharmacy)	
	Clerical staff	One
	Multi-tasking staff	One
	a) Ilmul Saidla Practical Laboratory (Teaching Pharmacy)	
	Lab Instructor (Graduation-BUMS)	One
	Lab Assistant	One
	Lab Attendant cum Museum keeper	One

6	Mahiyatul Amraz (Pathology)	
	Clerical staff	One
	Multi-tasking staff	One
	a) Mahiyatul Amraz Practical laboratory for Pathology and Microbiology	
	Lab Technician	One
	Lab Attendant	One
	b) Molecular Biology Laboratory	
	Lab in-charge (with master's degree in molecular biology)	One
	Lab Technician (with bachelor's degree in molecular biology or biology)	One
	Lab Attendant	One
7	Tahaffuzi wa Samaji Tib (Preventive and Social Medicine)	
	Clerical staff	One
	Multi-tasking staff	One
	a) Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) Practical Laboratory	
	b) Nutrition Laboratory	
	Lab in-charge (with master's degree in nutrition and dietetics)	One
	Lab Technician	One
	Lab Attendant cum Museum Keeper	One
	c) Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology)	
	Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) Practical Laboratory	
	Lab Technician (graduation in chemistry)	One
	Lab Attendant cum Museum Keeper	One
8	Moalajat (Medicine)	One Clerical staff, One Multi-tasking staff for each Postgraduate Department
9	Ilaj bit Tadabeer (Regimenal Therapy)	
10	Jarahat (Surgery)	
11	Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry)	
12	Qabalat wa Niswan (Obstetrics and Gynaecology)	
13	Ilmul Atfal (Paediatrics)	
14	Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology)	
15	Integrative and Translational Research	
	Clerical staff	Two
	Multi-tasking staff	One
	Central Research Laboratory	
	In-charge (Faculty member of any department, well-versed with laboratory and analytical equipment)	One
	Lab Technician (B.Sc Chemistry or B.Sc Botany)	One
	Lab Attendant	One
	Quality Testing Laboratory	
	In-Charge (Faculty member of Ilmul Advia or Ilmul Saidla)	One
	Analytical chemist (B.Pharm)	One
	Pharmacognosist	One
	Lab Attendant	One
	Clerical staff	One
	Multi-tasking staff	One
	Animal House and Animal Experimentation Laboratory	
	In-charge (Faculty member of Department of Ilmul Advia or Ilmul Saidla)	One
	Lab Technician (B.Sc Zoology)	One
	Animal house and Experimentation Lab Attendant	One
	Clinical Research Cell	
	Clinical Research Coordinator (BUMS degree with Postgraduation or Diploma in Clinical Research or Master of Public Health)	One
	Clerical staff	One
	Multi-tasking staff	One
II	Central Library	
	Librarian	One
	Assistant Librarian	One
	Library Attendant	One
III	Herbal Garden	
	Gardener	One

	Multi-Purpose Worker	Two
IV	Clinical Skill/Simulation Laboratory	
	Coordinator	One
	Clerical staff (Graduation with computer knowledge)	One
	Lab Attendant	One
V	Human Resources and Development Cell	
	Coordinator (BUMS graduate with MBA or any graduate with MBA in Human Resource Management)	One
	Clerical staff	One
	Multi-tasking staff	One
VI	Internal Quality Assurance Cell	
	Coordinator (MBA in Quality Management)	One
	Clerical staff	One
	Multi-tasking staff	One
VII	Information Technology Cell (IT Cell) including Digital Library	
	Information Technology Officer	One
	Information Technology Assistant	One
	Multi-tasking staff	One
VIII	Central Workshop/Maintenance Cell	
	Site Engineer	One
	Electrician	One
	Plumber	One
	Carpenter	One
	Multi-tasking staff	One
IX	Co-curricular and extracurricular activities	
	Physical Education Instructor (minimum bachelor degree in physical education)	One
	Multi-tasking staff	One
X	Student Support and Career Guidance and Placement Cell	
	Counsellor for counselling (part-time basis)	One
XI	College store	
	Clerical staff	One
	Multi-tasking staff	One

Note:1. Additional staff like sweeper, attendant, lifter, data entry operator, security guards, electrician, plumber, carpenter, driver, multi-tasking staff, etc may be appointed by outsourcing based on the requirement.

2. Herbal Garden shall be under the Department of Ilmul Advia. If such a Postgraduate programme or department is not available, it shall be under the institution.

3. Skilled professionals trained by any of the skill development agency under the Ministry of Skill Development and Entrepreneurship shall be given preference to the extent of availability while appointing the non-teaching staff.

(3) Clinical Zone.- (a) each standalone Postgraduate institution shall have attached hospital having minimum sixty in-patient beds (sixty bedded hospital), and the hospital (clinical zone) shall be divided into seven zones, namely-

- (i) Reception and Registration zone;
- (ii) Out-Patient Department zone;
- (iii) Diagnostic zone;
- (iv) In-Patient Department zone;
- (v) Procedural Management zone;
- (vi) Administrative zone;
- (vii) Services zone.

(b) each zone as mentioned in clause (a) under clinical zone shall have the ancillary sections or units or facilities and shall fulfil all the minimum essential standards in terms of infrastructure, human resources and

functionality facilities including equipment, instruments and the like as provided for sixty bedded hospital (sixty students intake capacity) in the NCISM-UG MES Regulations, 2023.

(c) in addition to the facilities available in the hospital as mentioned in (a) and (b), the following department-wise minimum essential standards requirements shall be made available in the departments in which Postgraduate programmes are being conducted namely,-

(i) Postgraduate Department of Tahaffuzi wa Samaji Tib (Preventive and Social medicine).- (A) the Postgraduate programme or speciality in Tahaffuzi wa Samaji Tib (Preventive and Social medicine) shall have an exclusive Out-Patient Department (attached with minor yoga and riyazat room) for Postgraduate teachers and Postgraduate students with minimum of fifty persons attending the Out-patient department per day, facilities to administer rejuvenation procedures and Riyazat to normal individuals in the hospital shall be made available for this department; The minimum area required for Tahaffuzi wa Samaji Tib (Unani Detetics Lifestyle Management, Preventive Medicine and Public Health) Out-Patient Department shall be twenty-five square meters.

(B) the Postgraduate programme or Speciality in Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) shall have an exclusive Ilmul Samoom (Clinical Toxicology) Out-Patient Department for Postgraduate teachers and Postgraduate students with minimum of thirty patients per day and additional In-Patient Department beds in the student-bed ratio of 1:4 (i.e., four beds for one student) shall be made available in Moalajat (Medicine) In-Patient Department to admit the patients of Ilmul Samoom . Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be provided. Average bed occupancy shall not be less than sixty per cent. in Moalajat (Medicine) In-Patient Department. The minimum area required for Ilmul Samoom (Clinical Toxicology) Out-Patient Department shall be twenty-five square meters.

(ii) Postgraduate Department of Moalajat (Medicine) shall have an exclusive Out-Patient Department for Postgraduate teachers and Postgraduate students with minimum of sixty patients per day and additional In-Patient Department beds in the student-bed ratio of 1:4 (i.e., four beds for one student). Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be provided. Average bed occupancy shall not be less than sixty per cent. in Moalajat (Medicine) In-Patient Department; The minimum area required for Moalajat (Medicine) Out-Patient Department shall be twenty-five square meters

(iii) Postgraduate Department of Ilaj bit Tadabeer (Regimenal Therapy) shall have an Out-Patient Departments (attached with minor therapy or procedure room) for Postgraduate teachers and Postgraduate students, with minimum of sixty patients per day for Ilaj bit Tadabeer (Regimenal Therapy) and additional In-Patient Department beds for Ilaj bit Tadabeer (Regimenal Therapy) Postgraduate programme in the student-bed ratio of 1:4 (i.e. four beds for one student). Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be made available. Average bed occupancy shall not be less than sixty per cent. in Ilaj bit Tadabeer (Regimenal Therapy) In-Patient Department. Fully established physiotherapy facility in the hospital shall be extended to this department. The minimum area required for Ilaj bit Tadabeer (Regimenal Therapy) Out-Patient Department shall be fifty square meters.

(iv) Postgraduate Department of Jarahat (Surgery) shall have an exclusive Out-Patient Department (attached with minor therapy or procedure room) for Postgraduate teachers and Postgraduate students provided with advanced diagnostic facilities with minimum of sixty patients per day and additional In-Patient Department beds in the student- bed ratio of 1:4 (i.e. four beds for one student). Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be made available. Average bed occupancy shall not be less than sixty per cent. in Jarahat (Surgery) In-Patient Department. The minimum area required for Jarahat (Surgery) Out-Patient Department attached with minor procedure room shall be fifty square meters.

(v) Postgraduate Department of Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry) shall have an exclusive Out-Patient Department (attached with minor therapy or procedure room) in the name of Amraze Uzn, Anaf wa Halaq (Diseases of Ear, Nose and Throat) for Postgraduate teachers and Postgraduate students, provided with advanced diagnostic facilities with minimum of sixty patients per day and additional In-Patient Department beds in the student bed ratio of 1:4 (i.e. four beds for one student). Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be made available. Average bed occupancy shall not be less than sixty per cent. in Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry) In-Patient Department; The minimum area required for Amraze Uzn, Anaf wa Halaq (Diseases of Ear, Nose and Throat) Out-Patient Department attached with minor procedure room shall be fifty square meters. This out-patient department shall attend the patients of Uzn, Anaf wa Halaq but not Ain and Asnan related cases.

(vi) Postgraduate Department of Qabalat wa Niswan (Obstetrics and Gynaecology) shall have an exclusive Out-Patient Department (attached with examination cum procedure room) for Postgraduate teachers and Postgraduate students, with minimum of sixty patients per day, exclusive Operation Theatre for Qabalat wa Niswan (Obstetrics and Gynaecology) and Procedural Room to carry out Qabalat wa Niswan (Obstetrics and Gynaecology) related procedures. Additional In-Patient Department beds in the student-bed ratio of 1:4 (i.e. four beds for one student) shall be made available. Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be provided; Average bed occupancy shall not be less than sixty per cent. in Qabalat wa Niswan (Obstetrics and Gynaecology) In-Patient Department; A Minimum of ten deliveries per month shall be conducted in the labour room. The minimum area required for Qabalat wa Niswan (Obstetrics and Gynaecology) Out-Patient Department attached with examination cum procedure room shall be fifty square meters.

(vii) (A) the Postgraduate Department of Ilmul Atfal (Paediatrics) shall have an exclusive Out-Patient Department for Postgraduate teachers and Postgraduate students with minimum of sixty patients per day, and additional In-Patient Department beds in the student-bed ratio of 1:4 (i.e. four beds for one student). Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be made available. Average bed occupancy shall not be less than sixty per cent. in Ilmul Atfal (Paediatrics) In-Patient Department; Immunisation providing facility shall be made available in this department; The minimum area required for Ilmul Atfal (Paediatrics) Out-Patient Department shall be twenty-five square meters;

(B) the instruments and equipment required for Ilmul Atfal (Paediatrics) out-patient department, demarcated area for breast feeding, neonatal intensive care unit with minimum space and facilities, school adoption, child development clinic with minimum space and facilities shall be as per items (b), (c), (d) and item (e) of clause (xiii) of regulation 7 in these regulations.

(viii) Postgraduate Department of Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology) shall have an exclusive Out-Patient Department (attached with minor therapy or procedure room) for Postgraduate teachers and Postgraduate students with minimum of sixty patients per day and In-Patient Department with number of beds in the student-bed ratio of 1:4 (i.e. four beds for one student). Seating arrangement in the ward and accommodation for night duty Postgraduate students shall be made available. Average bed occupancy shall not be less than sixty per cent. in Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology) In-Patient Department; The minimum area required for Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology) Out-Patient Department shall be fifty square meters;

(ix) (A) in case of Postgraduate degree programme in the Department of, Mahiyatul Amraz (Pathology) the Postgraduate students may utilise or collaborate with Out-Patient Departments, In-Patient Departments and Diagnostic zone of the hospital for their training in Unani diagnosis, diagnostics and dissertation or research work;

(B) the head of the department of Mahiyatul Amraz (Pathology) or a faculty member from the department of Mahiyatul Amraz (Pathology) designated by the head of the institution shall be authorised to sign, authenticate and interpret diagnostic investigations or tests to the extent of teaching and training in terms of Unani principles;

(x) The Postgraduate students of Postgraduate degree programme in Tahaffuzi wa Samaji Tib (Unani Dietetics Lifestyle Management, Preventive Medicine and Public Health) under the Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) department may utilise or collaborate with Out-Patient Departments, In-Patient Departments, Yoga and Riyazat section, of the hospital for their training, survey and dissertation or research work.

(xi) The hospital may have a mortuary with cold storage to keep or preserve dead bodies or may have a memorandum of understanding with medical establishments that have mortuary facility and the staff for the mortuary may be outsourced.

(xii) There shall be a Clinical Research Cell in the hospital and the minimum essential requirement of space, facilities and function shall be as per clause (xix) of regulation 7 and human resources as per **Table** provided below to sub-clause (vii), clause (u), sub-regulation (2) of regulation 14.

(d) Requirement of Number of Beds, Patient Attendance and Bed Occupancy.-

(i) in addition to the number of beds specified for each In-Patient Department in the NCISM-UG MES Regulations, 2023 for sixty bedded hospital (i.e. mentioned for sixty student intake capacity), the concerned Postgraduate Department Moalajat (Medicine), Ilaj bit Tadabeer (Regimenal Therapy), Ilmul Atfal (Paediatrics), Jarahat (Surgery), Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry), Qabalat wa Niswan (Obstetrics and Gynaecology), Amraze Jild wa Tazeeniyat

(Dermatology and Cosmetology), conducting Postgraduate programme shall maintain additional beds in respect of students-bed ratio of 1:4.

(ii) The speciality of Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) under the department of Tahaffuzi wa Samaji Tib (Preventive and Social Medicine), shall maintain additional beds in respect of students- bed ratio of 1:4 in the In-Patient Department of Moalajat (Medicine) to admit the patients of Ilmul Samoom.

(iii) generally, the daily average attendance of patients in the Out-Patient Departments of the sixty bedded hospital during the last one calendar year (300 days) shall be a minimum of one hundred and twenty patients per day; However,

(A) the minimum out-patient attendance in the Postgraduate Out-Patient Department in (Moalajat (Medicine), Ilaj bit Tadabeer (Regimenal Therapy), Ilmul Atfal (Paediatrics), Jarahat (Surgery), Amraze Uzn, Anaf wa Halaq (Diseases of Ear, Nose and Throat), Qabalat wa Niswan (Obstetrics and Gynaecology) and Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology) as applicable during the last one calendar year (300 days) shall not be less than sixty patients per day;

(B) the minimum out-patient attendance in the Postgraduate Out-Patient Department of Ilmul Samoom (Clinical Toxicology) for the speciality of Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) under Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) department during the last one calendar year (300 days) shall not be less than thirty patients per day;

(C) the minimum daily average out-patient attendance in the Postgraduate Out-Patient Department in Tahaffuzi wa Samaji Tib (Unani Dietetics, Lifestyle Management, Preventive Medicine and Public Health) under Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) department for the speciality of during the last one calendar year (300 days) shall not be less than fifty persons per day.

(iii) (A) the minimum annual average bed occupancy in the In-Patient Department of the concerned department Moalajat (Medicine), Ilaj bit Tadabeer (Regimenal Therapy), Ilmul Atfal (Paediatrics), Jarahat (Surgery), Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry), Qabalat wa Niswan (Obstetrics and Gynaecology) and Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology) in which a Postgraduate programme is conducted during the last one calendar year (365 days and 366 days in case of a leap year) shall be not less than sixty percent;

(B) the speciality of Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) under the department of Tahaffuzi wa Samaji Tib (Preventive and Social Medicine), shall have minimum annual average bed occupancy for the patients of Ilmul Samoom in the In-Patient Department of Moalajat (excluding the numbers of beds allotted for the Postgraduate students of moalajat) during the last one calendar year (365 days and 366 days in case of a leap year) shall be not less than sixty percent;

(C) however, in the Department in which a Postgraduate programme is not conducted, the bed occupancy in the concerned In-Patient department during the last one calendar year (365 days and 366 days in case of a leap year) shall not be less than forty per cent.

(e) Requirements of Hospital Staff for Postgraduate programme.- (i) teaching hospital in standalone Postgraduate institutions shall maintain hospital staff as shown in **Table** below to sub-clause (iii) in addition to the hospital staff mentioned for sixty bedded hospital (sixty student intake capacity) in the NCISM-UG MES Regulations, 2023,

(ii) the teaching faculties of Postgraduate programme shall be the consultants of the out-patient department and in-patient departments of the concerned Postgraduate Department or specialty or programme;

(iii) however, there shall be minimum one consultant in the cadre of Professor or Associate Professor or Assistant Professor in each Department [Moalajat (Medicine), Ilaj bit Tadabeer (Regimenal Therapy), Ilmul Atfal (Paediatrics), Jarahat (Surgery), Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat, Dentistry), Qabalat wa Niswan (Obstetrics and Gynaecology), Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology) and in the specialities of Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) and Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) under the department of Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) in which the Postgraduate degree programme is not conducted. He or she shall be a Postgraduate in the concerned subject and provided with unique teacher's code and the year of experience shall be counted as teaching experience by the Medical Assessment and Rating Board for Indian System of Medicine as per sub-regulation (7) of regulation 32 in these regulations.

Table**Minimum Essential Requirements of Hospital Staff**

(in addition to the hospital staff specified for sixty bedded hospital)

Sl. No	Required Staff	Required Numbers
(1)	(2)	(3)
1	Nursing staff	One for every ten beds in in-patient departments; Two nurses for Qabalat wa Niswan Operation Theatre; One nurse for each Intensive Care Unit (ICU) bed in Moalajat Department; and 2 nurses for Neonatal Intensive Care Unit in Ilmul Atfal Department.
2	Clinical Registrar or Senior Resident or Resident Doctor	One for every twenty beds
3	Ayah	One for every twenty beds

Note: 1. Nursing staff number may be increased as per the shift in a day.

2. Number of therapists may be increased in accordance with number of patients for Ilaj bit tadabeer.

3. Paediatric therapist, occupational therapist and speech therapist may be appointed on a part-time basis for Department of Ilmul Atfal.

4. Postgraduate students may be appointed as clinical registrar or senior resident or resident doctor, provided the students shall be paid stipend or salary.

5. Security guards, electrician, plumber, sanitation workers, washer man, gardener, driver, housekeeping staff, cook, maintenance staff, multipurpose worker, if additionally needed, may be obtained by out-sourcing.

6. Skilled professionals trained by any of the skill development agency under the Ministry of Skill Development and Entrepreneurship shall be given preference to the extent of availability while appointing the hospital staff.

(4) Experimentation Zone: This zone shall accommodate the following:-

(a) Central Research Laboratory: (i) every standalone Postgraduate institution shall have a Central Research Laboratory with advance research facilities as per the **Third Schedule** for carrying out various research experiments by Postgraduate students as well as teaching faculty.

(ii) a faculty member of any department well-versed with laboratory and analytical equipment shall be the in-charge of Central Research Laboratory.

(iii) It shall function under the Department of Integrative Health and Translational Research and the Professor cum Head of the Department of Integrative Health and Translational Research shall be the head of Central Research Laboratory;

(iv) the minimum area required for Central Research Laboratory shall be one hundred and fifty square metres;

(b) Quality Testing Laboratory: (i) an advanced Quality Testing Laboratory shall be made available in case of Postgraduate programme in Ilmul Advia (Pharmacology) and Ilmul Saidla (Unani Pharmacy);

(ii) this laboratory shall fulfil the infrastructure, facilities, equipment, instruments, etc specified in under 'B' of the Schedule- XI of the NCISM-UG MES Regulations, 2023 along with the instruments and equipment as mentioned in the **Fifth Schedule** of these regulations for Postgraduate teaching, training and research;

(iii) it shall function under the Department of Integrative Health and Translational Research and the Professor cum Head of the Department of Integrative Health and Translational Research shall be the head of Quality Testing Laboratory.

(iv) a teaching faculty member of Ilmul advia or Ilmul saidla nominated by head of the institution shall be in-charge of quality testing laboratory.

(v) the minimum area required for quality testing laboratory shall be one hundred square metres;

(c) Approved Animal House and Animal Experimentation Laboratory: (i) It shall be made available in case of Postgraduate degree programme in the department of Ilmul Advia (Pharmacology), Ilmul Saidla (Unani Pharmacy), Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) and Kuliyat (Basic Principles of Unani Medicine);

(ii) It shall have proper permission from concerned authorities, adequate infrastructure, facilities as per the **Fourth Schedule**

(iii) faculty member of department of Ilmul Advia or Ilmul Saidla or Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) or Kuliyat shall be the in-charge of animal house and animal experimentation laboratory;

(iv) Animal House and Animal Experimentation Laboratory shall function under the Department of Integrative Health and Translational Research and the Professor cum Head of the Department of Integrative Health and Translational Research shall be the head of Animal House and Animal Experimentation Laboratory.

(v) The minimum area required for animal house and animal experimentation laboratory shall be two-hundred and fifty square metres.

(d) the Central Research Laboratory, quality testing laboratory, Animal Experimentation Laboratory and Animal House shall be provided with human resources as per the **Table** provided below the sub-clause (vii), clause (u), sub-regulation (2) of regulation 14.

15. The timeline to comply additional minimum essential standard requirements by standalone Postgraduate institutions established before the notification of these regulations. -(1) The timeline to comply the additional minimum essential standards requirements by the standalone Postgraduate institution shall be as per the below **Table**.

Table

Timeline to comply with additional minimum essential standards requirements by standalone institutions established before notification of these regulations.

Sl. No	Standard or Unit or Section or Facility	Timeline (From the date of notification of these regulations in the official Gazette)
(1)	(2)	(3)
1	Central Workshop or Maintenance Cell	Eighteen months
2	Closed Circuit Television	Six months
3	Information Technology Cell and Infrastructure	Six months
4	Phytochemistry Laboratory (Department of Ilmul advia)	Twelve months
5	Green House (Department of Ilmul advia)	Eighteen months
6	Additional instruments and equipments in Quality Testing Laboratory	Immediate
7	Molecular Biology Laboratory and additional facilities to carry out immunology and histopathology tests in the Mahiyatul Amraz (Pathology) Practical laboratory (Department of Mahiatul Amraz)	Twelve months
8	Advanced poison detection facility for the Postgraduate Speciality or programme of Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) under the department of Tahaffuzi wa Samaji Tib (Preventive and Social Medicine)	Twelve months
9	Postgraduate Department wise Seminar halls and common Seminar hall	Eighteen months
10	Central Library requirements for Postgraduate students and Departmental Library	Six months
11	Digital Library facilities for Postgraduate students	Eighteen months

12	Common room for Postgraduate students (boys and girls separately)	Eighteen months
13	Common room for teaching staff (male and female separately)	Eighteen months
14	Clinical Skill or Simulation Laboratory (Postgraduate Department specific requirements)	Eighteen months
15	Human Resource Development Cell Room	Eighteen months
16	Pharmacovigilance Cell Room	Eighteen months
17	College Council Room	Eighteen months
18	Student Support and Guidance, Career Guidance and Placement Cell, Grievance Redressal cell, Committee Against Sexual Harassment- common room	Eighteen months
19	Internal Quality Assurance Cell Room	Eighteen months
20	Anti-Ragging Committee and Anti-Ragging Squad Room	Eighteen months
21	Department of Integrative Health and Translational Research	Twelve months
22	Facilities in Central Research Laboratory	Immediate
23	Facilities in Animal House and Animal Experimentation Laboratory	Eighteen months
24	Facilities in Clinical Research Cell	Eighteen months
25	Plagiarism Scrutiny Cell with all facilities	Six months
26	Attached therapy/ procedure room in Postgraduate out-patient departments as applicable	Six months
27	Neonatal Intensive Care Unit, Child Development Clinic (Department of Ilmu Atfal)	Eighteen months
28	Construction (Building infrastructure)	Eighteen months
29	Department wise equipment and instruments for Postgraduate teaching in which Postgraduate programme are conducted	Six months
30	Human resources	Twelve months

Note: 1. The above-mentioned timelines are for developing infrastructure including building and acquiring equipment and instruments. However, constitution of committees and functions of various units or cells mentioned in these regulations shall be started within a month.

2. All other new standards or additions or expansions in terms of infrastructure, human resources and functionality prescribed in this regulation for Postgraduate education, teaching, training, and research (as applicable) shall be fulfilled.

3. All other new standards or additions or expansions in terms of infrastructure, human resources and functionality specified for the sixty bedded hospital (i.e. sixty students intake capacity) in the NCISM-UG MES Regulations, 2023 shall be fulfilled as per the timeline provided below to sub-regulation (3) of regulation 15 in the said regulations including building infrastructure.

(2) The timeline mentioned in sub-regulation (1) is the maximum and no relaxation shall be given thereafter.

CHAPTER-VI

INSPECTION OR VISITATION OR ASSESSMENT

16. Inspection or visitation or assessment.- (1) The *suo-moto* inspection, visitation, or assessment of fully established existing Postgraduate departments in Postgraduate institutions where undergraduate course is in existence and standalone Postgraduate medical institutions shall be carried out by the Medical Assessment and Rating Board for Indian System of Medicine every year under section 28 of the Act.

(2) In the case of Postgraduate institutions where an undergraduate course is in existence, the inspection, visitation, or assessment shall be carried out for undergraduate institution and Postgraduate departments either

simultaneously or separately at different time having exclusive visitors or inspectors or assessors for Postgraduate departments.

(3) Fully established Postgraduate departments in undergraduate colleges and standalone Postgraduate institutions shall be inspected, visited, or assessed individually by the Medical Assessment and Rating Board for Indian System of Medicine that is, department-wise inspection or visitation.

(4) The fully established Postgraduate departments or Postgraduate specialties and multiple programmes under the same department shall be categorised into two categories based on the criteria mentioned in these regulations, namely: - (a) Extended Permission and (b) Yearly Permission.

(5) (a) A fully established Postgraduate Department or specialty under section 28 of the Act, that has been permitted by the MARBISM consecutively for the preceding or previous three years shall be considered as the Postgraduate Department or specialty under the "Extended Permission" category, by the MARBISM;

(b) the "extended permission" status shall not be applicable for the Postgraduate departments or specialties under the following conditions, if:-

(i) the Postgraduate Department or specialty acted upon by the MARBISM under the provisions mentioned in clause (f), sub-section (1) of section 28 of the Act,;

(ii) there are any pending legal issues or disciplinary actions against the Postgraduate Department, specialty, or institution;

(iii) the college or institution violated the provisions of regulations on admission of Postgraduate students as specified in these regulations and violated the counselling and admission guidelines issued by the Commission from time to time;

(iv) If the Postgraduate departments are under section 29 of the Act; however, in case of multiple Postgraduate programmes in a single department, except the Postgraduate programme under section 29 of the Act, the other fully established Postgraduate programme that is already in extended category shall be continued in extended permission status unless otherwise specified by the MARBISM;

(v) the institution that has not deposited the annual inspection or visitation fee for the year of extended permission to the official bank account of the commission.

(6) The Postgraduate Department or specialty under the category of "extended permission" is eligible to participate in the counselling process and admit students every year as per the sanctioned student intake capacity without obtaining permission from the MARBISM unless otherwise denied or specified by the MARBISM as a result of *suo-moto* visitation or assessment;

(7) (a) Fully established Postgraduate departments or specialties under section 28 of the Act, that are not fulfilling the criteria specified in sub-regulation (5) shall be categorised under the "Yearly Permission" category by MARBISM;

(b) the Postgraduate Department or specialty of Postgraduate medical institutions under the "yearly permission" category shall participate in counselling process and admit students every year only after receiving permission for admission from the MARBISM.

(8) (a) Inspection, visitation, or assessment carried out by the MARBISM shall be for continuation of extended permission or granting of yearly permission for admitting students or for taking such measures under the provisions mentioned in clause (f), sub-section (1) of section 28 of the Act;

(b) all the medical institutions, irrespective of category, either extended permission or yearly permission, shall keep uploading real time data or periodical data or information or documents on the Commission online portal in the format specified by the MARBISM;

(c) all the institutions irrespective of category, either extended permission or yearly permission, shall deposit the annual inspection or visitation fee of one lakh per Postgraduate programme) alongwith digitization fee of rupees fifty thousand per Postgraduate programme along with applicable taxes within the time period through online payment mode (National Electronic Fund Transfer or Real Time Gross Settlement) to the official bank account of the Commission in favour of National Commission Fund for Indian System of Medicine;

(d) for the Postgraduate departments or specialties categorised under the 'Extended Permission' category by the MARBISM, the institution shall submit an affidavit (as per the format and period of submission specified by the Medical Assessment and Rating Board for Indian System of Medicine) stating full compliance with all minimum essential standards mentioned in these regulations;

(e) the MARBISM shall conduct *suo-moto* inspection, visitation, or assessment in the manner and mode as specified by the Medical Assessment and Rating Board for Indian System of Medicine every year at any time

during the academic year to assess the fulfilment of the minimum essential standards by the department, or specialty, and institution as specified in these regulations;

(f) the period of assessment shall be twelve months preceding the month of visitation, inspection, or assessment; the data disclosed by the institute for the said twelve-month period shall be taken up for the assessment;

(g) after assessment, the MARBISM shall communicate the decision of the assessment, inspection, or visitation to the institutions having Postgraduate departments or specialties under the "Yearly Permission" category, ordinarily sixty days before the commencement of counselling for admission every year;

(h) if the Postgraduate Department or specialty under the "Extended Permission" category did not receive any communication ordinarily sixty days before the commencement of counselling by AYUSH Admissions Central counselling Committee for admission for that particular academic year, then it is presumed that the Postgraduate Department or specialty holds its status of extended permission for that particular academic session and shall be allowed to participate in counselling and admission processes as per the provisions of the relevant regulations;

(i)(i) during the process of assessment or visitation or inspection, any deficiency is found either in the documents or in the data or in the fulfilment of minimum essential standards or in the functionality of Postgraduate Department or specialty of the Postgraduate institutions under the 'Extended Permission' category and based on this, if MARBISM initiates any action due to non-fulfilment of minimum essential standards as per the clause (f), sub-section (1) of section 28 of the Act, such decision shall be communicated by the MARBISM to the respective college or institution ordinarily sixty days before the commencement of counselling for admission by AYUSH Admissions Central Counseling Committee,

(ii) in such case, the extended permission status shall stand withdrawn for such Postgraduate Department or specialty, and all rules and regulations related to the 'Yearly Permission' category shall be applicable; such institutions may again attain 'Extended Permission' status only after fulfilling the conditions specified in sub-regulation (5);

(j) in case of any complaint, the MARBISM shall have the power to re-visit the Institutions for assessment, inspection, or visitation at any time and any number of times in the year;

(k) (i) the institutions seeking permission to not admit students, for three consecutive academic sessions or the Postgraduate Department, specialty, or institution that has been denied permission to admit students consecutively for three academic sessions by the MARBISM, shall be treated as deemed to be closed and the MARBISM shall recommend the closure of such institutions to the commission;

(ii) if such institution or Postgraduate Department would like to restart, it shall undergo the process of new establishment under section 29 of the Act;

(l) (i) the provision to "rectify the defects" shall not be applicable to the existing fully established institutions or Postgraduate departments or specialties;

(ii) as these are the minimum essential standards, no chance to "rectify the defects" shall be given to the fully established existing medical institutions or Postgraduate departments under section 28 of the Act;

(iii) before issuing the order of denial of permission or reduction of seats, and the like., an opportunity for hearing shall be given to such medical institutions by the MARBISM;

(m) in case, aggrieved by the decision of the MARBISM, it may prefer an appeal to the Commission against such decision within thirty days of the communication of such decision by the MARBISM as per sub-section (3) of section 24 of the Act; before taking any decision, appellant institution may be provided an opportunity of hearing by the adjudicating authority of the commission.

CHAPTER-VII

MINIMUM STANDARDS OF EDUCATION OF POSTGRADUATE DEGREE PROGRAMMES

[DOCTOR OF MEDICINE (M.D.) AND MASTER OF SURGERY (M.S.)]

17. General Considerations.- Postgraduate degree programmes (Doctor of Medicine-M.D. and Master of Surgery-M.S.) are aimed at producing specialists teachers, researchers, scientists, entrepreneurs with the focus and competencies of the respective Postgraduate programme as under namely:—

(1) Kulliyate Tib (Basic principles of Unani Medicine):—

- (a) ability to understand the basic principles of Unani Medicine and its applications;
- (b) proficient to establish Unani basic principles and generate proof on contemporary scientific lines;
- (c) ability to understand different commentaries of ancient Unani literatures and apply them appropriately to an understanding of basic principles;
- (d) proficient to develop Unani Medicine based Research Protocol;
- (e) competent to read ancient manuscripts, understand and define the literary meaning of Unani terminology; and describe the contents;
- (f) ability to write and justify the scientific and applied aspects of basic principles for proper understanding and applications;
- (g) ability to understand the Kulliyat Umoore Tabiya (factors of physis)- Arkan, Mizaj, Akhlat, Aza, Arwah, Quwa & Afal with advanced knowledge of Biochemistry, Biophysics and Applied Physiology;
- (h) ability to understand the Kulliyat-e-Asbab o Alamat;
- (i) ability to understand the Kulliyat Usool-e-Tashkhees wa Tajweez;
- (j) ability to understand the Itlaqi Kulliyat; and
- (k) the Postgraduate degree holder in Kulliyate Tib shall be the specialist in Kulliyate Tib (Unani Medicine Basic Principles Specialist) i.e. Critical appraisal of Unani basic principles and its applications.

(2) Tashreehul Badan (Human Anatomy):—

- (a) understand appropriately the structure of the human body on contemporary lines and its applied aspects clinically;
- (b) capable to dissect the human body systematically;
- (c) skilled to demonstrate surgical anatomy, applied anatomy in surgery, obstetrics and gynaecology;
- (d) ability to develop Unani Medicine based Research Protocol;
- (e) ability for embalming the cadaver and preparation of organs and section of specimens for the anatomy museum;
- (f) to acquire skills for plastination of organs and specimens;
- (g) ability to understand and demonstrate advance anatomical aids like 3D anatomy virtual dissection table, e-dissection and other software; and
- (h) the Postgraduate degree holder in Tashreehul Badan shall be the specialist in Tashreehul Badan (Unani Anatomist).

(3) Manafeul Aza (Human Physiology):—

- (a) ability to understand and demonstrate physiological functions of the human body;
- (b) understand, assess, evaluate and appraise the physiological aspects of Unani basic principles;
- (c) comparative study between the body fluids and Akhlat;
- (d) capable to understand and apply the Knowledge of biochemistry, bioinformatics and Unani biology of the Human body;
- (e) to study the physiological variations of human body in different temperaments as per domination of Akhlat or Unani genomics;
- (f) ability to carry out research in the various aspects of Manafeul Aza;
- (g) ability to conduct or demonstrate physiological tests and experiments;
- (h) able to correlate and translate Unani physiology on contemporary scientific lines;
- (i) the Postgraduate degree holder in Manafeul Aza shall be the specialist in Manafeul Aza (Unani Physiologist).

(4) *Ilmul Advia* (Materia Medica, Pharmacology and Pharmacognosy):—

- (a) to develop ability for identification and authentication of the raw materials (drugs) of herbal, mineral and animal origin;
- (b) able to do the purification of raw drugs in a systematic way and explain it scientifically;
- (c) ability to explicate medicinal properties of Unani drugs in relevance to authenticated ancient Unani literature and its scientific spirit;
- (d) understand and explain the pharmacological events of Unani drugs and explicate on contemporary lines;
- (e) ability to conduct or demonstrate phytochemical and pharmacognostic experiments;
- (f) ability to conduct and demonstrate pharmacological experiments, including animal studies;
- (g) shows ability in identification of adulterants and suggesting substitutes;
- (h) ability to clear controversy and suggest substitute drugs;
- (i) ability to define Unani pharmacological properties of new herbs or new single drugs;
- (j) be able to do quality testing of raw drugs on traditional and scientific parameters;
- (k) ability to conduct pharmacological research;
- (l) ability to conduct the toxicity study;
- (m) acquire knowledge of tissue culture, bioinformatics, network pharmacology, stem cell experiment etc. emerging areas;
- (n) ability to conduct drug standardisation studies;
- (o) to acquire knowledge for the development of drug depository;
- (p) the Postgraduate degree holder in *Ilmul Advia* shall be the specialist in *Ilmul Advia* (i.e. Unani Pharmacologist), specialised in Identification, Purification and Biological Actions of Raw Materials (Herbs, Metals, Minerals and Animal Sources)

(5) *Ilmul Saidla* (Materia Medica, Pharmaceutics and Clinical Pharmacy) :—

- (a) fundamental and applied knowledge in *Ilmul Saidla* in detail;
- (b) ability to understand the purification and drug processing methods described in *Ilmul Saidla* in the light of Chemistry and Chemical Technology;
- (c) ability to appraise authenticity of raw materials used in Unani formulations;
- (d) ability to prepare classical dosage forms;
- (e) ability to develop novel dosage forms or new drug development;
- (f) ability to develop skills for quality assessment of drugs through traditional and current advanced methods;
- (g) ability to identify the need and areas of research in *Ilmul Saidla*;
- (h) become familiar with drug standardisation, quality testing, quality control, and quality assurance methods and related instruments or devices or equipment;
- (i) understanding and application of material and operational management, dispensing pharmacy, clinical pharmacy, and pharmacy practice;
- (j) accomplish knowledge of standard databases pertaining to drug and ability for preparation of drug dossier, familiar with drugs and cosmetics and relevant acts;
- (k) acquire knowledge of pharmacovigilance along with its need. Scope and objectives;
- (l) attain experience in dispensing pharmacy and clinical pharmacy;
- (m) ability to formulate and prepare new drugs or combinations; and
- (n) ability to carry out research in the various aspects of *Ilmul Saidla*;
- (o) the Postgraduate degree holder in *Ilmul Saidla* shall be the specialist in '*Ilmul Saidla*' (i.e. Unani Pharmaceutical Specialist), specialised in Unani Pharmaceutics, Pharmaceuticals and Clinical pharmacy.

(6) Mahiyatul Amraz (Pathology and Laboratory Diagnosis) :—

- (a) to acquire the sound knowledge (theoretical and practical) of pathology, histopathology, Ilmul Amraz Nabz and Baul wa Baraz;
- (b) to acquire the sound knowledge (theoretical and practical) of serology, biochemistry, microbiology;
- (c) ability to apply the traditional and advanced diagnostic parameters of Unani Medicine in the (like Nabz, Baul o Baraz etc.) diagnosis and prognosis of diseases;
- (d) ability to carry out investigations, interpret the results in terms of Unani principles and authenticate investigatory or test reports;
- (e) to develop the competency in conducting the investigation pertaining to pathology (haematology and urine) serology, biochemistry and other specimens of the body;
- (f) ability to carry out research in the various aspects of Ilmul Amraz;
- (g) ability to Understand pathophysiology of diseased conditions in Unani Medicine as well as contemporary medical science;
- (h) ability to carry out investigations, interpret the results in terms of Unani principles, report and authenticate diagnostic investigations or tests to the extent of teaching and training’;
- (i) ability to describe and demonstrate pathology through Unani physiology, Unani biology, molecular biology, Unani genomics etc;
- (j) the Postgraduate degree holder in Mahiyatul Amraz shall be the specialist in Mahiyatul Amraz (i.e Unani Pathologist), specialised in Pathology and Laboratory Diagnosis.

(7) Tahaffuzi wa Samaji Tib (Unani Dietetics, Lifestyle Management, Preventive Medicine and Public Health) :—

- (a) ability to advice diet and lifestyle modifications based on principles of Unani Medicine in the context of preventive, restorative and promotive healthcare;
- (b) ability to advise on regular cleansing methods to maintain health and wellness;
- (c) ability to develop Unani diet according to Mizaj, life style and diseases;
- (d) ability to prescribe preventive measures and prescribe preventive medicines;
- (e) ability to develop research protocol for epidemiological research;
- (f) become an expert in Unani dietetics, including traditional food, Unani nutrition, functional food, and culinary medicine and able to interpret on contemporary lines;
- (g) competency in prescribing Unani diets;
- (h) acquire updated knowledge in the national health programme and related regulatory guidelines;
- (i) ability to conduct field surveys, health awareness programmes and inculcate public health measures;
- (j) be able to identify the area of research to ensure planetary health through Unani;
- (k) able to manage with Unani interventions in endemic, epidemic, and pandemic situations in a scientific way;
- (l) able to identify clinical conditions appropriate for yoga and riyazat therapy;
- (m) able to advise yoga and riyazat for maintenance of health, rejuvenation, longevity, and wellbeing;
- (n) apply yoga and riyazat for preventive, promotive, and restorative healthcare and public health;
- (o) capable of collaborating with other specialists to integrate yoga and riyazat;
- (p) competent to explain biological events connected with yoga and riyazat on contemporary lines;
- (q) be able to identify the area for research and apply scientific parameters;
- (r) the Postgraduate degree holder in Tahaffuzi wa Samaji Tib shall be the specialist in Tahaffuzi wa Samaji Tib (Unani Dietetics, Lifestyle Management, Preventive Medicine and Public Health Specialist).

(8) Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) :—

- (a) ability to diagnose poisonous conditions, bites or stings and apply their medical and procedural management;
- (b) ability to manage poisonous condition of unknown origin;
- (c) be able to apply contemporary scientific knowledge to poisonous conditions in terms of diagnosis, emergency care and management;
- (d) become competent in the preparation of appropriate antidotes and removal of toxicity;
- (e) able to deal with medical jurisprudence;
- (f) able to conduct experimental studies on safety of Unani formulations or drugs;
- (g) ability to deal with pharmacovigilance;
- (h) capable to deal with clinical conditions and their complications caused due to poisons;
- (i) able to do clinical research in speciality related conditions; and
- (j) the Postgraduate degree holder in Tibbul Qanoon wa Ilmul Samoom shall be the specialist in Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) and Medical Jurisprudence.

(9) Moalajat (Medicine) :—

- (a) ability to diagnose the general cases clinically by applying Unani diagnostic methods;
- (b) ability to manage general clinical conditions;
- (c) ability to interpret and correlate diagnostic investigational reports, arrive at diagnoses, and treat the patients;
- (d) skilled in deciding line of treatment for general cases;
- (e) skilled in determining dose and appropriate administration methods;
- (f) ability to apply the knowledge and experience of anatomy and physiology in diagnosis and treatment;
- (g) ability to provide or prescribe comprehensive treatment for acute and chronic clinical conditions
- (h) competent in the management of diseases;
- (i) ability to apply Unani and contemporary diagnostics in diagnosis of diseases;
- (j) ability to provide emergency medicine;
- (k) capable of conducting clinical research; and
- (l) the Postgraduate degree holder in Moalajat shall be the specialist in Moalajat (Unani Medicine Specialist).

(10) Ilaj bit Tadabeer (Regimenal Therapy) :—

- (a) ability to identify disease conditions appropriate for Ilaj bit Tadabeer (Regimenal therapy);
- (b) achieve skill in the management of muscular, neurological, rheumatological, traumatic conditions and sports injuries through Ilaj bit Tadabeer (Regimenal therapy);
- (c) ability in demonstrating or performing External treatment procedures;
- (d) ability to integrate internal medicine and external medicine;
- (e) able to develop instrument or equipment or procedure for Ilaj bit Tadabeer;
- (f) ability to do rejuvenation therapy through Ilaj bit Tadabeer procedures;
- (g) ability to do Ilaj bit Tadabeer for children;
- (h) proficient in palliative, pain management, rehabilitative management and improving quality of life through various treatment measures or techniques of ilaj bit tadabeer;
- (i) capable to conduct clinical research in area concerned;
- (j) the Postgraduate degree holder in Ilaj bit Tadabeer shall be the specialist in Ilaj bit Tadabeer (Regimenal Therapy Specialist).

(11) Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology) :—

- (a) ability to conduct diagnostic test pertaining to the speciality;
- (b) competent in the management or treatment acute and chronic Skin disorders;
- (c) capable to apply appropriate Ilaj bit Tadabeer (Regimenal Therapy) treatment procedures or external medicines;
- (d) capable of developing remedial measures to manage new entities;
- (e) able to handle appropriate modern equipments and methods in diagnosis;
- (f) proficiency in prescribing or administering Unani interventions for ageing and cosmetic related skin issues;
- (g) ability to diagnose skin disorders through Unani diagnostics and on contemporary lines;
- (h) capable to conduct clinical research in the area concerned;
- (i) the Postgraduate degree holder in Amraze Jild wa Tazeeniyat shall be the specialist in Amraze Jild wa Tazeeniyat (Unani Dermatologist and Cosmetologist).

(12) Ilmul Jarahat (Surgery) :—

- (a) ability to sterilize instruments or quipment used in the operation theatre;
- (b) ability to manage instruments or equipment judiciously in the operation theatre;
- (c) capable of maintaining the operation theatre appropriately;
- (d) skilled in pre-operative and post-operative cares;
- (e) ability to develop tools or instruments as per the current need to perform Unani surgery;
- (f) ability to perform related diagnostic procedures and interpret the results;
- (g) capable to conduct clinical research;
- (h) ability to perform surgery in surgical conditions mentioned in the syllabus as per teaching and training received;
- (i) ability to perform diagnostic surgeries and manage surgical and para-surgical complications; and
- (j) the Postgraduate degree holder in Ilmul Jarahat shall be the specialist in 'Ilmul Jarahat' (Unani Surgeon).

(13) Amraze Niswan wa Qabalat (Gynaecology and Obstetrics) :—

- (a) ability to provide ante-natal care, natal and post-natal care;
- (b) ability to conduct deliveries and manage complications;
- (c) competent to apply anatomy knowledge and diagnose gynaecological or Obstetrics disorders and provide treatment;
- (d) ability to perform gynaecological procedural treatments, gynaecological and obstetrics surgeries as per teaching and training;
- (e) capable to conduct clinical research;
- (f) ability to conduct diagnostic test pertaining to the specialty;
- (g) ability to undertake or advice conception and contraception measures;
- (h) able to prescribe medicines and measures to facilitate normal growth of the foetus and normal delivery;
- (i) capable of doing clinical research in the area concerned; and
- (j) the Postgraduate degree holder in Ilmul Qabalat wa Amraze Niswan shall be the specialist in Amraze Niswan wa Qabalat (Unani Gynaecologist and Obstetrician).

(14) Amraze Atfal (Paediatrics) :—

- (a) ability to manage clinical conditions in general in children up to the age of eighteen years;

- (b) capable of understanding 'normal child';
- (c) ability in implementation of immunization schedule or immunity promoting measures;
- (d) ability to administer external medicine or therapy in children;
- (e) capable to conduct clinical research in the area concerned;
- (f) ability to conduct diagnostic test pertaining to the speciality;
- (g) able to treat specially abled and special children;
- (h) proficient in prescribing diet for growing children based on Unani principles;
- (i) the Postgraduate degree holder in Amraz e Atfal shall be the specialist in 'Amraze Atfal' (Unani Paediatrician).

(15) Amraze Uzn, Anaf wa Halaq (Ear, Nose and Throat) :—

- (a) ability to sterilize instruments or equipment used in the operation theatre;
- (b) ability to perform related diagnostic procedures and interpret the results;
- (c) ability to perform surgery;
- (d) capable to conduct clinical research;
- (e) ability to perform surgical, para-surgical procedures as per Teaching and Training (Syllabus);
- (f) ability to manage surgical complications;
- (g) the Postgraduate degree holder in Amraze Uzn, Anaf wa Halaq shall be the specialist in Amraze Uzn, Anaf wa Halaq (Unani Ear, Nose and Throat Surgeon).

18. The medium of instruction shall be English or Urdu or Hindi or any recognised regional language included under Eighth Schedule to the Constitution of India. In cases where the Postgraduate Department or specialty admits students from different States, the common language of English or Hindi shall be used.

19. Mode of Admission to Postgraduate degree Programme.— (1) There shall be a uniform entrance test or examination namely, the Post-Graduate National Entrance Test for admission to Postgraduate degree (M.D. and M.S) programmes in each academic year and shall be conducted by an authority designated by the National Commission for Indian System of Medicine:

Provided that the Post-Graduate National Entrance Test shall not be applicable for foreign national candidates.

(2) A person possessing the degree of Kamile Tib o Jarahat (Bachelor of Unani Medicine and Surgery) (B.U.M.S.) from a recognised University or Board or Medical institution and possessing a valid registration certificate as a medical practitioner in State or Union territory or Central registration (as applicable), shall be eligible to appear for the Post-Graduate National Entrance Test; After qualifying the Post-Graduate National Entrance Test he or she shall become eligible for admission in the Postgraduate degree (Doctor of Medicine or Master of Surgery) programmes as per the merit.

(3) In case of admission to a Postgraduate programme, temporary registration from Council or Board of the concerned State or Union territory where he or she pursues a Postgraduate programme shall be required for the entire duration of the Postgraduate programme other than the State or Union territory of permanent registration.

(4) To become eligible for admission to Postgraduate degree programmes, it shall be necessary for a candidate to obtain minimum of marks at 50th percentile in the Post-Graduate National Entrance Test held for the said academic year

Provided that in respect of,-

- (a) candidates belonging to the Scheduled Castes, Scheduled Tribes and Other Backward Classes, the minimum marks shall be at 40th percentile;
- (b) candidates with benchmark disabilities specified under the Rights of Persons with Disabilities Act, 2016 (49 of 2016), shall be 40th percentile.

(5) An All-India common merit list as well as State or Union territory wise merit list of the eligible candidates shall be prepared on the basis of the marks or score obtained in the Post-Graduate National Entrance Test and the candidates, within the respective categories, shall be admitted to Postgraduate degree course from the said merit list through counseling only.

(6) The seat matrix for admission in the Government, Government-aided Institution and Private Institution shall be fifteen per cent. for All-India Quota and eighty-five per cent. for the State and Union territory quota:

Provided that,-

(a) The All-India Quota for the purpose of admission in all the deemed universities both Government and Private established under the Central Act shall be hundred per cent.;

(b) The university and institution which are already having more than fifteen per cent. All-India Quota seats shall continue to maintain that quota;

(c) Five per cent. of the annual sanctioned student intake capacity in Government and Government-aided Institutions shall be filled up by candidate with specified disability in accordance with the provisions of the Rights of Persons with Disabilities Act, 2016 (49 of 2016)

(7) The designated authority for counselling of State and Union territory quota for admissions to Postgraduate programmes in all Unani Educational Institutions in the States and Union territories including institutions established by the State Government, University, Trust, Society, Minority Institution, Corporation or Company shall be the respective State or Union Territory in accordance with the relevant rules and regulations of the concerned State or Union territory, as the case may be.

(8) The counselling for all admission to Postgraduate programmes for hundred percent of seats of all Deemed Universities both Government and Private, established by central act shall be conducted by Ayush Admission Central Counselling Committee, the authority designated by the Commission in this behalf.

(9) The counselling for admission to Postgraduate programmes for seats under All-India Quota in government, government aided, Central Universities and Unani Medical institutions established by the Central Government shall be conducted by Ayush Admission Central Counseling Committee, the authority designated by the Commission in this behalf.

(10) All seats including management quota except foreign nationals shall be admitted through online counselling only.

(11) Direct admission by any means other than Central or State or Union territory-counselling (online) shall be considered invalid.

(12) The institutions shall submit the list of students admitted in the format, mode and time specified by the Commission on or before the cut-off date for admissions specified by the Commission for verification; Failing which, a penalty of rupees up to one lakh per day shall be imposed by the MARBISM, Commission on recommendation by the examination cell;

(13) The counselling authorities shall submit the data of allotted students in the format, mode and timeline as specified by the National Commission for Indian System of Medicine.

(14) No candidate who has failed to obtain the minimum eligibility marks specified in these regulations shall be admitted to Postgraduate degree programme in the said academic year.

(15) No authority or institution shall admit any candidate to the Postgraduate programme in contravention of the criteria or procedure laid down in these regulations and related guidelines of the commission.

(16) Any admission made in contravention of the said criteria or procedure in these regulations and related guidelines of the commission shall be invalid and the same shall be cancelled by the Commission forthwith

(17) The authority or institution which grants such admission to any student in contravention of the criteria or procedure laid down in these regulations shall be liable to face consequences as per the relevant provisions of the Act and the regulations thereunder.

(18) Admission procedures and other requisites for admission of foreign national students to Postgraduate programmes in Unani shall be as per the directives or guidelines specified by the National Commission for Indian System of Medicine.

20. Annual Student Intake Capacity and Student-Guide Ratio.- (1) Annual student intake capacity in each Postgraduate degree programme shall not be more than twelve seats per year.

(2) Subject to availability of student-Postgraduate guide in the ratio of 3:1, (three students for one Professor); in case of Associate Professor 2:1 (two students for one Associate Professor or Reader; and in case of Assistant Professor 1:1 (one student for one Assistant Professor or Lecturer).

21. Duration of Course and Attendance.- (1) The duration of Postgraduate programme [Mahire Tib (Doctor of Medicine) and Mahire Jarahat (Master of Surgery)] in Unani shall be three years (thirty-six months)including examination and the nomenclature of Postgraduate programme shall be as per as per the chapter-III.

(2) The maximum duration for completion of the course shall not exceed six years from the date of commencement of the academic course as per the academic calendar issued by the Commission for that particular batch.

(3) Biometric or Aadhar based centralised biometric, or iris detection or face recognition biometric attendance system as specified by the Commission shall be maintained by the institution for the attendance of Postgraduate students.

(4) The below-mentioned leave policy shall be applicable for Postgraduate students,-

(a) casual leaves up to twelve days per academic year;

(b) academic activities such as attending seminars, workshops, training programmes, orientation programmes, symposium etc including days of travelling shall be considered as “on duty”; and

(c) maternity and other leaves as per respective Central or State or Union territory or contract rules as applicable;

(5) The student shall attend minimum eighty per cent. of total academic activities to become eligible for appearing in the university examination and the academic activities including lectures, practical or clinical, demonstrative teaching, online and offline workshops, seminars, clinical case presentation, group discussions, journal club etc., as scheduled by the department or institution.

(6) Acquiring requisite attendance shall be the responsibility of the Postgraduate student. In case of deficiency of attendance, the duration of the course shall be extended proportionately.

(7) The student shall attend the hospital, department or laboratories and other duties as assigned during the course of study.

(8) There is no provision for vacation in Postgraduate degree programmes.

22. Pattern of Study and Subjects.- (1) The Postgraduate programme shall ordinarily start on the first working day of August every year.

(2) The Postgraduate programme shall start with an orientation programme (common and specialty-specific) as prescribed by the commission.

(3) Three years (thirty-six months) of Postgraduate programme shall consist of six semesters, and each semester shall be for six months of duration.

(4) The Notional Learning Hours in each semester shall not be less than 750 hours that are devoted to teaching, practical or clinical training, experiential learning, and carrying out dissertation research activities. The total Notional Learning Hours of the entire Postgraduate programme shall not be less than 4500 hours. (i.e. 750 hours x 6 semesters).

(5) (a) 750 Notional Learning Hours in each semester are structured in to 25 credits and each credit shall have 30 hours;

(b) the 4500 total Notional Learning Hours of the entire Postgraduate programme are structured in to 150 credits (i.e. 25 credits x 6 semesters).

(c) each credit shall have teaching, practical training, and experiential learning in the ratio of 1:2:3 i.e. 05 hours of teaching, 10 hours of practical training and 15 hours of experiential learning;

(6) The Postgraduate programme shall consist of mandatory core subjects and electives in each semester as detailed in below **Table**.

(7) (a) the core subjects shall be taught in the form of modules;

(b) each module may contain one or more credits;

(c) at the end of each module students have to undergo formative assessment (modular based).

- (8) (a) there shall be two categories of electives viz. domain specific electives and capacity enhancement electives;
- (b) each Postgraduate student have to qualify one elective from the domain specific category and one elective from the capacity enhancement category in each semester and totally a Postgraduate student shall qualify a minimum of 12 electives (six electives from the domain specific category and six electives from the capacity enhancement category) during the three years of the entire Postgraduate degree programme;
- (c) elective courses shall be conducted online within the timeframe as specified by the commission in the course curriculum.
- (9) The subjects to be taught and other activities (semester-wise) shall be as mentioned in the **Table** below:—

Table**Semester wise Subjects and Activities**

Sl.No	Semester	Course Period (36 Months)	Subjects and Activities	Number of Credits
(1)	(2)	(3)	(4)	(5)
1	Semester-1	1-6 Months	Orientation Programme (Common)	3
			Orientation Programme (Specific to specialty)	1
			Core subject: Research Methodology (Modules)	9
			Core subject: Biostatistics (Modules)	8
			Electives: Domain specific (anyone)	2
			Electives: Capacity enhancement (anyone)	2
			Sub Total	25

Grand Total				150
Summative Assessment-3				

(10) The curriculum shall be competency based dynamic curriculum as per the provision in the Act.

(11) The method of teaching and training shall be detailed in the curriculum and syllabus.

(12) The students of postgraduate programmes, namely,- Ilmul Advia and Ilmul Saidla may undergo industry postings (drug manufacturing industry) for the duration, instructions, guidelines etc., as specified in the concerned curriculum published by the Commission from time to time.

23. Examination and Assessment.- (1) Assessment shall be carried out in terms of formative assessment and summative assessment.

(2) **Summative Assessment:** The Postgraduate degree course or programme shall have three summative assessments examinations conducted by the University.

(3) (a) The university shall conduct first summative assessment at the end of the first semester for the first semester syllabus, Second summative assessment at the end of second semester for the second semester syllabus, and third summative assessment at the end of sixth semester for the third, fourth, fifth, and sixth semester syllabus

(b) semester third, fourth, fifth and sixth have been kept as one block period so that the activities such as conduction of research activities, clinical exposure, industrial exposure, and other outside postings or activities may be performed by the students without interruption.

(4) Before appearing for the second summative assessment at the end of second semester, it is mandatory for the student to submit the synopsis within the specified period.

(5) Before appearing for the third summative assessment at the end of the sixth semester, the student shall have,-

(a) passed all core subjects of the first and second semesters of the Postgraduate degree programme;

(b) qualified minimum twelve electives (six electives from the domain specific category and six electives from the capacity enhancement category) as specified in these regulations;

(c) submitted the dissertation;

(d) published at least one preprint of the dissertation in preprint repository servers such as bioRxiv or medRxiv or publish or get accepted minimum one research paper in anyone of the reputed indexed research journal (UGC-CARE, PubMed, Web of Science, Science Citation Index or Scopus); research journal and

(e) presented at least one paper in national or international level seminar.

(6) The University shall conduct summative examinations ordinarily in the months of January and July every year.

(7) **Formative Assessment:** (a) formative assessments (modular based) shall be carried out by the concerned Postgraduate Department at the end of each module as specified in the curriculum.

(b) at the end of the semester, semester grade point average (SGPA) shall be calculated as per the calculation method specified in these regulations;

(c) semester Grade Point Average of first semester shall be considered for first summative assessment; Semester Grade Point Average of second semester for second summative assessment and average Semester Grade Point Average of third, fourth, fifth and sixth semesters shall be considered for third summative assessment.

(8) Securing a minimum of sixty per cent. of the Semester Grade Point Average (SGPA) shall be the eligibility criteria for appearing in summative assessments conducted by the university as specified below,-

(a) minimum sixty per cent Semester Grade Point Average of the first semester for appearing in the first summative assessment;

(b) minimum sixty per cent. Semester Grade Point Average of the second semester for appearing in the second summative assessment;

(c) the average of third, fourth, fifth and sixth semesters 'Semester Grade Point Average' shall be minimum sixty per cent. to become eligible for appearing in the third summative assessment conducted by the University; and

(d) the ineligible students due to the shortage of Semester Grade Point Average as specified in (a), (b) and (c), shall become eligible for appearing in subsequent examination only after acquiring the required Semester Grade Point Average by attending the teaching and training of the same semester; in such case, the duration of the Postgraduate programme shall be extended proportionately.

(9) The total number of subjects or papers for summative assessment and distribution of marks shall be as per the Table below:-

Table

Summative Assessments, Semester, Subjects, Number of Papers and Distribution of Marks

Subjects	Semester	Number of Papers	Maximum Marks	
			Theory	Practical or Clinical including Viva-Voce
(1)	(2)	(3)	(4)	(5)
Research Methodology	First	One	100	----
Biostatistics	First	One	100	----
Applied Basics of the Specialty	Second	One	100	200
Specialty specific subject	Sixth	Four	400	400

[Note: The details such as conduction of practical or clinical examination, question paper format, blueprint etc shall be as per the curriculum published by the Commission from time to time]

(10) The calculation method of Semester Grade Point Average for each semester shall be as follow,-

Step 1: Calculation of Module Grade Point (MGP) in each subject:-

$$\frac{(\text{Number of National credit hours attended in a module}) \times (\text{Marks obtained in the modular assessment})}{(\text{Total number of National credit hours in the module}) \times (\text{Maximum marks of the module})} \times 100$$

Step 2: Calculation of Semester Grade Point Average for each subject:-

(Average of Module Grade Points in a Semester)

(11) For being declared successful (a) in the first and second summative examinations, the student shall secure minimum fifty per cent. in theory and minimum fifty per cent in practical or clinical including viva-voce, wherever applicable;

(b) in the third summative assessment, the student shall have to secure aggregate of minimum fifty percent of all papers and a minimum forty percent in each paper of theory examinations and fifty percent in practical or clinical including viva-voce separately.

(12) A candidate obtaining sixty-five per cent. and above marks shall be awarded first class in the subject and seventy-five per cent. and above marks shall be awarded distinction in the subject.

(13) If a student fails either in theory or practical/clinical, or both in any of the summative assessments, the student shall have to appear all subjects of that assessment including practical examinations wherever applicable.

(14) The failed students shall appear for subsequent examinations conducted every six months by the University.

(15) The Postgraduate degree shall be conferred after the dissertation has been accepted and the student has passed the third summative assessment.

24. Appointment of Examiners.- (1) For each subject in semester-I and semester-II, the summative examination or assessment shall be conducted by two examiners, one of whom shall be an external examiner from any other medical institution and the other from the same institution as the internal examiner.

(2) There shall be double valuation for theory answer scripts of the first and second summative assessments and the implementation of double valuation system shall be as per the guidelines published by the Commission.

(3) The sixth semester summative assessment or examination shall be conducted by a team of four examiners, i.e., two external examiners from any other medical institution (at least one external examiner shall be from other state if Unani Postgraduate institutions are available in more than one State or Union territory) and two internal examiners from the same institution.

(4) The theory answer scripts of the third assessment shall be evaluated by all four examiners, and the average of all four evaluations shall be considered the final mark, and similarly the practical or clinical examinations including viva voce shall be conducted by all four examiners and the average marks of all four examiners shall be considered as final mark of practical or clinical including viva-voce.

(5) There shall be no provision for re-valuation of answer scripts.

25. Eligible Postgraduate Examiner.- (1) A teacher with a minimum of five years of Postgraduate teaching in the concerned specialty and who has guided at least one Postgraduate dissertation and the dissertation has been accepted shall be considered eligible as a Postgraduate examiner for theory evaluation, conducting practical or clinical including viva voce.

(2) The eligible Postgraduate examiner shall also be eligible for evaluation of the synopsis, and dissertation;

(3) The same external examiner shall not be appointed as examiner at the same examination centre for not more than three consecutive examinations excluding supplementary examinations.

26. Dissertation.- (1) Each Postgraduate student shall carry out a dissertation work on research topic under the supervision of an eligible Postgraduate guide of the department and submit dissertation in partial fulfilment for the award of degree of postgraduation.

(2) (a) every Postgraduate institution shall have an approved Postgraduate guide allotment policy, and the policy shall facilitate fair allotment of Postgraduate guides for dissertation activities;

(b) the institution shall notify thrust areas of research as specified for the respective Postgraduate Department, specialty, or programme in these regulations for each approved Postgraduate guide, and he or she shall continue guiding allotted Postgraduate students in the same areas of research;

(c) the guide allotment shall be within the student-guide ratio in the department as specified in these regulations;

(d) in cases of inter-departmental, inter-disciplinary, and trans-disciplinary research, a co-guide with minimum Postgraduate degree shall be co-opted from the concerned or collaborative specialty or unit.

(e) the co-guide allotment from the same Postgraduate Department or specialty shall not be allowed and it shall be allowed from the other department in collaborative research.

(3) (a) The dissertation shall be innovative and translational, and the research shall be addition to the Unani medical science and helpful for the promotion of the Unani system;

(b) the topic shall be within the scope of the subject specialty and shall be from the thrust areas of the research of the respective department or specialty as specified in these regulations;

(c) the dissertation title should preferably be on the lines of the results of the aptitude test conducted by the commission when it becomes operational and this aptitude test is to test the aptitude of a student towards specialist in the concerned area, clinical practice, teaching, research, technological development or entrepreneurship;

(d) the title of the dissertation shall be precise and reflect the objectives and methods of the study;

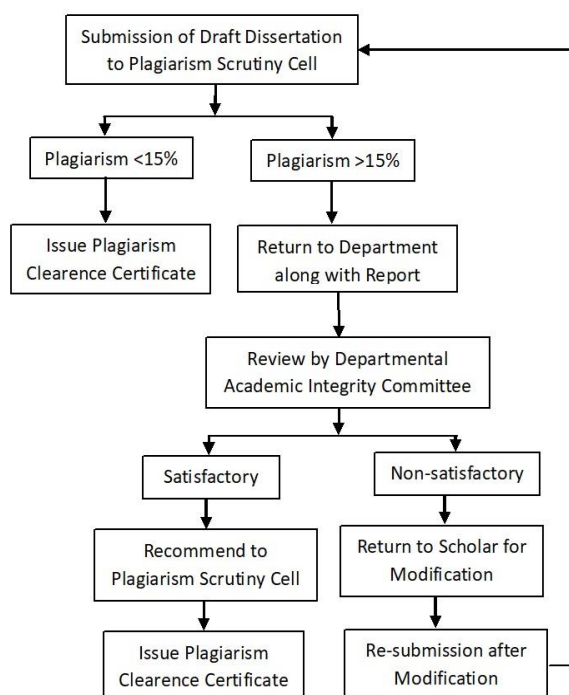

(e) the synopsis for the selected title of the dissertation shall be developed as per the specifications and format specified by the respective university.

(4) (a) The synopsis developed as per the specifications shall be subjected to departmental review; after departmental review, the completed synopsis shall be submitted to the head of the respective department;

(b) the head of the department shall forward all synopsis of the department to the head of the institution;

- (c) the head of the institution in turn forwards all the synopsis to the institutional research review committee, institutional research committee, or institutional scientific committee for approval;
 - (d) corrections or modifications suggested by the aforesaid committee shall be forwarded to the respective heads of departments;
 - (e) the synopsis corrected or modified by incorporating the suggestions shall be re-submitted by the student to the respective heads of departments and from the head of the department to the head of the institution;
 - (f) the head of the institution shall forward the synopsis that requires ethical clearance (clinical studies or animal studies) to the respective Institutional Ethics Committees for human subjects or the Institutional Animal Ethics Committee for animal studies, as the case may be;
 - (g) corrections or modifications suggested by the aforesaid committees shall be forwarded to the respective departments;
 - (h) the synopsis corrected or modified by incorporating the suggestions of the concerned committee by the student shall be re-submitted to the respective departmental head, who in turn forwards it to the head of the institution;
 - (i) submission of synopsis at all stages shall be in soft copy; one hard copy of the final synopsis duly signed by the student, guide, head of the department, and head of the institution shall be retained in the concerned department.
- (5) (a) Soft copy of the synopsis, completed in all aspects and obtaining approval from relevant institutional research and ethics committees, shall be forwarded to the University by the head of the Institution on or before the last working day of the 9th month of the Postgraduate degree programme during the semester-II for registration;
- (b) submission of synopsis within the prescribed time is a mandatory criterion to appear for the second semester summative assessment examination conducted by the University;
 - (c) if the student fails to submit the title of the dissertation and synopsis within the period specified under clause (a), his/her term for the second semester of the Postgraduate degree programme shall be extended for six months, and the synopsis shall be submitted before appearing for the second summative examination. Failing which he or she shall not be eligible to appear for the second summative examination, and the second semester shall be extended for another six months and so on.
 - (d) once the student submitted the synopsis, it is mandatory for the institutions to complete the approval process in stipulated time. Institute shall not charge any additional fee for synopsis approval process.
- (6) (a) After the receipt of the dissertation title and synopsis, the university shall register the title of the dissertation and synopsis by allotting registered number;
- (b) University shall intimate the registered list of dissertation titles and synopsis to the concerned Postgraduate institution and display the same on the university website; the same shall be displayed on the respective college website by the institution;
 - (c) once the title of the dissertation is registered by the university, the student shall not be allowed to change the title of the dissertation without the permission of the university.
- (7) (a) dissertation research activity shall be started only after registration by the respective university for the dissertation title and synopsis;
- (b) after receiving the registration notification from the university, the student, under the guidance of the respective guide, prepares a calendar of events of research activity and submits it to the head of the department; the same shall be verified by the institutional research review committee, institutional research committee, or institutional scientific committee while reviewing the progress of the study;
 - (c) the institutional research review committee, institutional research committee, or institutional scientific committee shall periodically (preferably at the end of third, fourth and fifth semester)-monitor the dissertation activity in terms of:
 - (i) progress of research activity with respect to the calendar of research activity submitted by the student;
 - (ii) quality of research and adherence to the methods and standards as per the approved synopsis.
- (8) (a) On completion of research or dissertation activity with the recommendation of a guide through the head of the department, pre-submission of the dissertation shall be arranged from the 30th to the 32nd month of the Postgraduate degree programme, wherein the institutional research review committee, institutional research committee, or institutional scientific committee reviews the entire study;

- (b) the institutional research review committee, institutional research committee, or institutional scientific committee may approve or suggest corrections or modifications, and the same shall be communicated to the student through the head of the department;
- (c) after incorporating the modifications or corrections suggested by the institutional research review committee, institutional research committee, or institutional scientific committee, the draft dissertation shall be forwarded by the student to the plagiarism scrutiny cell as mentioned in the regulation 29 through the guide and head of the department;
- (d) after plagiarism checking, if the plagiarism scrutiny cell finds the plagiarism is within the permissible limits of not more than fifteen per cent., the plagiarism scrutiny cell shall issue a plagiarism clearance certificate in the **Annexure-A**;
- (e) in case, the plagiarism is more than fifteen per cent. the draft dissertation shall be referred back to the concerned department with a plagiarism check report by the plagiarism scrutiny cell;
- (f) the plagiarism check report shall be reviewed by the Departmental Academic Integrity Committee comprising the head of the department as chairman of the committee, one faculty member from the concerned department, and one faculty member from another department; if the departmental academic integrity committee is satisfied, the committee shall recommend to the plagiarism scrutiny cell to issue a plagiarism clearance certificate in the **Annexure-B**; if the committee is not satisfied, the student shall be directed to modify and resubmit the draft dissertation to plagiarism scrutiny cell;
- (g) the resubmitted draft dissertation shall undergo the same process as specified in clause (f);
- (h) the final dissertation, with certificates including a plagiarism clearance certificate, shall be submitted to the head of the institution through the head of the department in soft copy from the 30th to the 32nd month of the Postgraduate degree programme;
- (i) one hard copy of the dissertation signed by the student, guide, head of the department, and head of the institution shall be retained in the department; and
- (j) the plagiarism related procedures are shown in the following image,-

- (9) The format and specifications in terms of pages, words, font type, line spacing, etc. shall be as per the guidelines specified in the curriculum specified by the National Commission of Indian System of Medicine.
- (10) (a) All the dissertations approved by the institutional research review committee, institutional research committee, or institutional scientific committee, as the case may be, shall be forwarded in soft copy to the University by the head of the Institution;

(b) dissertations shall be submitted to the university during the 33rd month of the Postgraduate degree programme during the sixth semester and the (33rd month shall be counted from the month of commencement of the course as per the academic calendar issued by the Commission for that batch);

(c) the head of the institution shall notify the dates for the below-mentioned events well in advance.

(i) dates for pre-submission;

(ii) date of submission of the dissertation to the department;

(iii) date of submission by departments to the head of the institution;

(iv) date of submission by the head of the institution to the affiliated university; and

(d) no student shall be allowed to submit the dissertation before the 30th month of the course or programme and the student shall continue his or her regular study at the institution after the submission of the dissertation to complete three years of the course.

(11) (a) The dissertation shall be evaluated or assessed by three evaluators or examiners.

(b) the evaluation results of the dissertation shall be declared in terms of Accepted or Rejected as mentioned in the **Table** below.

Table
Evaluation of Dissertation and Results

Evaluator-I	Evaluator-II	Evaluator-III	Results and Remarks
(1)	(2)	(3)	(4)
Accepted	Accepted	Accepted	Accepted
Accepted	Accepted	Rejected	Accepted
Accepted	Rejected	Rejected	Referred to the Fourth Evaluator (If accepted by the fourth evaluator, then the dissertation shall be considered accepted. If rejected, then the dissertation shall be considered rejected and need resubmission of dissertation)
Rejected	Rejected	Rejected	Rejected (Need resubmission of the dissertation)

(12) Submission of the dissertation shall be the pre-requisite for the students to appear in the third university summative examination conducted at the end of the sixth semester. In the event of a delay in submission by the student, the student shall not be eligible to appear in a third summative assessment or examination until submission of the dissertation.

(13) In case of a delay in the evaluation process of the dissertation, the examination results of those students shall be withheld until the approval of their dissertation.

(14) All the approved dissertations shall be displayed either as titles or as complete dissertations on the institutional website, the university website, and other related databases such as Shodhaganga, etc. as specified by the commission.

(15) Once the portal for synopsis as well as the dissertation management system of the Commission is operational, the process of synopsis submission and approval, research progress monitoring, dissertation submission and evaluation, etc. shall be through the Commission portal.

27. Postgraduate Guide Eligibility.- (1) After three years of Postgraduate teaching a Postgraduate teacher shall be eligible to guide Postgraduate students of respective speciality for dissertation work. The affiliating university shall issue Postgraduate guide approval letter to eligible Postgraduate teachers.

(2) The maximum number of students including Postgraduate students and Postgraduate doctoral (Ph.D) students to be guided by a Postgraduate guide shall not exceed ten at any given point of time.

(3) Co-guide shall be a Postgraduate in the concerned research area of collaboration.

- (4) The teaching staff engaged on contractual basis shall not be eligible to guide the students for their dissertation.
- (5) A deputed teacher shall not be allotted students to guide Postgraduate dissertations unless the duration of deputation is not less than three years from the date of allotment of students for guiding.

28. Research Committees.- All Postgraduate institutions shall constitute the below mentioned research committees as per requirement,-

- (1) (a) Every Postgraduate institution shall constitute an Institutional Research Committee, an Institutional Research Review Committee, or an Institutional Scientific Committee.
- (b) there shall be a common institutional research committee up to five Postgraduate programmes. In case of more than five Postgraduate programme, there shall be two institutional research committees namely:-
- (i) institutional research committee for conceptual and experimental studies;
- (ii) institutional research committee for clinical studies;
- (c) the committee shall perform activities, namely;
- (i) screen the dissertation proposals and monitor dissertation or research activities;
- (ii) ensure that the selected topics are within the listed thrust areas of research as specified by the Commission in these regulations;
- (iii) in the case of inter-disciplinary or trans-disciplinary studies, ensure the co-guide from the collaborating department, institution, or organisation;
- (iv) all activities of the Institutional Research Committee, Institutional Research Review Committee, or Institutional Scientific Committee shall be coordinated by the Department of Integrative Health and Translational Research;
- (v) the composition of the committee shall be as detailed in **Table** below.

Table
Composition of the Institutional Research Committee

1	Head of the Institution	Chairman
2	Postgraduate Coordinator or Dean-Postgraduate studies or Dean-Research	Member
3	Heads of Postgraduate Departments	Members
4	Biostatistician	Member
5	Two external members (one from basic sciences and one from medical sciences) from Research Councils or other Medical or Unani or Pharmacy institutions	Members
6	Head of the Department of Integrative Health and Translational Research	Member secretary

Note: 1. Representation from each Postgraduate Department shall be ensured.

2. The external members shall be experts in relevant fields of Postgraduate Departments.

- (2) Institutional Ethics Committee for Human Subjects: Institutional Ethics Committee for human committee shall be constituted as per Indian Council for Medical Research guidelines.
- (3) Institutional Animal Ethics Committee for Animal Studies: Institutional Animal Ethics Committee shall be constituted as per the Committee for Purpose of Control and Supervision of Experiments on Animals guidelines and should be approved by the Committee for the Purpose of Control and Supervision of Experiments on Animals.
- (4) There shall be Clinical Research Cell in the hospital to coordinate the clinical research activities of the institution. The cell Shall have adequate space (minimum fifty square metres) for accommodating research coordination staff, keeping records, documents, research medicines etc and also provided with computer, printer and internet facilities. This cell also facilitates randomisation, binding trial drugs, research audit research drug audit etc., and support in clinical research related activities.

(5) All the constituted committees as mentioned in sub-regulation (1) to (4) shall function under the Department of Integrative Health and Translational Research shall have clearly defined Standard Operating Procedures. The committees apart from reviewing and approving the research proposals shall also monitor the studies and ensure the adherence to standards of research.

29. Plagiarism Scrutiny Cell and Function.- (1) Every Postgraduate institution shall establish a Plagiarism Scrutiny Cell equipped with plagiarism checking software and shall nominate a coordinator trained in plagiarism checking.

(2) The plagiarism scrutiny cell shall be functioning under the Department of Integrative Health and Translational Research.

(3) The plagiarism scrutiny cell shall check the plagiarism in the dissertation within permissible limit or not.

(4) Referring to Arabic/ Urdu/ Persian verse, poem, or quote, including commentaries from Unani literature, shall not be considered plagiarism.

30. Areas of Research.- Areas of Research listed below under each department or specialty shall be the thrust areas of research for that concerned speciality. The dissertation topics shall be relevant to any one of the thrust areas of research specified for that particular speciality. This facilitates longitudinal research in selected areas and may lead to translational research and innovation. The list may be revised from time to time by the Commission depending on the new emerging areas.

(1) Kulliyat (Basic Principles of Unani Medicine):-

(a) review, compilation and comparison of literature available on an Unani concept from different ancient literatures, creation of hypothesis and their validation;

(b) review, assessment, and critical analysis of manuscripts;

(c) standardization of *mizaj* (temperament) and *mizaj shakhsi*;

(d) validation of Unani basic principles or concepts with the help of different scientific tools;

(e) development of demonstrative methods or techniques for Kulliyate Tib;

(f) development of tools, scores, methods, or modules for assessment of different unique concepts of Unani medicine;

(g) methods of application of Unani basic principles in different disciplines;

(h) development of research methodology in Unani medicine for qualitative, quantitative, analytical, clinical, and experimental research studies;

(i) development of collaborative research protocols for conducting research in Unani medicine;

(j) critical study of research methodology; used to understand Indian Knowledge with special reference to Kulliyat (Basic Principles of Unani Medicine) and creating instrumentations or tools for the same;

(k) application of ancient tools to understand and demonstrate Unani medicine;

(l) to explore the concept of different types of *quwa* and *quwwat mudabbira-i-badan* in terms of contemporary sciences and their applications;

(m) comparative study or critical analysis basic principles of Unani medicine and contemporary concepts;

(n) development of teaching methods, medical education technology, and tools for Kulliyate Tib (Basic principles of Unani Medicine);

(o) principles of *nabz* and their applications.

(p) *kulliyat usool tashkhees* (diagnostic principles), *kulliyat usool ilaj* (principles of treatment), *kulliyat usool ghiza* (principles of dietotherapy), *ilaj bid dawa* (pharmacotherapy) on contemporary lines;

(q) *akhlāt* and their dynamic relationship with human health and diseases;

(r) development and standardization of Unani terminologies;

(s) new emerging diseases and their scope of understanding in the light of Unani basic principles;

(t) introduction and special review of kulliyat chapters in different classical texts related to their translation, commentaries, and comparison.

(2) Tashreehul Badan (Anatomy):—

- (a) applied anatomy for various regimenal therapies such as *hijama*, *taleeq*, *fasd* etc;
- (b) studies related to surgical anatomy in Unani surgical, and para-surgical procedures or obstetrics and gynaecology;
- (c) applied anatomy in bone-setting;
- (d) applied anatomy related to Unani fundamental principles and concepts;
- (e) development of glossary of terms with meanings related to Tashreehul Badan;
- (f) understanding of *janeen* in the context of contemporary embryology;
- (g) ancient method of preserving human cadaver and comparative study with modern practice;
- (h) anatomical correlation of *hayatte aza mizaj* classification on anthropometric basis and measurement of internal viscera;
- (i) development of teaching methods, medical education technology, and tools for Tashreehul Badan (Human Anatomy);
- (j) development of specimens to explore Unani Tashreehul Badan concepts;
- (k) classification of *aazae mufrida* and *murakkaba* as per modern anatomical understanding;
- (l) exploring the classical literature to apprehend the extent of anatomical understanding of ancient physicians for medical history purpose.

(3) Manafeul Aza (Physiology):—

- (a) exploration of physiological concepts of Unani medicine in the context of contemporary sciences and advanced techniques;
- (b) understanding the influential relationship between *umoore tabiya* and physiological functions and scientific explorations;
- (c) association between maintenance of health and food and *akhlat* from physiological and biochemical perspective;
- (d) understanding the *huzum-i-arba* in the context of contemporary sciences; and scientific exploration;
- (e) validation of fundamentals of Unani medicine using physiology, biochemistry and genetics as tool;
- (f) validation of *nabz*, the ancient pulse concepts in physiological perspective;
- (g) scientific study on *mizaj* in physiological viewpoint;
- (h) exploring the potential of Unani medicine in contribution to sports physiology;
- (i) development and validation of scales, instruments, or tools for Manafeul Aza (Human Physiology) concepts;
- (j) development of teaching methods, medical education technology, and tools for Manafeul Aza (Human Physiology);
- (k) examining the holistic principles of Unani medicine in context of neuro-biological, neuro-endocrinal, or neuro-psycho-electrobiological associations.

(4) Ilmul Advia (Pharmacology):—

- (a) determination of *mizaj-i-advia*, *darjat-i-advia* and its scientific explorations and interpretations and development of tools to assess or estimate the same;;
- (b) development of tools to estimate, assess, or measure for *mizaj-i-advia*;
- (c) scientific studies on purification of drugs through traditional methods;

- (d) scientific studies on procurement of raw materials;
- (e) development of new purification methods and its scientific justifications;
- (f) stability studies of raw drugs or formulations;
- (g) identification of equivalent substitutes for endangered medicinal plants;
- (h) good cultivation, good collection, or storage practices and their scientific viewpoint;
- (i) scientific validation on substitutes and adulterants;
- (j) pharmacoepidemiological or ethnopharmacology; aspects of Unani drugs;
- (k) drug identification and authentication through traditional and conventional methods;
- (l) pharmacokinetics and pharmacodynamics of single drugs;
- (m) drug standardisation
- (n) experimental studies to explore quality, efficacy and safety of drugs;
- (o) pharmacognosy and phytochemistry studies;
- (p) experimental studies on plant or animal or mineral derivatives;
- (q) physico-chemical characterization of *advia nabatiya*, *advia madaniya* and *advia haywaniya*;
- (r) network pharmacology through in-silico or computational studies;
- (s) metabolomic, and proteomic studies of Unani drugs;
- (t) development of teaching methods, medical education technology, and tools for Ilmul Advia (Materia Medica, Pharmacology and Pharmacognosy).

(5) Ilmul Saidla (Unani Pharmacy):—

- (a) quality, efficacy, and safety of various *ashkale advia* (dosage forms): experimental studies;
- (b) scientific validation of *miqdar khorak* (drug dosages), *badraqa* (vehicle or adjuvant), *tadabir-i-ghiza* (diet regulations) and *muddat* (duration);
- (c) scientific studies including the physico-chemical characterisation of *advia nabatiya*, *advia madaniya* and *advia haywaniya* or higher order of medicine (*darja e chaharum ki dawae*);
- (d) innovative techniques or methods to prepare *kushtajat* and scientific justifications;
- (e) literary survey on *amal-i-taklis* and critical review;
- (f) understanding the chemistry and chemical technology of higher order of medicine (*darja e chaharum ki dawae*);
- (g) redesigning of Unani compound formulation and its scientific perspective;
- (h) exploring new dosage forms through experimental studies creation of new metal or mineral based Unani medicine, hypothesis and experimentations;
- (i) quality assessment of Unani drugs through traditional methods, comparison on contemporary methods and their scientific interpretations;
- (j) scientific exploration of *ulfat-i-kimiya* and *nafrat-i-kimiya* concept in medicine preparations;
- (k) comparative studies on medicine prepared through various methods for same indications;
- (l) single drug administered with various *badraqqat* for treating different diseases of different systems-experimental studies;
- (m) inventory of mechanism of action of Unani medicines;
- (n) nano-chemistry applications on Unani pharmaceuticals;
- (o) pharmacovigilance aspect of Unani drugs;
- (p) scientific studies on properties of medicines prepared by traditional and modern industry methods;
- (q) development of pharmaceutical technology;

- (r) development of teaching methods, medical education technology, and tools for Ilmul Saidla (Materia Medica, Pharmaceutics and Clinical Pharmacy) ;
- (s) development of pharmaceutical tools and technologies or tools for dispensing pharmacy;
- (t) physicochemical standardisation of formulation as mentioned in the Pharmacopoeia;
- (u) scientific validation studies of given theoretical concepts or methods used in *dawasazi* like validation of various purification techniques, detoxification procedures etc;
- (v) translation and critical review of manuscript, classical text and to explore the traditional knowledge, core philosophy of identification, collection, storage, compounding, manufacturing method and organoleptic characterization and assessment along with their evaluation on the modern scientific parameters;
- (w) comparative assessment of hybrid (classical and modern) manufacturing method;
- (x) scientific evaluation of *tadbeer e advia*;
- (y) development of standard operating procedure for different dosage form with physicochemical and analytical parameters;
- (z) pre-formulation, in process, post formulation quality assurance and pharmaceutical analysis;
- (za) *in-vivo* and *in-vitro* pharmacokinetic and pharmacodynamics studies;
- (zb) new drug discovery and development in Unani;
- (zc) redesigning or remodelling or reformulation of classical dosage form;
- (zd) stability studies and shelf life of single drugs or compound drugs;
- (ze) study on pharmacoeconomics;
- (zf) pharmaceutical management and regulatory aspects of Unani drugs;
- (zg) formulation and analysis nutraceuticals and cosmeceutical.

(6) Mahiyatul Amraz (Pathology):—

- (a) applied aspects of Unani basic principles in diagnosis and assessment of prognosis;
- (b) standardisation of Unani diagnostic methods (e.g. *bawl wa baraz*) in the light of contemporary sciences;
- (c) development of the modules of diagnostic methods for *nabz*, *bawl wa baraz* etc;
- (d) development of new diagnostic tools based on Unani principles;
- (e) documentation or prediction or prognosis of the disease with its aetiology through domination of *akhlat*;
- (f) applied aspects of *ghair tabai akhlat* in different diseases;
- (g) applied aspects of *nabz* and *bawl wa baraz* in incurable conditions and its scientific explorations;
- (h) development and validation of questionnaires to assess various types of *mizaj* or *su'-i- mizaj*;
- (i) understanding the impact of changes in diet and habit on humours and developing objective parameters for its assessment;
- (j) anthropometric application of Unani concepts in diagnosis and prognosis and its scientific justifications;
- (k) validation of a questionnaire to assess the humoral status of physiological and pathological variables through *nabz* (pulse) and *bawl wa baraz*, *luab e dahan* etc;
- (l) validation of Unani diagnostic tools in terms of sensitivity, specificity, variability and reliability;
- (m) studies on specific, non-specific, typical, and atypical urine examination patterns observed in various diseases and their scientific authentication;
- (n) determination of system wise pathologies through different perceptions of *nabz* or *ghalba-i-akhlat*;
- (o) scientific exploration of effects of *Istifragh* on body;
- (p) diagnosing the special physiological status, like pregnancy, along with the stages;
- (q) scientific validations of newer aetiological factors and their impact;
- (r) experimental studies on Unani pathophysiology in terms of molecular biology;
- (s) comparative study of conventional aetiological factors and *asbaab* in diagnosis of various diseases;

- (t) assessment of impact of *munzij wa mushil* on body through Unani parameters e.g. *nabz, bawl* etc;
- (u) validation of questionnaire to assess *ghalba-i-akhlat* in physiological and pathological conditions with special reference to *hawas-i-khamsa zahira wa hawas-i-khamsa batina*;
- (v) prognosis of diseases through Unani parameters e.g. *nabz, bawl w baraz*;
- (w) development of teaching methods, medical education technology, and tools for Mahiyatul Amraz (Pathology and Laboratory Diagnosis);
- (x) scientific correlation of *mizaj/ su 'i- mizaj* with genomics.
- (y) Unani pathology in molecular biology aspects.

(7) Tahaffuzi wa Samaji Tib (Preventive and Social Medicine):— Postgraduate programme - Tahaffuzi wa Samaji Tib (Unani Dietetics, Lifestyle Management, Preventive Medicine and Public Health).-

- (a) conceptual, clinical and scientific studies on Unani dietetics and nutrition;
- (b) promotion of health through the Unani diet- scientific studies;
- (c) scientific explorations and experimental studies of *dawā' ghidhā'ī* and *ghidhā' dawā'ī* concepts;
- (d) scientific studies on *ghayr ṭab'ī khilṭ* and its impact on health and normalising the impaired *Khilṭ* through food;
- (e) prevention of disease and promotion of health through the Unani diet on scientific parameters;
- (f) relevance of *asbāb sitta ḍarūriyya* (six essential factors) in prevention of disease and promotion of health;
- (g) *istifrāgh* or bio-cleansing procedures in Unani and their scientific relevance in health promotion and disease prevention;
- (h) nutritional and medicinal value of traditional foods or culinary medicines: experimental studies;
- (i) development of Unani dietetics and nutrition modules in different diseases;
- (j) management of psychosomatic disorders with *asbāb sitta ḍarūriyya* (six essential factors);
- (k) clinical study on the role of *asbāb sitta ḍarūriyya* (six essential factors) in the prevention of communicable, non-communicable or lifestyle disorders;
- (l) management of lifestyle disorders through *dalk wa riyādhāt*;
- (m) scientific exploration of traditional methods of disease prevention and public health;
- (n) epidemiological survey or research;
- (o) concept of immune boosters in the prevention of various diseases with special reference to Unani classical literature: scientific explorations;
- (p) Tahaffuzi wa Samaji Tib in Public Health;
- (q) mental health through *harakat-o-sukun nafsani*, practices and scientific validation and justifications;
- (r) stress management through *asbāb sitta ḍarūriyya* (six essential factors);
- (s) development of integrative research protocol for communicable and non-communicable diseases;
- (t) development of innovative techniques in the line of Tahaffuzi wa Samaji Tib;
- (u) novel Unani techniques to manage air pollution, water pollution and soil pollution;
- (v) development of objective parameters for the determination of the impact of Tahaffuzi wa Samaji Tib principles for health promotion and disease prevention;
- (w) *asbāb sitta ḍarūriyya* (six essential factors) for preventive healthcare, promotional healthcare, curative and restorative healthcare, or rehabilitative healthcare;
- (x) role of *asbāb sitta ḍarūriyya* (six essential factors) in preventive and promotional healthcare, anti-ageing, geriatric care, reproductive health, metabolic disorders, or endocrine disorders;
- (y) principles of *shakhṣī ḥifẓān-i-ṣiḥḥat* (personal hygiene) for the maintenance of individuals' health: scientific aspects;

- (z) development of objective parameters to determine the clinical improvement through *riyādhāt* in selected clinical conditions;
- (za) development of standard operating procedures for therapeutic *riyādhāt* procedures;
- (zb) *riyādhāt* for rejuvenation and longevity;
- (zc) collection and compilation of ancient literature on *riyādhāt* or *ghidhā'* and critical review;
- (zd) development of assessment scale or tools for diagnosing mind-related disorders;
- (ze) developing of counselling techniques;
- (zf) development of teaching methods, medical education technology, and tools for Tahaffuzi wa Samaji Tib (Unani Dietetics, Lifestyle Management, Preventive Medicine and Public Health);
- (zg) development of assessment scale or tools for diagnosing or risk prediction of metabolic disorders;
- (zh) development of research protocols for integrating Unani system of medicine in National health programmes like National vector borne disease control programme, national tuberculosis programme, reproductive and child health programme, etc.;
- (zi) exploration of immunomodulator drugs in Unani system of medicine;
- (zj) determining the association between *mizāj-i-insānī* and various disorders like neurological metabolic, musculoskeletal, endocrinal disorders etc.;
- (zk) exploration of prophylactic drugs in Unani system of medicine.
- (zl) therapeutic yoga for endocrine disorders: integrative or collaborative research;
- (zm) yoga for metabolic disorders: integrative or collaborative research;
- (zn) yoga and neurophysiology: integrative or collaborative research;
- (zo) yoga for geriatrics: integrative or collaborative research;
- (zp) yoga for mental health: integrative or collaborative research;

(8) Tahaffuzi wa Samaji Tib (Preventive and Social Medicine): Postgraduate programme- Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology):—

- (a) clinical studies on medical management of poisoning conditions;
- (b) pharmacological evaluation of Unani antidotes;
- (c) emergency medical management of poisoning in Unani: experimental studies;
- (d) pharmacovigilance;
- (e) scientific studies on purification of raw drugs of Unani drugs;
- (f) scientific studies on detoxification methods of drugs of herbal, metal, mineral and animal origin;
- (g) inorganic irritant poisons (metal and mineral) and their removal: experimental studies;
- (h) safety studies on Unani formulations including drugs prepared from heavy metals;
- (i) drug addiction and Unani management;
- (j) *ghazeedgi* and its management;
- (k) novel methods for the removal of toxins or poisons based on Unani principles;
- (l) studies on forensic medicine, forensic toxicology, occupational toxicology, or domestic poisoning;
- (m) development of objective parameters, assessment scales, instruments, or tools to diagnose poisoning;
- (n) development of teaching methods, medical education technology, and tools for Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology);
- (o) Unani court physicians and their range, success and applicability in Forensic medicine;
- (p) medical laws and ethics practiced in Unani Medicine;
- (q) toxicological profiling of *advia-e-sammi* (3rd or 4th degree drugs) or mineral origin drugs;

(r) poisoning from eatables and drugs;

(9) Moalajat (Medicine):—

- (a) clinical research (disease based) on general clinical conditions;
- (b) clinical trials on psychiatric disorders;
- (c) emergency management of acute clinical conditions with Unani medicines;
- (d) unani medical management of terminally ill patients;
- (e) scientific validation of *munzij mushil* therapy in Unani medicine;
- (f) unani palliative care;
- (g) unani management of infectious diseases;
- (h) geriatric care through Unani medicine;
- (i) clinical management of systemic diseases, autoimmune disorders, or cancer;
- (j) studies to validate *ahkam-i-ghiza* (dietary regulations) in various diseases;
- (k) management of metabolic syndrome or disorders through Unani medicine;
- (l) management of lifestyle disorders with integrated treatment protocol (*ilaj bil ghiza, ilaj bit tadbeer, ilaj bil dawa*, whichever applicable);
- (m) standardisation of treatment protocol or line of treatment for selected disease;
- (n) clinical efficiency of combined therapy with internal and external medicine: an integrative research;
- (o) standardisation of treatment protocol for diseases not mentioned in classical literature;
- (p) development of teaching methods, medical education technology, and tools for Moalajat (Medicine).

(10) Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology):—

- (a) clinical Studies on the management of dermatologic disorders;
- (b) development of assessment scales and tools for diagnosing skin disorders;
- (c) scientific validation of *musaffiyat therapy* in skin disorders;
- (d) clinical studies on the management of cosmetic dermatology;
- (e) studies on various *tadabeer* in the management of dermatology and cosmetology;
- (f) development of novel techniques in Unani context for the management of skin and cosmetic disorders;
- (g) detoxification procedures of skin and their scientific validation;
- (h) management of skin disorders due to metabolic, auto-immune, nutritional, vascular, atrophic, endocrinal dysfunction, infection, congenital, hereditary, allergy, and poisons;
- (i) management of challenging skin disorders such as scleroderma, ichthyosis, keloid, melanoma, haemangioma, etc;
- (j) scientific validation of Unani cosmetics and cosmeceuticals;
- (k) studies on Unani cosmetics for its therapeutic efficiency and safety;
- (l) comparative studies on Unani versus conventional cosmetic procedures;
- (m) developments of new cosmetics and cosmeceuticals for aging and photoaging with reference to Unani literature;
- (n) studies on the efficacy of Unani hair tonics;
- (o) studies on the development of hair rejuvenation therapies;
- (p) studies on hair dyes, colouring, and styling techniques;
- (q) elaboration and development of perfumes and deodorants mentioned in Unani literature;

- (r) studies to validate *ahkam-i-ghiza* (dietary regulations) in various skin and cosmetic disorders;
- (s) measures to maintain healthy skin;
- (t) development of teaching methods, medical education technology, and tools for Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology);

(11) Ilaj bit Tadabeer (Regimenal Therapy):—

- (a) clinical application of Ilaj bit Tadabeer in medical and para-surgical conditions and its scientific validation;
- (b) management of neuro-musculo-skeletal disorders with Ilaj bit Tadabeer;
- (c) *ilaj bit tadabeer* for sports injuries;
- (d) *ilaj bit tadabeer* in pain management or palliative care;
- (e) *ilaj bit tadabeer* in emergency healthcare management;
- (f) development of tools or scales for proper understanding of *ilaj bit tadabeer* procedures;
- (g) clinical efficiency of combined therapy with medicines and *ilaj bit tadabeer* procedures: Integrative research;
- (h) development of instruments or equipment for external treatment;
- (i) elucidating mechanisms of *ilaj bit tadabeer* procedures;
- (j) standardisation and development of standard operating procedures for various regimens of *ilaj bit tadabeer* procedures;
- (k) collection, compilation and critical review of classical literature of *ilaj bit tadabeer*;
- (l) contemporary modifications in *ilaj bit tadabeer* procedures;
- (m) establishing specific *ilaj bit tadabeer* procedures for non-communicable diseases;
- (n) study on *ilaj bit tadabeer* in the rehabilitation of orthopaedic and rheumatologic conditions;
- (o) development of teaching methods, medical education technology, and tools for Ilaj bit Tadabeer (Regimenal Therapy);
- (p) *ilaj bit tadabeer* for lifestyle disorders, rheumatological conditions or metabolic disorders;

(12) Jarahat (Surgery):—

- (a) management of surgical conditions through Unani surgical and para-surgical procedures; clinical research;
- (b) standardization and development of standard operating procedures for different Unani surgical and para-surgical procedures with contemporary sciences;
- (c) development of instruments and equipment for different surgical and para-surgical procedures;
- (d) standardization of various types of traditional Unani surgical instruments on contemporary lines;
- (e) modification of existing surgical practices or exploration of new methods or technology;
- (f) exploration and establishment of classical surgical procedures not in practice;
- (g) development of diagnostic technology in surgical conditions on traditional and contemporary lines and scientific interpretations;
- (h) standardization of pre-operative and post-operative procedures in the context of Unani surgical and para-surgical procedures;
- (i) development of Unani para-surgical procedures for new indications and standardization;
- (j) novel surgical procedures for new indications;
- (k) clinical research (surgical condition or disease based);
- (l) collection, compilation and critical review of surgical procedures from ancient classical Unani literature;
- (m) development of teaching methods, medical education technology, and tools for Ilmul Jarahat (Surgery).

(13) Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry):—

- (a) management of eye, ear, nose, throat, and dental diseases with Unani surgical interventions;
- (b) management of eye, ear, nose, throat, and dental diseases with Unani para-surgical interventions; clinical research;
- (c) standardization and development of standard operating procedures for different Unani surgical and para-surgical procedures with contemporary sciences;
- (d) development of instruments and equipment for different surgical and para-surgical procedures;
- (e) standardization of various types of traditional Unani surgical instruments on contemporary lines;
- (f) modification of existing surgical practices or exploration of new methods or technologies;
- (g) exploration and establishment of classical surgical procedures not in practice;
- (h) development of diagnostic technology in surgical conditions on traditional and contemporary lines and scientific interpretations;
- (i) standardization of pre-operative and post-operative procedures in the context of Unani surgical and para-surgical procedures;
- (j) development of Unani surgical and para-surgical procedures for new indications and standardization;
- (k) clinical research (surgical condition or disease based);
- (l) development of teaching methods, medical education technology, and tools for Amraze Uzn, Anaf wa Halaq (Diseases of Ear, Nose, and Throat).

(14) Qabalat wa Niswan (Obstetrics and Gynaecology):—

- (a) clinical efficiency of ante-natal care, natal care and post-natal care in Unani;
- (b) pre-conceptional healthcare in Unani and pre-conception counselling;
- (c) scientific validation of Unani medicines and measures to facilitate normal growth of foetus and normal delivery;
- (d) clinical studies with Unani medicine in obstetrics including nausea and vomiting, anaemia, gestational diabetes, hypertension in pregnancy, cervical incompetence, induction of labour, retained products of conception, threatened abortion, or missed abortion etc;
- (e) studies on breast feeding, breast diseases and lactogogues in Unani medicine;
- (f) clinical study to validate the efficacy, safety and mechanisms of Unani medicine in gynaecological disorders including endometriosis, adenomyosis, polycystic ovarian disease or syndrome, uterine prolapse, uterine fibroids, pelvic inflammatory diseases, sexually transmitted diseases, abnormal vaginal discharge, or bacterial vaginosis etc;
- (g) clinical studies on menstrual disorders;
- (h) unani management for female infertility: clinical research;
- (i) studies on premenstrual, perimenopausal syndrome, menopausal syndrome, or osteoporosis, with Unani medicine;
- (j) studies in adolescent girls such as mental health issues, anxiety and depression, anaemia, menstrual hygiene, malnutrition, or obesity;
- (k) studies on sexual and reproductive health;
- (l) research on female sexual dysfunctions or disorders;
- (m) specialty related endocrine disorders and management;
- (n) Scientific explorations on contraceptives in Unani medicine ;
- (o) management with Unani medicine for genital cancer such as uterine, ovarian, cervical or breast cancer;
- (p) management and clinical research of urogynaecological disorders such as urinary incontinence, stress urinary incontinence, urge incontinence, mixed urinary incontinence, or urinary tract infections;

- (q) clinical studies with dietotherapy in gynecological and obstetrical diseases;
- (r) application of *ilaj bit tadabeer* in gynaecological disorders and its standardization;
- (s) integration of *yoga* and *riyazat* and *dalak* in the management of gynaecological disorders and postpartum care;
- (t) studies to validate efficacy of *tadabeer* in gynaecological disorders;
- (u) standardisation of gynaecological procedural management such as vaginal douche, *hamul*, *farzaja*, *fateela*, *marham*, *zimad*, *tikor*, *huqna*, or *abzan* etc;
- (v) clinical studies for change of vaginal dosage form in tablet, suppository and pessary form;
- (w) study on postpartum haemorrhage management with Unani drugs;
- (x) study to validate efficacy of Unani formulated phytoestrogen cream use in postmenopausal disorders;
- (y) study on Unani medicine and procedures in the management of breast disorders;
- (z) Unani clinical interventions for hysteria and postpartum psychosis;
- (za) development of teaching methods, medical education technology, and tools for Amraze Niswan wa Qabalat (Gynaecology and Obstetrics).

(15) Ilmul Atfal (Paediatrics):—

- (a) unani immune boosters for children up to the age of eighteen;
- (b) unani Management for special children, spastic children, autism, and attention deficit hyperactivity disorder;
- (c) management of child diseases with Unani medicines and procedural interventions-clinical study;
- (d) integration of *yoga* and *riyazat* in the management of child disorders; collaborative research;
- (e) unani memory boosters;
- (f) unani medicines and measures for growth and development of children;
- (g) dietary allergies and their management in paediatrics;
- (h) nutritional disorders in children and management;
- (i) childhood obesity and management;
- (j) adolescent health- Unani medicines and measures;
- (k) parameters of a normal child;
- (l) gadget addiction and behavioural problems and management;
- (m) vaccine adjuvants;
- (n) genetic, congenital, and cognitive disorders and management;
- (o) anaemia in children and management;
- (p) worm infestations in children and management;
- (q) recurrent infections and management;
- (r) paediatric purview of social and preventive medicine- scientific studies;
- (s) re-designing of dosage forms of classical Unani drugs as per requirement in paediatrics;
- (t) Unani management for myopathy in children;
- (u) role of *ilaj bit tadabeer* in paediatric treatment;
- (v) diagnostic methods of paediatric cases;
- (w) development of teaching methods, medical education technology, and tools for Amraze Atfal (Paediatrics).

Note: Only one student per year out of all Postgraduate programme conducted by the institution shall be allowed to select the dissertation topic in the thrust area of “Development of teaching methods, technology and tools”.

31. Stipend for Postgraduate students.- For Postgraduate students belonging to the Central Government, State Government, and Union territory Institutions, the stipend shall be paid on par with other medical systems under the respective Governments, and there shall be no discrepancy between medical systems.

32. Qualifications and Experience of the Postgraduate teaching Faculty.-

(1) (a) Possessing Postgraduate degree in the concerned specialty or subject obtained from a recognised university, and included in Second Schedule of Indian Medicine Central Council Act, 1970 or recognised under section 35 of the Act, and a valid registration with concerned State Board or Council or a valid Central or National registration certificate issued by the Board of Ethics and Registration for Indian System of Medicine, National Commission for Indian System of Medicine; however, the registration certificate is not applicable for the teachers of non-medical qualifications.

(b) for Postgraduate degree courses as mentioned in the column two of **Table** below, Postgraduate degree in Unani medicine from a recognised university and included in second schedule of Indian Medicine Central Council Act, 1970 (48 of 1970) or recognised under section 35 of the Act, 2020 of the related speciality as mentioned in column three shall be considered eligible for the appointment and this status shall be maintained until the availability of eligible teachers for teaching from the concerned specialty mentioned in column two

Table
Eligible Teachers for Postgraduate Specialties

Sl. No (1)	Postgraduate Specialty or Programme (2)	Related Specialty/Allied Subjects (3)
1	Tashreehul Badan	Ilmul Jarahat or Kuliyate Tib
2	Manafeul Aza	Kuliyate Tib
3	Ilmul Saidla	Ilmul Advia
4	Tibbul Qanoon wa Ilmul Samoom	Tahafuzzi wa Samaji Tib or Moalajat or Ilmul advia or Ilmul Saidla
5	Mahiyatul Amraz	Moalajat or Kuliyate Tib
6	Ilaj bit Tadabeer	Moalajat or Tahaffuzi wa Samaji Tib
7	Amraze Jild wa Tazeeniyat	Moalajat
8	Amraze Uzn, Anaf, Halaq	Ilmul Jarahat or Moalajat
9	Ilmul Atfal	Moalajat or Qabalat wa Amraze Niswan

Note 1: The provision of related speciality/allied subjects may be allowed for five years from the date of commencement of these regulations.

Note 2: The teachers got appointed in allied subjects, if desires to return to parent department, they may return within three years from the date of notification of these regulations and in such case, the allied subject experience of the Commission approved teachers shall be considered as regular experience in parent department and the Commission approved teachers who remained in allied subjects shall be considered as regular teacher of respective department and eligible for promotion as regular teacher as specified in these regulations.

Note 3: The teachers who had been considered eligible in the past on the basis of the Indian Medicine Central Council (Post-graduate Education) Regulations, 1979, the Indian Medicine Central Council (Post-graduate Education) Regulations, 2007 and the Indian Medicine Central Council (Post-graduate Unani Medical Education) Regulations, 2016, shall not be considered ineligible after notification of these regulations.

(2) **Experience.**-(a) (i) Qualification and experience for the post of head of the institution (Principal or Dean or Director) shall be the same qualification and experience prescribed for the post of Professor in these regulations with minimum three years of administrative experience (vice principal or head of the department or deputy medical superintendent or medical superintendent, etc.);

(ii) he or she shall have been completed the orientation programme for the head of the institutions on 'Educational Administration' conducted by the Commission within six months period from the date of joining as the head of the institution;

(iii) the successful completion of the orientation programme on education administration within the timeline prescribed by the Commission from time to time is a mandatory requirement for holding the post of the head of the institution. Failing which, he or she shall not be considered for the post of head of the institution by the MARBISM.

(b) for the post of Professor: (i) total teaching experience of ten years as regular teacher in concerned subject or five years of teaching experience as Associate Professor or Reader on regular basis in concerned subject; or

(ii) total teaching experience of ten years as a regular teacher in Postgraduate teaching in the concerned subject, or five years of teaching experience in Postgraduate teaching as Associate Professor or Reader on regular basis in the concerned subject; or

(iii) total ten years of research experience as full-time researcher after possessing Postgraduate

degree qualification in the concerned subject on regular appointment in Research Council or Research Institutions of Central Government or State Government or Union Territory Administration or University or National institutes or National Accreditation Board for Testing and Calibration Laboratories (NABL) accredited Laboratory having,-

(A) qualified in the National Teachers Eligibility Test conducted by the National Commission for Indian System of Medicine; and

(B) minimum five research papers published in indexed journals (indexed in UGC-CARE, PubMed, Web of Science, Science Citation Index, Scopus); or

minimum three research papers published in indexed journals (indexed in UGC-CARE, PubMed, Web of Science, Science Citation Index, Scopus) and one published book or manual relevant to Unani; or

investigator for any major research project with a duration of the project three years and above as per the sanctioned letter.

(c) for the post of Associate Professor: (i) total teaching experience of five years as regular teacher in the concerned subject; or

(ii) total teaching experience of five years as regular teacher in Postgraduate teaching in the concerned subject; or

(iii) total five years of research experience as full-time researcher after possessing Postgraduate degree qualification in the concerned subject on regular appointment in Research Council or Research Institutions of Central Government or State Government or Union territory Administration or University or National Institutes or National Accreditation Board for Testing and Calibration Laboratories (NABL) accredited Laboratory having,-

(A) qualified in the National Teachers Eligibility Test conducted by the National Commission for Indian System of Medicine; and

(B) minimum three research papers published in indexed journals (indexed in UGC-CARE, PubMed, Web of Science, Science Citation Index, Scopus); or

minimum one research paper published in indexed journals (indexed in UGC-CARE, PubMed, Web of Science, Science Citation Index, Scopus) and one published book or manual relevant to Unani; or

investigator for any major research project (duration of the project three years and above as per the sanctioned letter); or

investigator for minor research project (duration of the project less than three years as per the sanctioned letter).

(d) for the post of Assistant Professor, no teaching experience is required and he or she shall have been qualified in the National Teachers Eligibility Test conducted by the National Commission for Indian System of Medicine.

(e) the actual research experience acquired during a regular full-time Doctor of Philosophy (Ph.D.) programme from the date of joining to the date of submission of the thesis and not more than three years shall be considered as teaching experience and Ph.D seat allotment letter, proof of joining to full-time Ph.D programme and proof of submission of thesis to the university shall be considered as evidence in this regard.

(f) one yoga teacher with the qualification and experience as mentioned in the National Commission for Indian System of Medicine (Minimum Standards of Undergraduate Unani Education) Regulations, 2022 shall be appointed in each standalone Postgraduate institution on a full-time basis. He or she shall work under the Department of Tahaffuzi wa Samaji Tib (Preventive and Social medicine) and shall not be issued a unique teachers code.

(g) for the Department of Integrative Health and Translational Research: (i) one Professor with post graduate degree qualification in Unani (Doctor of Medicine-M.D. or Master of Surgery-M.S.) preferably with doctoral degree (Ph.D.) with the experience as mentioned in clause (b) of sub-regulation (2) shall be appointed on full-time, regular basis and he or she shall be the head of the department. He shall be provided with unique teacher's code by the MARBISM and he or she shall be eligible for the post of head of the institution.

(ii) the Department of Integrative Health and Translational Research shall have teaching staff in the subjects of Biochemistry, Pharmacology, Microbiology, Medicinal Botany or Botany And Public Health shall be appointed on a full-time, regular basis, and whose qualifications, experience and promotion shall be as specified in the National Commission for Indian System of Medicine (Minimum Standards of Undergraduate Unani Education) Regulations, 2022. They shall be provided unique teachers code by the MARBISM and they are not eligible to hold the post of head of the department or head of the institution (Principal or Dean or Director);

(iii) one bio-statistician having qualification and experience as mentioned in the NCISM-UG Regulation, 2023 shall be appointed in the Department of Integrative Health and Translational Research on full-time or part-time basis and shall not be provided the unique teachers code by the MARBISM.

(3) Temporary appointment or contractual appointments shall not be allowed. However, in case of Government institutions, contractual appointments may be allowed with following conditions, namely:—

(a) shall be a stop gap arrangement;

(b) shall not be more than two years for a particular post in particular department;

(c) shall have been qualified in National Teachers Eligibility Test.

(4) (a) Every eligible teacher as per these regulations shall be provided unique teacher code by the MARBISM .

(b) the procedure of obtaining unique teacher code and the details on withdrawal of unique teacher code shall be as per the provisions in National Commission for Indian System of Medicine (Minimum Standards of Undergraduate Unani Education) Regulations, 2022.

(5) Age of superannuation of the teacher.- The age of superannuation of teachers shall be as per the order of the Central, State, or Union territory Administration, and retired teachers fulfilling the eligibility norms may be re-employed up to the age of sixty-five years as full-time regular teachers.

(6) Attendance of teacher.-(a) each teacher shall have not less than seventy-five per cent. of attendance during the working days of every calendar year assessment year as applicable;

(b) the attendance of teaching staff shall be calculated in terms of "Teaching days" as specified in the NCISM-UG MES Regulations, 2023.

Explanation.— For the purposes of this clause, "teaching days" means the number of days a full-time regular teacher attended or performed duty in a twelve-month period, in the college and its teaching hospital wherein he or she has been appointed, based on the attendance system implemented by the commission.

(7) The regulations on relieving and replacement of teaching staff, deputation of teaching staff and experience of consultants and teaching staff before issuing of Letter of Permission shall be as per the provisions mentioned in the NCISM-UG MES Regulations, 2023.

(8) Qualifying National Teachers Eligibility Test conducted by the Commission shall be the mandatory requirement for all eligible candidates, those who are entering into teaching profession in Unani medical colleges or institutions for the first time irrespective of cadre.

(9) Faculty Development and Training Programme: Each teaching faculty shall undergo for Medical Education Technology or Quality Improvement Programme once in three years, conducted by the National Commission for Indian System of Medicine.

33. Tuition Fee.—The tuition fee as laid down and fixed by the respective Fee Fixation Committee or Fee Regulatory Committee or Governing Committee constituted by the State government or Union territory administration or University shall be charged only for three years of course period and no tuition fee shall be charged for extended duration of the study in case of failing in examination or by any other reasons.

34. Course Commencement and Cut-off date of Admission.— (1) First year Postgraduate programme shall ordinarily starts from August of every year or and the cut-off date of admission in Postgraduate degree programme shall be ordinarily on the 31st July of each academic session or as specified by the Commission from time to time.

(2) Each institution shall conduct the academic activities or events as per the academic calendar specified in **Table** below.

Table
Tentative Academic Calendar for Postgraduate degree Programmes
(Doctor of Medicine-M.D. or Master of Surgery-M.S.)
(Total Duration of the Programme - 36 Months)

Sl.No	Academic Activity or Event	Timelines
(1)	(2)	(3)
1	Programme Commencement	First Working Day of August
2	Postgraduation Orientation Programme	Fifteen to Twenty Working Days
3	Guide Allotment for Postgraduate Dissertation Activity	October (third month)
4	First Summative Assessment by the University	January (sixth month) (at the end of first semester) (third or fourth week of January)
5	Submission of Synopsis	April (ninth month)
6	Second Summative Assessment by the University	July (twelfth month) (at the end of second semester) (third or fourth week of July)
7	First Progress Review	January (eighteenth month)
8	Second Progress Review	July (twenty-fourth month)
9	Third Progress Review	January (thirtieth month)
10	Pre-Submission of Dissertation Work	January to March (thirtieth to thirty-two months)
11	Submission of Dissertation to Head of the Institution by the Department	January to March (thirtieth to thirty-two months)
12	Submission of Dissertation to the University by the Head of the Institution	April (thirty-third month)
13	Third Summative Assessment by the University	July (36 th Month) (at the end of sixth semester) (third and fourth week of July)

Note: The last day of third summative assessment (theory or practical or clinical as the case may be) may be treated as the last working day of the Postgraduate programme.

35. Date of Completion of Permission Process.— The process of grant or denial of permission to the Unani institutions for taking admissions in Postgraduate course shall be completed by the MARBISM sixty days before the commencement of counselling conducted by Ayush Admissions Central Counselling Committee for admission of students in to Unani Postgraduate degree programmes every year.

CHAPTER VIII

STARTING OF NEW POSTGRADUATE DEGREE PROGRAMMES (DOCTOR OF MEDICINE-M.D. OR MASTER OF SURGERY-M.S.) ESTABLISHMENT OF STANDALONE POSTGRADUATE INSTITUTION AND INCREASE IN THE STUDENT INTAKE CAPACITY IN EXISTING POSTGRADUATE PROGRAMMES

36.(1) No person shall start a new medical institution, start any Postgraduate course, or increase student intake capacity, seats, or admission capacity without obtaining permission from the Medical Assessment and Rating Board for Indian System of Medicine in response to an application submitted by the person or applicant in this regard.

(2) The starting of new medical institutions, the starting of Postgraduate degree programmes and the increase in student intake capacity shall be as per section 29 of the Act.

37. General considerations.-

(1) The last date for the receipt of application for new schemes shall be displayed by MARBISM on the National Commission for Indian System of Medicine website every year.

(2) Applications submitted by a person (a university, society, trust, or any other body, but does not include the Central Government) online or offline as specified by the MARBISM shall be in the prescribed format annexed to these regulations (for establishing a new standalone Postgraduate medical institution in Unani **(Form-A)**, for starting a new Postgraduate programme **(Form-B)**, and for increasing seats or student intake capacity or admission capacity **(Form-C)**, along with the prescribed application fee and processing fee specified by the MARBISM in these regulations.

(3) Incomplete applications shall not be accepted in any case.

(4) There is no provision for withdrawal of applications after the last date.

(5) In case of withdrawal of application before the last date, the application fee shall not be refunded.

(6) Any document in the local language shall be submitted in a transcript of Hindi or English or in both languages;

(7) It is understood that, before submission of the application, the applicant should have gone through and understood the Act, and the concerned regulations.

38. Pre-Requisites.- (1) An essentiality certificate or no objection certificate from the respective State government or Union territory administration shall be submitted at the time of application in the prescribed format annexed to these regulations for establishing a medical institution **(Form-D)**, starting a new Postgraduate course or programme **(Form-E)**, and increasing the seats or student intake capacity **(Form-F)**.

(2) The consent of affiliation from the respective university clearly mentioning the academic year or years of affiliation in the prescribed format **(Form-G)** annexed to these regulations shall be submitted for establishing a new medical institution, starting a new Postgraduate course, and increasing the seats or student intake capacity, as the case may be.

(3) The radial distance between any two Unani medical colleges run by the same trust, society, or university shall not be less than twenty-five kilometres.

(4) (a) In the case of a standalone Postgraduate institution, at the time of submission of an application, proposal, or scheme, it shall have a fully functional sixty-bed Unani hospital that has been completed for a minimum of twenty-four months (i.e., two years of functionality) of existence after establishment with proper registration;

(b) the hospital shall have fulfilled all the minimum essential standards in terms of infrastructure, human resources, functionality, facilities, including equipment and instruments, etc. stated for the teaching hospital attached to the college or institution with sixty bedded hospital (sixty students intake capacity) as specified in the NCISM-UG MES Regulations, 2023 at the time of submission of an application;

(c) the hospital may be established on phased manner as mentioned in Chapter- VIII of the NCISM-UG MES Regulations, 2023.

(5) The following shall be considered for the two years of functionality of the hospital:

(a) bank transactions depicting the salary of consultants and other hospital staff either in a nationalised bank or any other commercial bank approved by Reserve Bank of India in an independent account in the name of the hospital;

- (b) the bank transactions indicating the functionality of the hospital, such as periodic purchases of medicines and hospital consumables, payment of relevant taxes, hospital income, and the like;
- (c) well documented (physical or electronic) hospital records, including patient attendance in Out-Patient Departments and In-Patient Departments, documents showing maintenance of the hospital, and renewal of the necessary permissions from local or concerned authorities;
- (d) the hospital shall have at least entry-level National Accreditation Board for Hospitals certification at the time of application.

39. Eligibility for making application to start Postgraduate degree programme in a undergraduate college or institution.-

- (1) It shall be a fully established undergraduate college or institution under section 28 of the Act.
- (2) The college or institution shall have fulfilled all requirements specified in NCISM-UG MES Regulations, 2023 in terms of infrastructure, human resources, and functionality.
- (3) The college or institution shall have been permitted by the Commission or the erstwhile Central Council for Indian System of Medicine or Central government to run an undergraduate course in Unani (Bachelor of Unani Medicine and Surgery) and completed at least four years and six months after first permission;
- (4) The college or institution is exempted by the Commission for being owned or managed by the Central Government, State Government or Union Territory from fulfilling the criteria specified in sub-regulation (3);
- (5) The college or institution with student intake capacity of sixty or hundred or one hundred fifty or two hundred shall be under 'extended permission category' and shall have been rated grade "A" or "B" in the rating process carried out by the MARBISM at the time of submission of application or proposal or scheme
- (6) Department-wise pre-requisites.-
 - (a) Average bed occupancy shall not be less than sixty per cent. in Moalajat (Medicine) In-Patient Department for starting Postgraduate degree programme in Moalajat (Medicine);
 - (b) Average bed occupancy shall not be less than sixty per cent. in Ilaj bit Tadabeer (Regimenal Therapy) In-Patient Department for starting Postgraduate degree programmes in Ilaj bit Tadabeer (Regimenal Therapy);
 - (c) Average bed occupancy shall not be less than sixty per cent. in Jarahat (Surgery) In-Patient Department along with Operation Theatre along with Major Operation Theatre and Minor Operation Theatre facilities, performing an average of a minimum ten Unani surgical and para-surgical procedures per day for starting Postgraduate degree programme in Jarahat (Surgery);
 - (d) Average bed occupancy shall not be less than sixty per cent. in Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry) In-Patient Department along with a procedure section in the Operation Theatre (Major and Minor) facility, performing in an average of a minimum ten Unani surgical and para-surgical procedures per day for starting Postgraduate degree programme in Amraze Uzn, Anaf wa Halaq (Diseases of Ear, Nose and Throat);
 - (e) Average bed occupancy shall not be less than sixty per cent. in Qabalat wa Niswan (Obstetrics and Gynaecology) In-Patient Department and an average of minimum ten deliveries per month for starting of Postgraduate degree programme in Qabalat wa Niswan (Obstetrics and Gynaecology);
 - (f) Average bed occupancy shall not be less than sixty per cent in Ilmul Atfal (Paediatrics) In-Patient Department for starting a Postgraduate degree programme in Ilmul Atfal (Paediatrics);
 - (g) Average attendance of Sixty patients per day in Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology) Out-Patient Department for starting Postgraduate degree programme in Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology).
 - (h) Minimum thirty patients per day attending Ilmul Samoom (Clinical Toxicology) Out-Patient Department for the speciality of Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) under the department of Tahaffuzi wa Samaji Tib (Preventive and Social medicine) for starting Postgraduate degree programme in Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Toxicology);
 - (i) Average attendance of fifty persons per day in Tahaffuzi wa Samaji Tib (Preventive and Social medicine) Out-Patient Department for starting of Postgraduate degree programme in Tahaffuzi wa Samaji Tib (Unani Dietetics, Lifestyle Management, Preventive Medicine and Public Health);

- (j) Phytochemistry laboratory, Green house in addition to wasful Aqaqir (Pharmacognosy) laboratory, Ilmul Advia (Pharmacology) laboratory, and Museum in Ilmul Advia Department for starting of Postgraduate programme in Ilmul Advia (Materia Medica, Pharmacology and Pharmacognosy);
 - (k) Advanced Quality Testing Laboratory in addition to Ilmul Saidla (Unani Pharmacy) Practical Laboratory or teaching Pharmacy and Museum cum tutorial room in Ilmul Saidla Department for starting of Postgraduate degree programme in Ilmul Saidla (Materia Medica, Pharmaceutics and Clinical Pharmacy);
 - (l) Molecular Biology Laboratory in addition to Mahiyatul Amraz Practical Laboratory for Pathology and Microbiology and Museum in Mahiyatul Amraz (Pathology) Department for starting of Postgraduate degree programme in Mahiyatul Amraz (Pathology and Laboratory Diagnosis);
 - (m) Advanced Language Laboratory in addition to Kuliyat Umoore Tabiya Practical Laboratory cum Tutorial Room and Museum cum tutorial room in Kuliyat (Basic Principles of Unani Medicine) Department for starting of Postgraduate degree programme in Kuliyat Tib (Basic Principles of Unani Medicine);
 - (n) Virtual dissection table and e-Dissection software in addition to Dissection Hall, Practical laboratory in Tashreehul Badan (Anatomy) Department for starting of Postgraduate degree programme in Tashreehul Badan (Human Anatomy);
 - (o) Manafeul Aza Practical Laboratory for Physiology and Biochemistry in Manafeul Aza (Physiology) Department for starting Postgraduate degree programme in Manafeul Aza (Human Physiology);
- (7) The teaching hospital shall have at least entry level accreditation of National Accreditation Board for Hospitals (NABH).

40. Eligibility for making an application to establish for Standalone Postgraduate institution.—For making an application under these regulations, a society or trust or university or institution or any other body shall be eligible if,-

- (1) The applicant's objectives shall be to impart education in the Indian System of Medicine.
- (2) The minimum required land and other specifications shall be as mentioned in regulation 12 in these regulations.
- (3) In the case of institutions having lease agreement for land, the institution shall not be granted permission for admission for the last three years of lease period unless the institution submits a notarised affidavit every year mentioning the lease shall be renewed before the expiry of the lease and subsequently submits the renewed lease agreement before expiry of lease period.
- (4) Fully established functioning Unani hospital having at least entry-level accreditation of the National Accreditation Board for Hospitals with sixty beds having bed occupancy not less than sixty per cent. and established with all minimum essential standards mentioned for teaching hospital attached to under-graduate college or institution with sixty student intake capacity as specified in the NCISM-UG MES Regulations, 2023.
- (5) Able to produce documentary evidences in support of additional financial resources, staff, space, equipment and other infrastructure as per the Commission norms.
- (6) Furnishes an affidavit that, the land and buildings designated for Postgraduate departments shall be maintained exclusively for the Postgraduate departments or Speciality and no other courses or colleges or programmes shall be conducted.
- (7) Furnishes an affidavit that the only All-India Ayush Postgraduate Entrance Test qualified students shall be admitted only through Central or State or Union territory counselling strictly on the merit basis except foreign nationals and Government of India sponsored candidates.
- (8) Furnishes an affidavit that the nomenclature of Postgraduate degree and teacher-student ratio shall be maintained as per the specifications laid down in these regulations.
- (9) In a position to establish infrastructure and manpower in such a manner as specified in these regulations.

41. Eligibility for making an application to increase seats or student intake capacity in the existing Postgraduate programme.— For making an application, a society or trust or university or institution or any other body shall be eligible if,-

- (1) the Postgraduate Department or specialty shall be under 'extended permission category' and shall have been rated grade "A" or "B" in the rating process carried out by the Medical Assessment and Rating Board for Indian System of Medicine or designated authority at the time of submission of application or proposal or scheme;
- (2) has fulfilled the pre-requisites specified in the sub-regulation (1) and (2) under regulation 38 of these regulations;

(3) permitted by the Commissioner erstwhile Central Council for Indian System of Medicine or Central government for running Postgraduate programme (in which intake capacity to be increased) and completed three years after first permission;

(4) exempted by the Central Government for being owned or managed by the Central Government or the State Government or Union Territory from fulfilling the criteria specified in sub-regulation (3);

(5) furnishes an affidavit that All-India Ayush Postgraduate Entrance Test qualified students only shall be admitted only through Central or State or Union territory counselling strictly on the merit basis except foreign nationals, Government of India sponsored candidates;

(6) furnishes an affidavit that the teacher-student ratio shall be maintained as per the specifications laid down in these regulations for increasing number of seats;

(7) in a position to establish infrastructure and manpower in such manner as specified in these regulations.

42. Method of Application.- (1) Applicant fulfilling the pre-requisite and eligibility criteria as specified in these regulations, may submit the application or proposal or scheme as per the mode (online or offline or both) and timeline specified by the MARBISM from time to time.

(2) Individual applications for each Postgraduate specialty or programme shall be submitted;

(3) Non-refundable Application fee and Processing fee with applicable taxes as shown in **Table** below shall be paid through online mode (National Electronic Fund Transfer or Real Time Gross Settlement) to Commission account in favour of “National Commission Fund for Indian System of Medicine”;

Table
Application Fee and Processing Fee

Item	Fee Details in Rupees	
	Application Fee	Processing Fee
(1)	(2)	(3)
Postgraduate institutions where Undergraduate Programme is in Existence		
To start Postgraduate degree programme	Two lakh rupees per programme	Ten lakh rupees per programme
To increase student intake capacity in existing Postgraduate degree programme	Two lakh rupees per programme	Five lakh rupees per seat
Standalone Postgraduate institution		
To start standalone Postgraduate institution	Two lakh rupees	Ten lakh rupees per programme
To start additional Postgraduate degree programme	Two lakh rupees per programme	Ten lakh rupees per programme
To increase student intake capacity in existing Postgraduate degree programme	Two lakh rupees per programme	Five lakh rupees per seat

(4) Application with all necessary documents as specified in these regulations shall be submitted within the time frame and mode (online or offline or both) as specified by the MARBISM from time to time.

43. Processing of Application.- All the received applications shall be subjected to scrutiny by the Medical Assessment and Rating Board for Indian System of Medicine as per the following criteria, namely:—

(1) Applicant eligibility;

(2) Pre-requisites;

(3) Fulfilment of Minimum Essential Standards as specified in these regulations;

(4) Application fee and Processing fee with applicable taxes;

- (5) Supportive documents;
- (6) Hospital data;
- (7) Transactions in official bank accounts (separate account for hospital and college) either in a nationalised bank or any other commercial bank approved by Reserve Bank of India;
- (8) Any other as specified by the MARBISM from time to time.

44. Issue of Letter of Intent.- (1) After the scrutiny, the applications shall be processed under following categories (a) and (b), namely:—

(a) the applications fulfilling minimum essential standards and other requisites: (i) The applicant institutions fulfilling minimum essential standards and other requisite criteria as specified in these regulations shall be inspected or visited by the Medical Assessment and Rating Board for Indian System of Medicine;

(ii) the MARBISM shall verify the data submitted by the institution along with the application and the observations made by the visitors during the inspection or visitation and if found satisfied, the institution will be issued Letter of Intent as per section 29 of the Act;

(iii) in case any shortcomings noticed during inspection or visitation, the same shall be communicated and an opportunity shall be given for rectification except for the non-rectifiable shortcomings mentioned in the sub-regulation (2);

(iv) the compliance report along with necessary supporting documents submitted by the institutions that have been given an opportunity for rectification, will be subjected for scrutiny for the shortcomings specified and if found satisfied the application is approved and Letter of Intent will be issued; if not found satisfied or the compliance report if not received within the due date as specified by the MARBISM the application shall be disapproved and rejected.

(b) the applications with shortcomings: (i) The applications found with shortcomings will be communicated to the applicant for rectification;

(ii) the compliance report along with supporting documents submitted by the institutions within the specified duration, will be scrutinised once again by the MARBISM; if found satisfactory, the institution shall be inspected or visited;

(iii) the Medical Assessment and Rating Board for Indian System of Medicine will examine the compliance report submitted by the college and the observations made by the visitors; if found satisfactory, the institution shall be issued Letter of Intent; if not found satisfactory the application shall be disapproved and rejected.

(2) Non-rectifiable shortcomings: However, shortcomings of serious nature like deficiencies in minimum essential standards as specified in these regulation such as functionality of the hospital, land availability or dispute, insufficient time duration of functioning hospital, non-availability of essentiality certificate from state government, non-availability of consent of affiliation from the university, deficiency in constructed area of college and hospital etc. an opportunity to rectify the defects shall not be given and such applications shall stand disapproved;

(3) The relaxation policy applicable to the existing colleges shall not be applicable for new applications unless otherwise specified by the MARBISM;

(4) Letter of Intent shall be valid for that particular year only.

45. Issue of Letter of Permission.-(1) The institutions who received Letter of Intent shall submit the compliance report by fulfilling all the minimum essential standards; details of teaching, non-teaching staff and hospital staff appointed as specified in these regulations and fixed security deposit to the Commission within the duration as specified by the MARBISM and the security deposit shall be:—

(a) for starting of a new Postgraduate course or programme: rupees fifty lakhs per programme;

(b) for increasing number of seats: rupees five lakhs per seat;

Provided that it shall not apply to the colleges or institutions governed by Central or State or Union territory if they give an undertaking to provide funds in their plan budget regularly till requisite facilities are fully provided as per time bound programme indicated by them.

(2) The security deposit amount shall be paid through online payment mode (National Electronic Fund Transfer or Real Time Gross Settlement) to Commission account in favour of “National Commission Fund for Indian System of Medicine”.

(3) The fixed security deposit amount shall be returned to the college or institution account without interest after three years of commencement of concerned Postgraduate programme. There shall not be any financial grievance pending against the college or institution or pending penalty amount due to disciplinary action taken by the Medical Assessment and Rating Board for Indian System of Medicine or National Commission for Indian system of Medicine.

(4) Upon receipt of compliance report along with all necessary supportive documents the MARBISM shall conduct inspection or visitation;

(5) The MARBISM shall examine the compliance report and the observations made by the visitors during inspection or visitation and if found that the applicant is fulfilling all the requisite minimum standards, the institution shall be issued Letter of Permission;

(6) The applicant shall be communicated either approval or disapproval of the application or proposal or scheme by the Medical Assessment and Rating Board for Indian System of Medicine within six months from the last date of submission of application or proposal or scheme.

(7) The Medical Assessment and Rating Board for Indian System of Medicine shall be the authority to transform the above-mentioned system for application, verification, assessment and rating through Artificial Intelligence based online system for transparency.

46. Appeal.- As per section 29 of the Act, aggrieved applicants may prefer an appeal in the following situations in the manner specified below:—

(1) In case of denial of permission by the Medical Assessment and Rating Board for Indian System of Medicine, or no order is passed within six months of submitting a scheme, the aggrieved applicant may prefer first appeal to the Commission within fifteen days of communication of disapproval or within fifteen days after lapse period of six months as the case may be;

(2) The first appeal may be submitted by online or offline or as specified by the Commission from time to time;

(3) Upon receipt of appeal, the commission shall examine the appeal and the aggrieved applicant shall be given an opportunity for hearing;

(4) In case if the commission found that, the applicant is fulfilling all the minimum essential standard requirements, the commission may direct MARBISM to consider the application;

(5) In case if the applicant is not fulfilling the minimum essential standards, the commission shall disapprove and reject the application;

(6) In any case the commission shall communicate the decision to the applicant within fifteen days of receipt of the appeal.

(7) In case of disapproval by the commission or no order has been passed by the commission within fifteen days from the date of receipt of such an appeal, the aggrieved applicant may prefer a second appeal to the Central Government (Ministry of Ayush) within seven days.

47. Renewal of Permission.- (1) Letter of Permission issued once shall be valid for one year (i.e.12 months) and shall be renewed on yearly basis (first renewal and second renewal) until the Postgraduate Department or specialty under establishment attains fully established status as mentioned in **Table** below to sub-regulation (7).

(2) The institutions issued Letter of Permission shall submit the compliance (Postgraduate Department or specialty wise) in respect to the fulfilment of minimum essential standards as specified in these regulations. The compliance report shall be submitted by the institution prior to six months to the expiry of Letter of Permission.

(3) The MARBISM shall conduct inspection or visitation and examine the compliance report submitted by the college and the observations made by the visitors during inspection or visitation and on fulfilment of minimum essential standards, the institution shall be issued the first renewal of permission as shown in **Table** below to sub-regulation (7).

(4) The same method mentioned followed for first renewal shall be followed for second renewal of permission.

(5) After second renewal, the Postgraduate Department or specialty shall be treated as 'Fully Established Postgraduate Department or specialty' under section 28 of the Act, unless otherwise acted upon by the Medical Assessment and Rating Board for Indian System of Medicine as per the clause (f) of sub-section (1) of section 28 of the Act.

(6) In case of non-fulfilment of minimum essential standards and not attaining annual targets at any phase of establishment of the institution, in such case the Medical Assessment and Rating Board for Indian System of Medicine shall deny permission for admission for a particular Postgraduate department or specialty for that particular academic session.

(7) The fully established Postgraduate department or specialty is eligible for rating by the MARBISM.

Table
Permission and Category of Postgraduate Department or Specialty

Sl.No	Section 28 and Section 29	Permission or Renewal of Permission	Category	Batch
(1)	(2)	(3)	(4)	(5)
1	29	Letter of Intent	Under consideration	No admission
2		Letter of Permission	Institution under Establishment	First batch
3		First Renewal of Permission		Second batch
4		Second Renewal of Permission		Third batch
5	28	Extended Permission or Yearly Permission	Fully Established Postgraduate Department or Specialty. Entitled for Rating	Fourth batch

CHAPTER-IX

RATING OF POST GRADUATE DEPARTMENTS IN POSTGRADUATE MEDICAL INSTITUTIONS WHERE UNDERGRADUATE COURSE IS IN EXISTENCE AND STANDALONE POSTGRADUATE S INSTITUTIONS

48. Rating of Post Graduate Departments in Postgraduate Medical Institutions where Undergraduate Course is in existence and standalone Postgraduates Institutions (1) The Postgraduate Department possessing “extended permission” status in Postgraduate medical institutions where an undergraduate programme is in existence and standalone Postgraduate medical institutions shall be rated every year.

(2) In the case of Postgraduate institutions where undergraduate course is in existence, the rating shall be carried out for fully established undergraduate institution and fully established Postgraduate departments separately.

(3) Fully established Postgraduate departments or specialties in undergraduate colleges and standalone Postgraduate institutions shall be rated individually (i.e Postgraduate department or specialty wise rating).

(4) The following Postgraduate institution or Postgraduate department or specialty shall not be eligible for rating, namely:—

(a) undergoing establishment under section 29 of the Act;

(b) categorised under the “yearly permission” category;

(c) denied permission by the MARBISM;

(d) measures taken by the MARBISM as per the provisions specified in clause (f), sub-section (1) of section 28 of the Act.

(5) The rating process shall be carried out by the MARBISM, or any agency designated by the MARBISM under section 28 of the Act, through the procedure based on the key areas and standards determined by the Board of Unani Siddha and Sowa-Rigpa qualitatively and quantitatively.

(6) In such a case, the MARBISM shall identify independent rating agencies through a committee constituted for this cause by the MARBISM and make the list of rating agencies.

(7) The list of the independent rating agencies shall be placed before the Commission from time to time by the MARBISM for the approval of the commission to finalize the list and draw up the “MARBISM-Empanelled Rating Agencies” and also for related financial implications.

(8) It shall be obligatory on such Postgraduate medical institutions or Postgraduate departments or specialties eligible for rating as mentioned in sub-regulation (1) to provide access to such rating agencies.

(9) The Postgraduate departments or specialties shall be rated based on the standards maintained by the institutions over and above the minimum essential standards mentioned in these regulations.

(10) The data uploaded periodically (on or before tenth of every month for the data pertaining to preceding month) by the institutions (self-disclosure) on the Commission online platform shall be considered for rating and other purposes;

(11) The proportion of weightage between online data verification and physical verification or assessment for rating shall be 70:30 (i.e. seventy per cent. online data verification and thirty per cent physical verification or assessment);

(12) After the assessment for rating, the individual Postgraduate Department or specialty under the extended permission category shall be graded into Grade ‘A’, Grade ‘B’, Grade ‘C’, or Grade ‘D’ based on the assessment score obtained by the Postgraduate Department or specialty.

(13) The MARBISM shall make available on the Commission’s web site or in the public domain the ratings of Postgraduate departments or specialties of the Postgraduate institutions before the commencement of counselling.

(14) The MARBISM shall frame the format and procedure for uploading such data of assessment and rating on the Commission website.

(15) The Postgraduate Department awarded Grade ‘A’ is entitled to charge a five percent development fee over and above the prescribed fee by the concerned fee fixation authority of Central, State, or Union territory from the students admitted during the years of possessing Grade ‘A’.

(16) An undergraduate college with grade ‘A’ or ‘B’ shall be eligible to start any new Postgraduate programme recognised by the National Commission for Indian System of Medicine.

(17) In case of undergraduate institution where Postgraduate programmes are already existing, all existing Postgraduate departments or specialties shall have ‘A’ or ‘B’ to start any new Postgraduate programme recognised by the National Commission for Indian System of Medicine.

(18) The standalone Postgraduate institution having all existing Postgraduate programme with grades of ‘A’ or ‘B’ shall only be eligible to apply for starting any new Postgraduate programme recognised by the National Commission for Indian System of Medicine.

(19) The Postgraduate departments or specialties having grades of ‘A’ or ‘B’ shall only be eligible to apply for an increase in student intake capacity in the concerned department or specialty.

(20) The college or institution or Postgraduate Department or specialty of any grade, if acted upon by the Medical Assessment and Rating Board for Indian System of Medicine for the provisions in clause (f), sub-section (1) of Section 28 of the Act, shall be deemed to have been withdrawn, and no communication will be sent for the withdrawal of the grade; if such a college, institution, or department continues to use the grade, such institutions shall be subjected to disciplinary action by the Medical Assessment and Rating Board for Indian System of Medicine.

(21) Medical institutions or Postgraduate departments shall be graded based on the rating score obtained by the institution, as mentioned in **Table** below:—

Table
Rating Score and Grades

Rating Score	Grade
(1)	(2)
75 and above	A
50-74	B
25-49	C
Up to 24	D

(22) Annual rating fee shall be paid along with applicable taxes through online (National Electronic Fund Transfer or Real Time Gross Settlement) to the National Commission for Indian System of Medicine account in favour of National Commission Fund for Indian System of Medicine within the period specified by the Medical Assessment and Rating Board of Indian System of Medicine and the fee details are as under.

(a) Postgraduate institutions where undergraduate course is in existence, the rating fee for undergraduate college (as per the student intake capacity) as specified in the NCISM-UG MES Regulations, 2023 and for Postgraduate departments as under shall be paid separately:—

- (i) number of Postgraduate departments or specialties up to five: rupees one lakh;
- (ii) number of Postgraduate departments or specialties from six to ten: rupees two lakhs;
- (iii) number of Postgraduate departments or specialties from eleven and fifteen: rupees three lakhs;
- (iv) number of Postgraduate departments or specialties sixteen and above: rupees four lakhs;

(b) Standalone Postgraduate institutions shall pay the basic fee mentioned in the NCISM-UG MES Regulations, 2023 for sixty bedded hospitals i.e, rupees two lakhs and fifty thousand along with the specific rating fee mentioned for Postgraduate departments or specialties in sub-clauses (i) to (iv) of clause (a) of sub-regulation (22) of regulation 48 as applicable; and the entire rating fee details are given in below **Table**.

Table
Fee for Rating of Unani Postgraduate institutions

Institution	Number of Postgraduate programmes and Annual Rating Fee in Rupees			
	Up to 5	6 to 10	11 to 15	16 and above
(1)	(2)	(3)	(4)	(5)
Postgraduate departments in Undergraduate Institutions	Rs. 1,00,000/-	Rs. 2,00,000/-	Rs. 3,00,000/-	Rs. 4,00,000/-
Standalone Postgraduate institutions	Rs. 3,50,000/- (2,50,000*+1,00,000)	Rs. 4,50,000/- (2,50,000*+2,00,000)	Rs. 5,50,000/- (2,50,000*+3,00,000)	Rs. 6,50,000/- (2,50,000*+4,00,000)
* For sixty bedded hospital in standalone Postgraduate institutions				

CHAPTER- X

MINIMUM ESSENTIAL STANDARDS FOR DOCTORAL DEGREE (Ph.D.) (DOCTOR OF PHILOSOPHY)

49. General Considerations.- (1) Doctoral degree awarded to a research work carried out in the subject concerned or in discipline or intra-disciplinary or inter-disciplinary or multi-disciplinary or trans-disciplinary areas shall be considered equal.

(2) Doctoral degree programme shall be for a minimum duration of three years and a maximum duration of six years from the date of admission to the programme. Extension beyond the maximum duration will be governed by the relevant clauses as stipulated in the statute or ordinance of the degree awarding institutions or universities, but shall not be more than two years (i.e. the total period of a doctoral degree programme shall not exceed eight years from the date of admission in the Doctor of Philosophy programme).

(3) Women candidates and persons with disabilities (more than forty per cent disability) may be allowed a relaxation of two more years for Ph.D in the maximum duration; In addition, women candidates may be provided Maternity Leave or Childcare Leave for up to 240 days once in the entire duration of the Postgraduate doctoral degree programme.

(4) The Ph.D programme shall be a full-time research programme and it shall be pursued only after completion of Postgraduate degree programme (Doctor of Medicine -M.D. or Master of Surgery-M.S) in Unani.

(5) The Ph.D programme shall not be considered in case if,—

- (a) the Ph.D scholar and the Ph.D supervisor are at different places during the research period;
- (b) the work place of Ph.D scholar and the research place registered for Ph.D are different.
- (6) Those who have registered for doctoral degree programme before notification of these regulations shall continue with the provisions prevailed at the time of their registration.
- (7) Admission to the doctoral degree programme shall be through the entrance examination conducted by the affiliated university.
- (8) The research place for doctoral degree programmes (Ph.D) shall be a Unani institution having an independent Postgraduate Department or a research laboratory or National institutes or research centres of Central Council for Research in Unani Medicine. An undergraduate Unani teaching institution shall not be considered as research place for Ph.D programme.
- (9) For inter-disciplinary and trans-disciplinary and multi-disciplinary research, a Postgraduate institution of the concerned subject recognised by the concerned university with adequate research facility, or an Institute of National Importance or any centre of excellence established by a State or Union Territory or Central Government or research institutes of autonomous organisations established by State or Central government and the like shall be considered as a research place.

CHAPTER-XI

PENALTY AND DISCIPLINARY ACTIONS

50. General considerations.— (1) Compliance with the regulations, directions, instructions and adherence to the time-line issued by the MARBISM or National Commission for Indian System of Medicine shall be the responsibility of the institutions.

(2) Non-compliance action includes the following, namely:—

- (a) non-compliance with regulations, notifications, circulars, guidelines, and any other types of communication issued by Autonomous boards or National Commission for Indian system of Medicine from time to time;
- (b) any activities of the institutions, that are not in accordance with the objectives of Postgraduate Unani medical education and practices like exploitation of students on fees, mal practices of attendance etc;
- (c) non-fulfilment of infrastructure, human resources, clinical material, practical material, research facilities and other institutional functionality etc that are not in accordance with these regulations;
- (d) non-cooperation or any sort of disturbance to inspection or visitation process for assessment and rating or any other activities of the MARBISM or the National Commission for Indian System of Medicine;
- (e) providing falsified information or fabricated data or information or evidence to Autonomous boards or to the National Commission for Indian System of Medicine;
- (f) any attempt to influence, pressurise, bribe or threaten assessors or officials of the National Commission for Indian System of Medicine or officials designated by the National Commission for Indian System of Medicine.

(3) For any of the non-compliance as provided in sub-regulation (2) or intentional attempt of non-compliance act or omission by the medical institution, the MARBISM shall either penalise the medical institution or take such measures as provided in the clause (f) of sub-section (1) of section 28 of the Act or conduct further enquiry into such incidence, namely:—

- (a) impose monetary penalty not exceeding rupees one crore per every non-compliance committed by the medical institution;
- (b) issuance of warning;
- (c) withholding processing of application for any new scheme for that academic year or for a such number of years as may be determined;
- (d) reducing the number of seats to be admitted by the medical institution in the next academic year;
- (e) stoppage of admission to one or more of the courses in the next or subsequent academic years;
- (f) recommending the National Commission for Indian System of Medicine for the withdrawal of recognition;
- (g) withholding and withdrawal of rating of the medical institutions for a period up to five academic years.

(4) If any attempt from the institution side to pressurise the MARBISM or the Commission through individuals or agency shall lead to immediate halt of the processing the application or request by the medical institution or withdrawal of permission, reduction in student intake capacity or monetary penalty.

(5) The MARBISM or the Commission may also initiate criminal proceedings for furnishing false information or fabrication of false documents as per the criminal law applicable from time to time.

(6) Where the Commission finds that a Postgraduate Student, who is required to undertake three years of study with physical presence in the concerned institution, is obtaining Postgraduation degree by fraud or misrepresentation or by physically absent without fulfilling the requisite attendance or by providing false information in this behalf either in collusion with respective institution or otherwise or without fulfilling the requirements as specified under these regulations or any such guidelines notified in this regard by the Commission from time to time, such Postgraduate student shall be penalised with temporary suspension of his Postgraduation studies and temporary suspension of State Registration or National registration for not less than one year and impose a minimum penalty of five lakh rupees; in the event of second conviction temporary suspension of his Postgraduation studies for not less than two years and temporary suspension of State Registration or National registration for not less than two year and impose a minimum penalty of ten lakh rupees, and in the event of third and subsequent conviction there shall be permanent cancellation of his or her admission from Postgraduation studies along with suspension of State or National registration for not less than five years shall imposed.

THE FIRST SCHEDULE

(See regulations 7 and 14)

MINIMUM ESSENTIAL REQUIREMENTS FOR PHYTOCHEMISTRY LABORATORY UNDER THE POSTGRADUATE DEPARTMENT OF ILMUL ADVIA (PHARMACOLOGY)

Serial No. (1)	Equipment, Instruments, Chemicals and Reagents (2)
I. Equipment and Instruments	
1.	Spectrophotometer
2.	High-Performance Liquid Chromatography (HPLC):
3.	Gas Chromatography
4.	Nuclear Magnetic Resonance (NMR) Spectrometer
5.	Ultraviolet-Visible (UV-Vis) Spectrophotometer
6.	Centrifuge
7.	Rotary Evaporator
8.	Microscope
9.	pH Meter
10.	Autoclave
11.	Mortar and Pestle
12.	Freeze Dryer (Lyophilizer)
13.	Incubator
14.	Shaker
15.	Water Bath
16.	Fraction Collector
17.	Microbalance
18.	Homogenizer
19.	Heating Mantle
20.	Digital Thermometer
II. Glassware	
21.	Beakers
22.	Flasks (Erlenmeyer, Round Bottom)
23.	Test Tubes
24.	Vials
25.	Pipettes and Pipettors
26.	Burettes
27.	Graduated Cylinders
28.	Separatory Funnels
29.	Condensers
30.	Chromatography Columns

31.	Petri Dishes
32.	Desiccators
33.	Filter Flasks and Buchner Funnels
34.	Microscope Slides and Cover Slips
35.	Drying Oven Glassware
36.	Watch Glasses
37.	Reaction Tubes
38.	Kjeldahl Flasks
39.	Soxhlet Extraction Apparatus
40.	Nessler Tubes
41.	TLC kit
III. Chemicals, Reagents etc	
A. Solvents:	
42	Methanol
43	Ethanol
44	Acetone
45	Chloroform
46	Hexane
47	Diethyl
48	Toluene
49	Ethyl acetate
50	Water (distilled or deionized)
B. Reagents:	
51	Folin-Ciocalteu reagent (for total phenolic content determination)
52	Dragendorff's reagent (for alkaloids)
53	Vanillin reagent (for flavonoids)
54	Anisaldehyde-sulfuric acid reagent (for terpenoids)
55	Molisch's reagent (for detecting carbohydrates)
56	Liebermann-Burchard reagent (for sterols)
57	Ehrlich's reagent (for indole alkaloids)
58	Shinoda test reagent (for flavonoids)
59	Salkowski reagent (for detecting terpenoids)
60	Iodine solution (starch)
61	Phloroglucinol
62	Felling's solution
63	Wagner
C. Standards:	
64	Standard solutions of known compounds for calibration in analytical techniques (e.g., HPLC, GC-MS)
D. Acids and Bases:	
65	Hydrochloric acid (HCl)
66	Sulfuric acid (H ₂ SO ₄)
67	Nitric acid (HNO ₃)
68	Acetic acid
69	Sodium hydroxide (NaOH)
E. Chromatography Materials:	
70	Silica gel (for column chromatography)
71	Sephadex (for gel filtration chromatography)
72	TLC plates (for Thin-Layer Chromatography)
73	Adsorbents and eluents for different chromatographic techniques
F. Miscellaneous:	
74	Hydrogen peroxide (for oxidative enzyme assays)
75	EDTA (Ethylenediaminetetraacetic acid) for metal chelation
76	DPPH (2,2-diphenyl-1-picrylhydrazyl) for antioxidant assays
Note: The items specified in this schedule are minimum essential requirements. However, the department may increase items or facilities as per the need of the syllabus, teaching, training, and research.	

THE SECOND SCHEDULE

(See regulations 7 and 14)

MINIMUM ESSENTIAL REQUIREMENTS FOR MOLECULAR BIOLOGY LABORATORY UNDER THE POSTGRADUATE DEPARTMENT OF MAHIYATUL AMRAZ (PATHOLOGY)

Serial No. (1)	Equipment, Instruments, Chemicals and Reagents (2)
I. Equipment and Instruments	
1.	Micropipette
2.	PCR machine
3.	UV Spectrophotometer
4.	High speed centrifuge (high volume)
5.	High speed centrifuge (small volume)
6.	UV transilluminator
7.	Horizontal gel electrophoresis system (Power supply for gel)
8.	Multi temperature water bath
9.	37-degree incubator
10.	Microscopes
11.	Water purifier (Millipore water system)
12.	Laboratory Hood/ culture Hood
13.	Weigh balance
14.	Vortexer
15.	Thermomixer
16.	Refrigerator
17.	Vaccum concentrator
18.	Nutator, Rocking platforms, Orbital shaker
19.	Imaging systems (Chemiluminescence, fluorescence, phosphoimages)
20.	Autoclave
21.	Sterile room with laminar
22.	Cold room
23.	- 20 degree Celsius freezer
II. Consumables	
24.	Media
25.	Agarose
26.	Ethidium bromide
27.	Molecular weight markers
28.	Tips and Eppendorfs
29.	Nitrocellulose membrane
30.	DNA and RNA Isolation kits
31.	Enzymes
32.	Acrylamide
33.	Reagents
34.	Petri dish
35.	Antibiotics
36.	Gel dyes
37.	Sterile tubes
38.	Plasticware
39.	Ice bucket
40.	Glassware
41.	Chemicals
42.	Kits
Note: The items specified in this schedule are minimum essential requirements. However, the department may increase facilities as per the need of the syllabus, teaching, training, and research.	

THE THIRD SCHEDULE

(See regulation 7 and 14)

MINIMUM ESSENTIAL REQUIREMENTS FOR CENTRAL RESEARCH LABORATORY

Serial Number (1)	Requirements or Facilities (2)
1	Physicochemical tests
2	Phytochemical tests:- Organic tests Inorganic tests Fluorescence analysis of powders Chromatography -Thin Layer Chromatography, Namburi Phased Spot test and Column Chromatography
3	Pharmacognostic studies:- Authentication Macroscopic study Section microscopy Powder microscopy Microtome section Multiple staining and permanent slide preparation Digital microscopy Quantitative microscopy (Stomata number, Stomatal Index, Palisade number, Vein islet number)
4	Microbiological tests:- Microbial limits Anti-microbial studies Microbial culture
5	In-vitro studies:- Antioxidants Immunomodulatory studies Anti-microbial studies
6	Quantitative studies Flame photometry (Calcium, Sodium, Potassium etc.,) Ultraviolet Spectrophotometry (carbohydrates, flavonoids, proteins, phenols etc.,) Titrimetric quantitative studies (zinc, copper, lead etc.,)
7	Stability studies as per Active Pharmaceutical Ingredients or International Council for Harmonisation guidelines:- Long term Accelerated
Note: 1. The items specified in this schedule are minimum essential requirements. However, the institution may increase facilities as per the need of the teaching, training, and research. 2. For the studies with advanced instruments, equipment or devices like High Performance Thin Layer Chromatography, High Performance Liquid Chromatography, Cell line facility, Genetic (DNA) finger printing, Inductively Coupled Plasma Optical Emission Spectroscopy, X-Ray diffraction, Energy Dispersive X-Ray Analysis, Dynamic Light Scattering Spectroscopy, Scanning Electron Microscopy, Transmission Electron Microscopy, Gas Chromatography/Mass Spectroscopy etc, the institution may have MoU with National Accreditation Board for Laboratories accredited laboratories or Research and Development centers or such facilities may be established in the institution it self.	

THE FOURTH SCHEDULE

(See regulation 7 and 14)

MINIMUM ESSENTIAL REQUIREMENTS FOR ANIMAL HOUSE AND ANIMAL EXPERIMENTATION LABORATORY

Serial Number (1)	Requirements (2)
1	Safety and toxicity studies facility
2	Behavioral and neuro-pharmacological studies facility
3	Anti-convulsive study facility

4	Anti-inflammatory and Analgesic studies facility
5	Anti-pyretic studies facility
6	Anti-allergic, Antihistamine and Anti-asthmatic studies facility
7	Immuno-modulatory, antioxidant studies facility
8	Wound healing studies facility
9	Anti-diarrhoeal study facility
10	Diuretic studies facility
11	Antidiabetic studies facility
12	Anti-obesity studies facility
13	Assay with organ bath or tissue bath
14	Digital electroconvulsimeter
15	Metabolic cages
16	Histamine chamber
17	Digital rotarod apparatus with software
18	Digital Actimeter with software (activity cage)
19	Plethysmography
Note: The items specified in this schedule are minimum essential requirements. However, the institution may increase facilities as per the need of teaching, training, and research.	

THE FIFTH SCHEDULE

(See regulation 7 and 14)

MINIMUM ESSENTIAL REQUIREMENTS FOR QUALITY TESTING LABORATORY

[**Note:** 1. Department shall maintain instruments, equipment, devices as mentioned in this **Fifth Schedule** in quality testing laboratory in addition to the items prescribed under 'B' of the **Schedule-XI** of the NCISM-UG MES Regulations, 2023 for Postgraduate teaching, training, and research.

2. The department may increase the items as per their requirement in quality testing laboratory for teaching, training, and research purposes]

Sl. No (1)	Items Required (2)
1	Fluorescence inverted microscope with software
2	Ultraviolet visible spectrophotometer
3	Micro controller-based flame photometer
4	Rota evaporator
5	Stability chamber
6	Freeze dryer
7	Trinocular microscope with software, camera, and projection facility
8	Polarimeter
9	Orbital shaking incubator
10	Carbon dioxide incubator
11	Optic abbe refractometer
12	Laminar air flow
13	Water still
14	Orbital shaker
15	Tablet counter -small size
16	Analytical balance digital high precision (0.0001g-220g)
17	Incubator
18	Clarity test apparatus
19	Humidity control oven
20	Karl Fischer apparatus
21	Granulating sieve set
22	Thermometers
23	Filtration equipment
24	Suction pump
25	Sonicator
26	Rheometer
27	Potentiometer
28	Conductivity meter

29	Clevenger's apparatus
30	Glassware, reagents, and chemicals as required

THE SIXTH SCHEDULE

(See regulation 8 and 14)

MINIMUM ESSENTIAL REQUIREMENTS FOR CLINICAL SKILL OR SIMULATION LABORATORY

[Note: 1. Postgraduate Department shall maintain department specific manikins, simulators and devices in clinical skill or simulation laboratory as mentioned in this **Sixth Schedule** in these regulations in addition to the concerned department specific manikins, simulators and devices prescribed in the **Schedule- XIV** of NCISM-UG MES Regulations, 2023 for Postgraduate teaching and training.

2. The department may increase the numbers and varieties of medical manikins or simulators as per their requirement for teaching and training purposes]

Serial Number (1)	Required Manikins or Simulators or Devices (2)
A. Moalajat (Medicine) Department	
1	Nursing trainer for decubitus
2	Blood sampling
3	Ryle's tube insertion trainer
4	Blood transfusion trainer
5	Urinary catheterization (Male)
6	Urinary catheterization (Female)
7	Lumbar puncture trainer
8	Paracentesis trainer
9	Pleural tapping trainer
B. Ilaj bit Tadabeer (Regimenal Therapy) Department	
1	Chest auscultation trainer
2	Nursing trainer for decubitus
3	Cardiopulmonary resuscitation trainer
4	Blood sampling
5	Ryle's tube insertion trainer
6	Blood transfusion trainer
7	Oxygen therapy
8	Urinary catheterization (Male)
9	Urinary Catheterization (Female)
10	Psychometric scales and tools
C Jarahat (Surgery) and Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry) Department	
1	Chest auscultation trainer
2	Nursing trainer for decubitus
3	Cardiopulmonary resuscitation trainer
4	Blood sampling
5	Blood transfusion trainer
6	Oxygen therapy
7	Endotracheal intubation trainer
8	Examination of breast lump
9	Examination of swelling
10	Refraction trainer
11	Visual acuity training
12	Digital tonometry
13	Epilation
14	Eye irrigation
15	Instillation of eye medication
16	Ocular bandaging
17	Manikin head (three-dimensional model) for eye, ear, nose, dental and throat applications
18	Otoscopy

D. Qabalat wa Niswan (Obstetrics and Gynaecology) Department	
1	Chest auscultation trainer
2	Nursing trainer for decubitus
3	Cardiopulmonary resuscitation trainer
4	Blood sampling
5	Ryle's tube insertion trainer
6	Blood transfusion trainer
7	Oxygen therapy
8	Urinary Catheterization (Female)
9	Endotracheal intubation trainer
10	Lumbar puncture trainer
E. Ilmul Atfal (Paediatrics) Department	
1	Infant auscultation trainer
2	Nursing trainer for decubitus
3	Child cardiopulmonary resuscitation trainer and airway management
4	Blood sampling
5	Ryle's tube insertion trainer
6	Blood transfusion trainer
7	Oxygen therapy
8	Urinary catheterization (Male)
9	Urinary Catheterization (Female)
10	Setting up paediatric intra-venous infusion and calculating drip rate
11	Lumbar puncture trainer
12	Psychological test batteries for assessing intelligence quotient, autism, attention deficit hyperactivity disorder, concentration, depression, anxiety, mental retardation
13	Full body (paediatric) manikin and three-dimensional manikin for practicing or performing paediatric Ilaj Bit Tadabeer procedures
F. Mahiyatul Amraz (Pathology) Department	
1	Chest auscultation trainer
2	Spirometry
3	Cardiopulmonary resuscitation trainer
4	Lumbar puncture trainer
5	Ryle's tube insertion trainer
6	Blood transfusion trainer
7	Oxygen therapy
8	Urinary catheterization (Male)
9	Urinary Catheterization (Female)
G.) Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology) under Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) Department	
1	Chest auscultation trainer
2	Nursing trainer for decubitus
3	Cardiopulmonary resuscitation trainer
4	Blood sampling
5	Ryle's tube insertion trainer
6	Blood transfusion trainer
7	Oxygen therapy
8	Urinary catheterization (Male)
9	Urinary Catheterization (Female)
10	Autopsy simulator or digital autopsy

THE SEVENTH SCHEDULE

(See regulation 4, 10 and 14)

**MINIMUM ESSENTIAL REQUIREMENTS: REQUIRED FOR PROFESSOR OF PRACTICE
(POSTGRADUATE DEPARTMENT OR SPECIALTY OR PROGRAMME WISE)**

Sl.No	Postgraduate Department	Required number of Professor of Practice on Part-time basis and Qualifications
1	Moalajat (Medicine)	One (MD-General Medicine)
2	Ilaj bit Tadabeer (Regimenal Therapy)	One each (Ilaj Bit Tadabeer Practitioner or Specialist)

		with MD (Unani), MD-Physical Medicine and Rehabilitation) and One (Master of Physiotherapy)
3	Ilmul Atfal (Paediatrics)	One (M.Sc.- Clinical Psychology)
4	Tahaffuzi wa Samaji Tib (Preventive and Social Medicine) Department	
	Tibbul Qanoon wa Ilmul Samoom (Forensic Medicine and Clinical Toxicology)	One (MD- Forensic Medicine and Toxicology)
	Tahaffuzi wa Samaji Tib (Preventive and Social Medicine)	One each (Master of Public Health, Scientist from research bodies like Central Council for Research in Unani or National Institute of Epidemiology/Indian Council for Medical Research)
6	Jarahat (Surgery)	One Unani Pratitioner with the MS Qualification and experience in Unani Surgical and Parasurgical Procedures
7	Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry) Department	One Unani Pratitioner with the MS Qualification and experience in Unani Surgical and Parasurgical Procedures related to Uzn, Anaf wa Halaq
8	Qabalat wa Niswan (Obstetrics and Gynaecology) Department	One Unani Pratitioner with the MS Qualification and experience in Unani Surgical and Parasurgical Procedures related to Niswan and Qabalat
9	Mahiyatul Amraz (Pathology)	One each (MD-Pathology, MD-Radiodiagnosis)
10	Ilmul Advia (Pharmacology)	One each (M. Pharm- Pharmacology, Master's degree in Pharmacognosy/Phytochemistry)
11	Ilmul Saidla (Unani Pharmacy)	One each (M. Pharm- Pharmaceutics, M.Sc.- Chemistry or Nanoscience/Nanotechnology, and sPractitioner with MD Unani, having vast experience in preparation of Unani higher order of medicines or Expert from Unani Pharma Industry with MD Unani)
12	Kuliyat (Basic Principles of Unani Medicine)	As required
13	Tashreehul Badan (Anatomy)	As required
14	Manafeul Aza (Physiology)	As required
15	Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology)	One (MD-Dermatology)
16	Integrative Health and Translational Research	Scientist retired from Central Council for Research in Unani Medicine or from any reputed Unani Research and Development Department
Note: Each department shall engage professors of practice having minimum ten years of experience in the field other than teaching in Unani medical institutions, like a person from an industry or research institute or a technical consultant or renowned practitioner on part-time basis as per the details given in column (3). If it is required, the institute or department may appoint more number of professors of practice in department or specialty related area from the diversified area of the concerned speciality		

Annexure-A

(See regulation 26)

DEPARTMENTAL ACADEMIC INTEGRITY COMMITTEE**Recommendation to issue Plagiarism Clearance Certificate**

The Departmental Academic Integrity Committee has reviewed the report on the plagiarism check of the draft dissertation entitled..... submitted by Dr..... (research scholar) of batch bearing University registration number..... under the supervision or guidance of Dr..... from..... Department on.....(date) and found that necessary modifications or corrections were made, and the plagiarism is within the permissible limits. Hence, the Departmental Academic Integrity Committee has recommended the dissertation for the issue of a plagiarism clearance certificate.

**APPLICATION FOR PERMISSION TO ESTABLISH A NEW STANDALONE POSTGRADUATE
 MEDICAL INSTITUTION IN UNANI**

(See regulation 37)

Serial Number (1)	Particulars (2)	Details (3)
Part-I: Applicants Details		
1	Name of the applicant (in BLOCK letters)	
2	Complete Address with Pin code	
3	Official Telephone Number and Mobile Number	
4	Official E-mail ID	
5	Status of applicant whether State Government or Union territory or University or Trust or Society	
6	Composition of the Trust or Society	
7	Registration or incorporation of the trust or society of the applicant body (Registration number, date, and other details)	
8	Type of institution (Govt or Govt Aided or Private or Deemed University)	
9	Is there any other Unani Medical College or Standalone Postgraduate medical institution in Unani run by the same trust or society or university	Yes/ No
	If yes, mention the distance between two colleges or institutions	
	Provide Global Positioning System link of the college along with print copy of the same	
10	Financial Capability: Balance Sheet for the last three years to be provided if the applicant is a Trust or Society. Details of the financial resources to be furnished.	
11	Annual Audit Report (Enclose copy of audit report of last three years)	
12	Means of financing the project: Contribution of the Applicant (attach proof)	
	Grants (attach proof)	
	Donations (attach proof)	
	Equity (attach proof)	
	Term Loans (attach proof)	
	Other Sources, if any (attach proof)	
Part-II: Fee Details		
13	Application Fee Transaction ID	

	Processing Fee Transaction ID	
	Any other fee specified by the Medical Assessment and Rating Board for Indian System of Medicine or Commission from time to time	
Part-III: Essential Requirement Details		
14	Date of 'Essentiality Certificate' or 'No Objection Certificate' issued by the State Government or Union territory Administration for the scheme or proposal	
15	Validity of Essentiality Certificate or No Objection Certificate	From ----- To ---- ----
16	Name and address of affiliating University	
	Date of Consent of Affiliation for the scheme or proposal	
	Years of Consent of Affiliation for the scheme or proposal	From ----- To ---- ----
Part-IV: Details of the proposed standalone Postgraduate medical institution in Unani		
17	Name of the proposed standalone Postgraduate medical institution	
18	Complete address with pin code	
19	Name of the head of the institution (Principal or Director or Dean) of the proposed Postgraduate medical institution	
20	Official telephone number and mobile number	
21	Official e-mail ID	
22	Provide Global Positioning System link of the institution and attached teaching hospital along with print copy of the same	
23	Proposed Postgraduate specialties or programmes (specify the name)	
24	Total area of the land	
25	Land is on lease or own	
	If it is on lease, years of lease	
	Tax paid receipt of land, prior to two years from the last date of submission of application	
	Non-encumbrance certificate	
26	Category of Land (Tier I and Tier II) - attach proof from the local authority	
27	Relevant building permissions from the concerned authorities	
28	Attach the true copy of building plan approved by local authority and endorsed by the architect	
Part-V: Establishment of the Postgraduate medical institution details		
29	Administrative zone	
30	Academic zone	
	A. Postgraduate Departments	
	Postgraduate Department Details (Mandatory)	
	(1) Department of Integrative Health and Translational Research	
	Postgraduate Department Details (As applicable)	
	(2) Kulliyat (Basic Principles of Unani Medicine)	
	(3) Manafeul Aza (Physiology)	
	(4) Ilmul Advia (Pharmacology)	
	(5) Ilmul Saidla (Unani Pharmacy)	
	(6) Tahaffuzi wa Samaji Tib (Preventive and Social Medicine)	
	(7) Ilmul Atfal (Paediatrics)	
	(8) Moalajat (Medicine)	
	(9) Mahiyatul Amraz (Pathology)	
	(10) Ilaj bit Tadabeer (Regimenal Therapy)	
	(11) Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology)	
	(12) Tashreehul Badan (Anatomy)	
	(13) Jarahat (Surgery)	
	(14) Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry)	

	(15) Qabalat wa Niswan (Obstetrics and Gynaecology)	
	B. Postgraduate Classrooms	
	C. Department-wise Seminar Hall	
	D. Common Seminar Hall	
	E. Central Library	
	F. Departmental Library	
	G. Digital Library	
	H. Multipurpose Hall or Examination Hall or Yoga and Riyazat Hall	
	I. Clinical Skill or Simulation Laboratory	
	J. Student Amenities	
	K. Common rooms for Postgraduate students (male and female separately)	
	L. Common rooms for Teaching faculty (male and female separately)	
	M. Canteen	
	N. Herbal Garden	
	O. Other requirements	
	(1) Human Resource and Development Cell Room	
	(2) Pharmacovigilance Room	
	(3) College or Institution Council Room	
	(4) Room for Student Support and Guidance Cell, Grievance Redressal Cell and Committee for Sexual Harassment	
	(5) Internal Quality Assurance Cell Room	
31	Experimentation zone	
	A. Central Research Laboratory	
	B. Quality Testing Laboratory	
	C. Approved Animal House and Animal Experimentation Laboratory	
32	College website	
33	Biometric Attendance System	
34	Hostels (Boys and Girls separately)	
35	Central workshop	
36	Information Technology infrastructure	
37	Closed-circuit television	
38	Human resources of the college:-	
	Teaching staff	
	Non-teaching staff	
Part-VI: Banking Details of the Postgraduate institution		
39	Name of the account	
	Account number in college or institution name	
	Name of the Bank	
	Name of the branch of the bank with IFSC code	
Part-VII: Details of the Teaching Hospital attached to Postgraduate institution		
40	Name of the attached hospital of the proposed institution	
41	Date of establishment of the hospital	
42	Registration certificate of the hospital (attach the copy)	
43	Proof of ownership of existing hospital (attach the copy)	
44	Panchayat License	
45	Hospital building occupancy certificate	
46	Hospital building completion certificate	
47	Pollution control certificate	
48	Fire safety certificate	
49	Bio-medical waste management agreement	
50	Renewal of the necessary permission from local or concerned authorities and validity period (attach proof)	
51	National Accreditation Board for Hospitals Certificate (level, validity, and date)	

	(attach proof)	
52	Permission for X-Ray unit or imaging section	
53	Clinical zone	
	In-Patient Departments and bed strength:-	
	(1) Moalajat (Medicine)	
	(2) Ilaj bit Tadabeer (Regimenal Therapy)	
	(3) Ilmul Atfal (Paediatrics)	
	(4) Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology)	
	(5) Jarahat (Surgery)	
	(6) Ain, Uzn, Anaf, Halaq wa Asnan (Ophthalmology, Ear, Nose, Throat and Dentistry)	
	(7) Qabalat wa Niswan (Obstetrics and Gynaecology)	
54	Out-Patient Departments:-	
	(1) Moalajat (Medicine) Out-Patient Department	
	(2) Ilaj bit Tadabeer (Regimenal Therapy) Out-Patient Department including minor procedure room	
	(3) Ilmul Atfal (Paediatrics)	
	(4) Amraze Jild wa Tazeeniyat (Dermatology and Cosmetology) including minor procedure room	
	(5) Jarahat (Surgery) including minor procedure room	
	(6) Amraze Uzn, Anaf wa Halaq (Diseases of Ear, Nose and Throat) including minor procedure room	
	(7) Qabalat wa Niswan (Obstetrics and Gynaecology) (attached with examination cum procedure room) room	
	(8) Ilmul Samoom (Clinical Toxicology) Out-Patient Department	
	(9) Tahaffuzi wa Samaji Tib (Preventive and Social Medicine)	
	(10) Isabat (Emergency or Casualty) Out-Patient Department	
	(11) Screening Out-Patient Department	
	(12) Specialty Out-Patient Department (if any, specify)	
55	Total number of Out-Patient Department patients' attendance in the last two years from the date of application	
56	Average number of Out-Patient Department patients per day in the last two years from the date of application	
57	Average bed occupancy in the last two years from the date of the application	
58	Clinical laboratory	
59	Radiology or Imaging Section	
60	Pharmacy or Drug store or Dispensary	
61	Ilaj bit Tadabeer (Regimenal Therapy) Procedure Section,	
62	Masrah Amaliya (Operation Theatre) including Minor operation theatre	
63	Ghurfatul Wilada (Labour room with Maternity Operation Theatre)	
64	Physiotherapy Section	
65	Yoga and Riyazat Section	
66	Human resources in the hospital	
	A. Hospital staff existing and relieved for two years before submission of application (with details of name, designation, section or unit, qualification, experience, appointment order, joining letter and date, relieving letter and date, state registration certificate or teachers code in applicable cases), Zone-wise,-	
	(1) Administration zone	
	(2) Reception and Registration Zone	
	(3) Out-Patient Department Zone	
	(4) In-Patient Department Zone	
	(5) Diagnostic Zone	
	(6) Procedural Management Zone	

	(7) Service Zone	
	B. Modern Medical Staff Details	
67	Hospital Record (tick whichever is applicable)	Computerized or Manual
Part-VIII: Banking Details of the Hospital		
68	Name of the Account	
	Account number in hospital name	
	Name of the Bank	
	Name of the branch of the Bank and Indian Financial System Code	
	Following details are required for two years or 24 months prior to the date of submission of application:-	
	a. Details of salary paid to hospital staff (month-wise)	
	b. Details of purchase of medicines (attach indents and payment proof)	
	c. Details of purchase of hospital consumables (attach indents and payment proof)	
	d. Details of payment of relevant taxes (attach copy)	
	e. Details of hospital income (attach copy)	
	f. Employees Provident Fund (EPF) and Employees State Insurance (ESI) details	
69	Whether Hospital established or developed phase-wise	Yes or No
	If yes, provide details phase-wise details	
	Phase or Stage	Period
		From To
	First	
	Second	
	Third	
	Fourth	
		Details of Establishment of Development
		Performance or Functionality

Signature of applicant

List of enclosures:

1. Certified copy of Bye Laws or Memorandum and Articles of Association or Trust deed with name of trustees.
2. Certified copy of certificate of registration or incorporation of trust or society.
3. Annual reports and audited balance sheets for the last three years.
4. Certified copy of the title deeds of the total available land as proof of ownership/lease agreement deed.
5. Certified copy of zoning plans of the available sites indicating their land use.
6. Proof of ownership of existing hospital with Hospital Registration Certificate and its validity period.
7. Certified copy of the 'Essentiality Certificate' or 'No Objection Certificate' issued by the respective State Government or Union territory Administration at the proposed site to establish a new standalone Postgraduate medical institution for the applied academic session.
8. Certified copy of the 'Consent of Affiliation' issued by recognised University established under any Central or State or Union territory statute for establishing a new standalone Postgraduate medical institution for the applied academic session.
9. Accreditation certificate of the attached teaching hospital issued by the National Accreditation Board for Hospitals.

10. Authorization letter addressed to the bankers of the applicant authorizing the Medical Assessment and Rating Board for Indian System of Medicine or Commission to make independent enquiries regarding the financial track record of the applicant.
11. Furnish affidavit stating that the land and buildings designated for new standalone Postgraduate medical institution and attached teaching hospital are exclusively for conducting Unani Postgraduate programmes recognised by the Board of Unani, Siddha and Sowa-Rigpa or National Commission for Indian System of Medicine.
12. Furnish affidavit stating that the students shall be admitted strictly based on Post-Graduate National Entrance Test merit and through counselling (Central or State or Union territory as the case may be) only and not beyond the sanctioned student intake capacity specified by the Medical Assessment and Rating Board for Indian System of Medicine.
13. Furnish affidavit stating that the curriculum and syllabus, nomenclature of the course or programme, infrastructure, facilities, and human resources including student-teacher ratio shall be maintained as per the specifications of the Commission specified in the concerned regulations.
14. Furnish affidavit that has not already admitted student in any class or standard or course or training of the proposed new standalone Postgraduate medical institution.
15. Furnish an undertaking that the institution is in a position to credit the fixed security deposit valid for a period of three years in favour of the National Commission for Indian System of Medicine.
16. Proof of application fee and processing fee remitted.
17. Copy of bank transaction for the last two year of official bank account: College and Hospital
18. Copy of biometric attendance of hospital staff for the last two years
19. Attach enclosures and other details as per the various parts of application form:-
 - (a) Distribution of land with survey number.
 - (b) Proof for category of land such as Tier I and Tier II cities (X and Y categories), North-Eastern States, hilly areas and notified tribal areas, a certificate obtained from local authorities.
 - (c) Non-encumbrance certificate.
 - (d) Tax paid receipt for land and hospital building.
 - (e) Building plan approved by local authority and endorsed by the architect.
 - (f) Area statement certificate authorised by architect.
 - (g) Panchayat license for establishment of hospital.
 - (h) Hospital Building Occupancy Certificate.
 - (i) Hospital Building Completion Certificate
 - (j) Fire safety certificate.
 - (k) Disaster management certificate (if any).
 - (l) Pollution control certificate.
 - (m) Permission for radiology unit in the hospital.
 - (n) Biomedical waste management agreement.
 - (o) College and hospital building occupancy certificate.
 - (p) College and hospital building completion certificate.
20. Any other documents as specified by the Medical Assessment and Rating Board for Indian System of Medicine from time to time.

(Note: All copies shall be self-attested)

FORM-B

(See regulation 37)

APPLICATION FOR PERMISSION TO START NEW POSTGRADUATE DEGREE PROGRAMME IN UNANI RECOGNISED BY THE COMMISSION**(Note: Separate application shall be submitted for each Postgraduate programme)**

Serial Number (1)	Particulars (2)	Details (3)
Basic Details of the Applicant		
1	Name of the applicant (in BLOCK letters)	
2	Complete Address with PIN code, official Telephone number and Mobile number and official e-mail ID	
3	Status of applicant whether State Government or Union Territory or University or Trust or Society	
4	Registration or Incorporation (Number, date, and other details) of the trust or society	
5	Name and address of the Unani Medical College or Unani Postgraduate institution	
6	Date of 'No Objection Certificate' issued by the State Government or Union territory Administration.	
7	i. Name and address of affiliating University ii. Date of first affiliation issued by the university iii. Date of first Affiliation for the new scheme or proposal issued by the university	
8	A. For the College or Institution, conducting undergraduate programme and applying for the first time to start postgraduation programme	
	Month and year of admission of first batch of students for undergraduate programme	
	Month and year of course completion of first batch of students of undergraduate programme	
	Whether the college or institution is categorised under 'Extended Permission' for undergraduate programme at the time of submitting application or scheme or proposal	
	Whether the institution is rated as Grade 'A' or Grade 'B' for undergraduate programme at the time of submitting application or scheme or proposal (If yes, specify the Grade)	
	Name of the proposed new Postgraduate programme	
	Number of seats applied for the proposed programme as per student-Postgraduate guide ratio	
9	B. For the new Standalone Postgraduate institution, applying for the first time to start postgraduation programme	
	Name of the proposed new Postgraduate programme	
	Number of seats applied for the proposed programme as per student-Postgraduate guide ratio	
10	C. For the college or institutions already conducting Postgraduate programme(s) and applying to start new Postgraduate programme additionally	
	Whether the institution is granted Extended Permission or Yearly Permission for existing undergraduate programme and each Postgraduate programme (s) at the time of submitting application or scheme or proposal	
	Whether the institution is rated as Grade 'A' or Grade 'B' for existing undergraduate programme and existing each Postgraduate programme at the time of submitting application or scheme or proposal	
	Name of the proposed new Postgraduate programme	
	Number of seats applied for the proposed programme as per student-Postgraduate guide ratio	
11	Accreditation to the Teaching Hospital by the National	

	Accreditation Board for Hospitals (level, date, and validity details)	
12	Details of: (a) additional financial allocation - (b) provision for additional space, equipment and other infrastructure facilities – (c) provision of recruitment of additional staff -	
13	Fee details:-	
	Application fee Transaction ID	
	Processing fee Transaction ID

List of Enclosures:

1. Attested copy of the 'Essentiality Certificate' or 'No Objection Certificate' issued by the respective State Government or Union territory Administration in the prescribed format.
2. Attested copy of the 'Consent of Affiliation' from the recognised University to which the college or institution is affiliated in the prescribed format.
3. Authorisation letter addressed to the Bankers of the Applicant authorizing the Medical Assessment and Rating Board for Indian System of Medicine or Commission to make independent enquiries regarding the financial track record of the medical college or institution.
4. Attested copy of the letter from the Medical Assessment and Rating Board for Indian System of Medicine, Commission or erstwhile Central Council for Indian System of Medicine approving recognition of the college or institution, if already permitted to conduct undergraduate degree and Postgraduate programme.
5. Affidavit stating that the students shall be admitted strictly based on Post-Graduate National Entrance Test merit and only through counselling (Central or State or Union territory as the case may be) and not beyond the sanctioned student intake capacity specified by the Medical Assessment and Rating Board for Indian System of Medicine.
6. Affidavit stating that the human resources as per student-teacher ratio shall be maintained in respect of increase in student intake capacity.
7. Proof of application fee and processing fee remitted.
8. Other enclosures,-
 - (a) Certified copy of Bye laws or Memorandum and Articles of Association or Trust deed with name of trustees and renewed copy of trust or society registration or incorporation.
 - (b) Certified copy of the land documents as a proof of ownership or lease agreement deed.
 - (c) First hospital registration certificate or renewed as a proof of ownership of the existing teaching hospital.
 - (d) Fire safety certificate.
 - (e) Disaster management certificate (if any).
 - (f) Pollution Control certificate.
 - (g) Biomedical waste management agreement.
 - (h) College or institution building completion certificate and building occupancy certificate.
 - (i) Hospital building completion certificate and building occupancy certificate.
 - (j) Building plan approved by local authority and endorsed by the architect.
 - (k) Area statement certificate authorised by architect.
 - (l) Purchase bills of equipment, instruments etc for the increase in intake capacity in existing Postgraduate programme.
 - (m) List of medicines prepared or purchased with bills for the last one year.
 - (n) List of raw drugs purchased with bills for the last one year.
 - (o) Intent register for the last one year (college and hospital).
 - (p) Stock register for the last one year (college and hospital).
 - (q) Consolidated data of hospital: Patient data (out-patient departments, in-patient departments and bed occupancy) for the last one year
 - (r) Tax paid receipt for land, building including hospital building.
 - (s) Furnish an undertaking stating that the institution is able to credit the fixed security deposit valid for a period of three years in favour of the 'National Commission Fund for Indian System of Medicine'.
 - (t) Furnish an undertaking stating that the institution has fulfilled all minimum essential standards mentioned in these regulations.
9. Other enclosures of the documents as specified by the Medical Assessment and Rating Board for Indian System of Medicine from time to time.

Note: All the copies shall be self-attested.

FORM-D

(See regulation 38)

(To be issued by State Government or Union territory Administration whichever is applicable)

**ESSENTIALITY CERTIFICATE OR NO OBJECTION CERTIFICATE
TO ESTABLISH A NEW STANDALONE UNANI POSTGRADUTE MEDICAL INSTITUTION**

Ref. No.....

Dated.....

Basic details of Applicant		
1	Name of the Applicant (with address)	
2	Type of institution (Govt. or Aided or Private or Deemed University)	
3	Name of the proposed Standalone Unani Postgraduate medical Institution	
	Address of the proposed Institution	
4	Whether the applicant is already running Unani Medical College (s) or Unani Postgraduate institution(s)	Yes or No
5	If yes, what is the distance between the nearest college or institution and the proposed college or institution (if the distance is 25 or less than 25 Km No Objection Certificate or Essentiality certificate shall not be issued)	
Other details		
6	Number of Unani institutions already existing in the State	
7	Doctors (registered medical practitioners of all systems) to Population ratio in the State or Union Territory	
8	Doctors (registered Unani medical practitioners) to Population ratio in the State or Union Territory	
9	Scope of availability of clinical material (patients) in the proposed area of establishment of new Unani Medical college	Poor or Adequate
10	Registration number of the hospital	
11	Restrictions imposed by the State government, if any, on students who are not domiciled in the state from obtaining admissions in the state, have to be specified.	

ESSENTIALITY CERTIFICATE OR NO OBJECTION CERTIFICATE

The Essentiality certificate or No Objection Certificate is issued to ----- (name of the applicant) for the establishment of ----- (name of the proposed institution) at ----- (address of the proposed college or institution) and for conducting Postgraduate programme (s) ----- (specialty-wise).

This certificate is issued in consideration of above details, facts, and the following terms and conditions.

This certificate is valid for two consecutive academic sessions from the date of issue of the certificate.

The Essentiality Certificate or No Objection Certificate is issued on the following terms and conditions:

1. Institution shall admit the students as per the sanctioned student intake capacity by the Medical Assessment and Rating Board for Indian System of Medicine only after obtaining due permission from the Medical Assessment and Rating Board for Indian System of Medicine of National Commission for Indian System of Medicine.
2. Institution shall not conduct any other courses or programmes in the same premises unless otherwise permitted by the Medical Assessment and Rating Board for Indian System of Medicine.
3. Institution shall maintain all the minimum essential standards in terms of infrastructure, human resources and functionality as specified by the National Commission for Indian System of Medicine.
4. Institution shall admit All-India Ayush Post-Graduate Entrance Test eligible students as per the regulation, guidelines and policy framed by the National Commission for Indian System of Medicine.

5. The institution shall all times abide by the conditions laid down by the Autonomous Boards, National Commission for Indian System of Medicine, Government of India, and University.
6. In case of change over the Institution to other society or trust, prior no objection certificate shall obtain from the State Government or Union territory Administration, as the case may be.
7. In case if the applicant institution fails to create or maintain infrastructure, human resources and other facilities as per the minimum essential standards specified by the National Commission for Indian System of Medicine, fresh admissions are stopped by the Medical Assessment and Rating Board for Indian System of Medicine and the University shall take over the responsibility of the students already admitted in the Postgraduate programme with the permission of the Medical Assessment and Rating Board for Indian System of Medicine.
8. In case of denial of permission or issued permanent disapproval to the institution by the Medical Assessment and Rating Board for Indian System of Medicine due to non-compliance of minimum essential standards as prescribed by the Commission, the State Government shall take over the responsibility of the students who have already been admitted in the institution with the permission of the Medical Assessment and Rating Board for Indian System of Medicine.

ESSENTIALITY CERTIFICATE OR NO OBJECTION CERTIFICATE TO START NEW POSTGRADUATE DEGREE PROGRAMME(S)

Ref. No.....

Dated.....

Basic details of Applicant		
1	Name of the Applicant (with address)	
2	Type of institution (Government or Aided or Private or Deemed University)	
3	Name of the Unani Medical College or Standalone Unani Postgraduate institution	
	Address of the Unani Medical College or Standalone Unani Postgraduate institution	
4	Name of the new Postgraduate programme to be started	
5	Name of the department in which the new Postgraduate programme is to be started	
6	Name of the Postgraduate programme (s) already existing in the institution with sanctioned student intake capacity, if any	
7	Registration number of the hospital	

ESSENTIALITY CERTIFICATE OR NO OBJECTION CERTIFICATE

Essentiality certificate or No Objection Certificate is issued to ----- (name of the institution) at ----- (address of the institution) to start new Postgraduate programme(s) in ----- (specialty-wise).

This certificate is issued in consideration of above details, facts and the following terms and conditions.

This certificate is valid for two consecutive academic sessions from the date of issue of the certificate.

The certificate is issued on the following terms and conditions:

1. College or institution shall admit the students as per the sanctioned student intake capacity by the Medical Assessment and Rating Board for Indian System of Medicine only after obtaining due permission from the Medical Assessment and Rating Board for Indian System of Medicine.
2. College or institution shall not conduct any courses or programmes in the same premises other than permitted by the Medical Assessment and Rating Board for Indian System of Medicine.
3. College or institution shall maintain all the minimum essential standards in terms of infrastructure, human resources and functionality as specified by National Commission for Indian System of Medicine.
4. College or institution shall admit the students on All-India Ayush Post-Graduate Entrance Test merit basis as per the regulation, guidelines and policy framed by National Commission for Indian System of Medicine.
5. The institutions shall all times abide by the conditions laid down by the Autonomous Boards, National Commission for Indian System of Medicine, Government of India and University.
6. In case if the applicant fails to create or maintain infrastructure, human resources and other facilities as per the minimum standards specified by National Commission for Indian System of Medicine, fresh admissions are stopped by the Medical Assessment and Rating Board and the University shall take over the responsibility of the students already admitted in the college or institution with the permission of Medical Assessment and Rating Board for Indian System of Medicine.
7. In case of denial of permission or issued permanent disapproval to the institution by the Medical Assessment and Rating Board for Indian System of Medicine due to non-compliance of minimum essential standards as prescribed by the Commission, the State Government shall take over the responsibility of the students who have already been admitted in the college or institution with the permission of the Medical Assessment and Rating Board for Indian System of Medicine.

CONSENT OF AFFILIATION

(To be issued by Affiliating University)

(Pre-requisite for submission of application to establish a new Unani college or to increase student intake capacity in existing undergraduate programme in a Unani Medical College)

Serial Number (1)	University Details (2)	
1	Name of the University	
2	Address	
3	Type of University	Central or State or Deemed-Govt. or Deemed-Private or Private State
4	Contact Details	
5	Contact Person (Name and Designation)	
	Official Mobile number	
	Official e-mail ID	
6	Year of Establishment	
7	Existing Faculties	
8	Accreditation if any	
9	Number of Unani, Siddha and Sowa-Rigpa colleges or institutions affiliated to the University till date.	

CONSENT OF AFFILIATION

The university on the basis of local enquiry committee report, is agreed upon in principle to issue consent of affiliation to----- (name of the college or standalone Postgraduate institution) to establish Postgraduate institution and to start Postgraduate programme in ----- (specialty-wise name) with student intake capacity of ----- (specialty wise seats) or to increase in number of seats or student intake capacity or admission capacity from..... to..... in already existing Postgraduate programme namely, ----- (specialty name).

The consent of affiliation is issued for the academic year(s).....

Consent of affiliation is issued on the following terms and conditions:

1. The college or institution shall maintain all the minimum essential standards in terms of infrastructure, human resources and functionality as specified by the National Commission for Indian System of Medicine.
2. The college or institution shall admit All-India Ayush Post-Graduate Entrance Test eligible students only through counselling process (Central or State or Union territory as the case may be) as specified by the Commission in concerned regulations and guidelines.
3. The college or institution shall ensure the conduction of stipulated hours of teaching and training as per the curriculum and syllabus specified by the National Commission for Indian System of Medicine.
4. The college or institution shall obtain continuation of affiliation every year at least three months before the commencement of counselling and admission process.
5. Prior 'No Objection Certificate' shall be obtained from the present affiliating university in case of change of affiliation to other university or applying for Deemed status.
6. In case of disaffiliation with the present university, the existing batches shall continue with the present university till award of degree for the last student.

Appendix "A"

(See regulation 19)

SCHEDULE relating to "SPECIFIED DISABILITY" referred to in clause (zc) of section 2 of the Rights of Persons with Disabilities Act, 2016(49 of 2016), provides as under:-

1. Physical disability.—

(A) Loco motor disability (a person's inability to execute distinctive activities associated with movement of self and objects resulting from affliction of musculoskeletal or nervous system or both), including—

(a) "leprosy cured person" means a person who has been cured of leprosy but is suffering from—

(i) loss of sensation in hands or feet as well as loss of sensation and paresis in the eye and eye-lid but with no manifest deformity;

(ii) manifest deformity and paresis but having sufficient mobility in their hands and feet to enable them to engage in normal economic activity;

(iii) extreme physical deformity as well as advanced age which prevents him/her from undertaking any gainful occupation, and the expression "leprosy cured" shall construed accordingly;

(b) "cerebral palsy" means a Group of non-progressive neurological condition affecting body movements and muscle coordination, caused by damage to one or more specific areas of the brain, usually occurring before, during or shortly after birth;

(c) "dwarfism" means a medical or genetic condition resulting in an adult height of 4feet 10 inches (147 centimeters) or less;

(d) "muscular dystrophy" means a group of hereditary genetic muscle disease that weakens the muscles that move the human body and persons with multiple dystrophy have incorrect and missing information in their genes, which prevents them from making the proteins they need for healthy muscles. It is characterized by progressive skeletal muscle weakness, defects in muscle proteins, and the death of muscle cells and tissue; (e) "acid attack victims" means a person disfigured due to violent assaults by throwing of acid or similar corrosive substance.

(B) Visual impairment—

(a) "blindness" means a condition where a person has any of the following conditions, after best correction—

- (i) total absence of sight; or
- (ii) visual acuity less than 3/60 or less than 10/200 (Snellen) in the better eye with best possible correction; or
- (iii) limitation of the field of vision subtending an angle of less than 10 degree.

(b) "low-vision" means a condition where a person has any of the following conditions, namely:—

- (i) visual acuity not exceeding 6/18 or less than 20/60 upto 3/60 or upto 10/200(Snellen) in the better eye with best possible corrections; or
- (ii) limitation of the field of vision subtending an angle of less than 40 degree up to 10 degree.

(C) Hearing impairment -

(a) "deaf" means persons having 70 DB hearing loss in speech frequencies in both ears;

(b) "hard of hearing" means person having 60 DB to 70 DB hearing loss in speech frequencies in both ears;

(D) "speech and language disability" means a permanent disability arising out of conditions such as laryngectomy or aphasia affecting one or more components of speech and language due to organic or neurological causes.

2. Intellectual disability, a condition characterized by significant limitation both in intellectual functioning (reasoning, learning, problem solving) and in adaptive behavior which covers a range of every day, social and practical skills, including—

(a) "specific learning disabilities" means a heterogeneous group of conditions wherein there is a deficit in processing language, spoken or written, that may manifest itself as a difficulty to comprehend, speak, read, write, spell, or to do mathematic calculations and includes such conditions as perceptual disabilities, dyslexia, dysgraphia, dyscalculia, dyspraxia and developmental aphasia;

(b) "autism spectrum disorder" means a neuro-developmental condition typically appearing in the first three years of life that significantly affects a person's ability to communicate, understand relationships and relate to others, and is frequently associated with unusual or stereotypical rituals or behaviours.

3. Mental behaviour,— "mental illness" means a substantial disorder of thinking, mood, perception, orientation or memory that grossly impairs judgment, behaviour, capacity to recognize reality or ability to meet the ordinary demands of life, but does not include retardation which is a condition of arrested or incomplete development of mind of a person, specially characterized by sub normality of intelligence.

4. Disability caused due to—

(a) chronic neurological conditions, such as—

(i) "multiple sclerosis" means an inflammatory, nervous system disease in which the myelin sheaths around the axons of nerve cells of the brain and spinal cord are damaged, leading to demyelination and affecting the ability of nerve cells in the brain and spinal cord to communicate with each other;

(ii) "parkinson's disease" means a progressive disease of the nervous system marked by tremor, muscular rigidity, and slow, imprecise movement, chiefly affecting middle-aged and elderly people associated with degeneration of the basal ganglia of the brain and a deficiency of the neurotransmitter dopamine.

(b) Blood disorder—

(i) "haemophilia" means an inheritable disease, usually affecting only male but transmitted by women to their male children, characterised by loss or impairment of the normal clotting ability of blood so that a minor wound may result in fatal bleeding;

(ii) "thalassemia" means a group of inherited disorders characterized by reduced or absent amounts of haemoglobin.

(iii) "sickle cell disease" means a hemolytic disorder characterized by chronic anemia, painful events, and various complications due to associated tissue and organ damage; "hemolytic" refers to the destruction of the cell membrane of red blood cells resulting in the release of hemoglobin.

5. Multiple Disabilities (more than one of the above specified disabilities) including deaf blindness which means a condition in which a person may have combination of hearing and visual impairments causing severe communication, developmental, and educational problems.

6. Any other category as may be notified by the Central Government from time to time.

Appendix "B"

(See regulation 19)

Guidelines regarding admission of students, with "Specified Disabilities" under the Rights of Persons with Disabilities Act, 2016 (49 of 2016), in Postgraduate programme (Doctor of Medicine and Master of Surgery in Unani).

1. The "Certificate of Disability" shall be issued in accordance with the Rights of Persons with Disabilities Rules, 2017, published in the Gazette of India, Extraordinary, Part II, Section 3, Sub-section (i), vide number G.S.R. 591 (E), dated the 15th June, 2017.
2. The extent of "specified disability" in a person shall be assessed in accordance with the "guidelines for the purpose of assessing the extent of specified disability in a person included under the Rights of Persons with Disabilities Act, 2016 (49 of 2016)", published in the Gazette of India, Extraordinary, Part II, Section 3, Sub-section (ii), vide number S.O. 76 (E), dated the 4th January, 2018.
3. The minimum degree of disability should be 40% (Benchmark Disability) in order to be eligible for availing reservation for persons with specified disability.
4. The term 'Persons with Disabilities' (PwD) is to be used instead of the term 'Physically Handicapped' (PH)

Table

Sl. No.	Disability category	Type of Disabilities	Specified Disability	Disability Range		
				(5)		
				Eligible for Postgraduate degree Programme, Not Eligible for PwD Quota	Eligible for Postgraduate degree Programme, Eligible for PwD Quota	Not Eligible for Postgraduate degree Programme
(1)	(2)	(3)	(4)			
1.	Physical Disability	(A) Locomotor Disability, including Specified Disabilities (a to f).	(a) Leprosy cured person*	Less than 40% disability	40-80% disability Persons with more than 80% disability may also be allowed on case to case basis	More than 80%
			(b) Cerebral Palsy**			
			(c) Dwarfism			

			(d) Muscular Dystrophy		and their function a incompetency will be determined with the aid of assistive devices, if it is being used, to see if it is brought below 80% and whether they possess sufficient motor ability as required to pursue and complete the course satisfactorily.	
			(e) Acid attack victims			
			(f) Others*** such as Amputation, Poliomyelitis, etc.			
			* Attention should be paid to loss of sensations in fingers and hands, amputation, as well as involvement of eyes and corresponding recommendations be looked at. ** Attention should be paid to impairment of vision, hearing, cognitive function etc. and corresponding recommendations be looked at. *** Both hands intact, with intact sensations, sufficient strength and range of motion are essential to be considered eligible for Postgraduate degree programme in Unani			
		(B) Visual Impairment (*)	(a) Blindness	Less than 40% disability (i.e. Category '0 (10%)', 'I (20%)' & 'II (30%)')	-	Equal to or More than 40% Disability (i.e. Category III and above)
			(b) Low vision			
		(C) Hearing impairment@	(a) Deaf	Less than 40% Disability	-	Equal to or more than 40% Disability
			(b) Hard of hearing			
			(*) Persons with Visual impairment / visual disability of more than 40% may be made eligible to pursue Postgraduate degree programme in Unani and may be given reservation, subject to the condition that the visual disability is brought to a level of less than the benchmark of 40% with advanced low vision aids such as telescopes / magnifier etc. @ Persons with hearing disability of more than 40% may be made eligible to pursue Postgraduate degree programme in Unani. Education and may be given reservation, subject to the condition that the hearing disability is brought to a level of less than the benchmark of 40% with the aid of assistive devices. In addition to this, the individual should have a speech discrimination score of more than 60%.			
		(D) Speech & language disability\$	Organic/ neurological causes	Less than 40% Disability	-	Equal to or more than 40% Disability
		\$ It is proposed that for admission to Postgraduate degree programme in Unani the Speech Intelligibility Affected (SIA) score shall not exceed 3 (Which will correspond to less than 40%) to be eligible to pursue the Postgraduate degree programme in Unani. The individuals beyond this score will not be eligible for admission to the Postgraduate degree programme in Unani. Persons with an Aphasia Quotient (AQ) upto 40% may be eligible to pursue Postgraduate degree programme in Unani but beyond that they will neither be eligible to pursue the Postgraduate degree programme in Unani. nor will they have any reservation.				
2.	Intellectual disability		(a) Specific learning disabilities	# currently there is no Quantification scale available to assess the severity of SpLD, therefore the cut-off of 40% is arbitrary and more evidence is needed.		

			(Perceptual disabilities, Dyslexia, Dyscalculia, Dyspraxia & Developmental aphasia)#	Less than 40% Disability	Equal to or more than 40% disability But selection will be based on the learning competency evaluated with the help of the remediation/ assisted technology/ aids/ infrastructural changes by the Expert Panel	More than 80% or severe nature or significant cognitive/ intellectual disability
			(b)Autism spectrum disorders	Absence or Mild Disability, Asperger syndrome (disability of 40- 60% as per ISAA) where the individual is deemed fit for Postgraduate degree programme in Unani by an expert panel	Currently not recommended due to lack of objective method to establish presence and extent of mental illness. However, the benefit of reservation/ quota may be considered in future after developing better methods of disability assessment.	Equal to or more than 60% disability or presence of cognitive/intellectual disability and/or if the person is deemed unfit for pursuing Postgraduate degree programme in Unani by an expert panel
3.	Mental behaviour		Mental illness	Absence or mild Disability: less than 40% (under IDEAS)	Currently not recommended due to lack of objective method to establish presence and extent of mental illness. However, the benefit of reservation/ quota may be considered in future after developing better methods of disability assessment.	Equal to or more than 40% disability or if the person is deemed unfit to perform his/her duties. Standards may be drafted for the definition of “fitness to practice medicine”, as are used by several institutions of countries other than India.
4.	Disability caused due to	(a) Chronic Neurological Conditions	(i) Multiple Sclerosis	Less than 40% Disability	40-80% disability	More than 80%
			(ii) Parkinsonism			
		(b) Blood Disorders	(i) Haemophilia	Less than 40% Disability	40-80% disability	More than 80%

			(ii) Thalassemia			
			(iii) Sickle cell disease			
5.	Multiple disabilities including deaf blindness		More than one of the above specified disabilities	Must consider all above while deciding in individual cases recommendations with respect to presence any of the above, namely, Visual, Hearing, Speech & Language disability, Intellectual Disability, and Mental Illness as a component of Multiple Disability. Combining Formula as notified by the related Gazette Notification issued by the Govt. of India $\frac{a + b (90-a)}{90}$ (where a= higher value of disability % and b=lower value of disability % as calculated for different disabilities) is recommended for computing the disability arising when more than one disabling condition is present in a given individual. This formula may be used in cases with multiple disabilities, and recommendations regarding admission and/or reservation made as per the specific disabilities present in a given individual.		

Note: For selection under PwD category, candidates will be required to produce Disability Certificate before their scheduled date of counselling from one of the disability assessment boards as designated by concerned Authority of Government of India.
